STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
STATE WATER CONSERVATION BOARD

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)

Owner: Tony Anderson
Address: Clancy, Montana

Driller: Wes Lindsey
Address: Clancy, Montana

Date of Notice of appropriation of groundwater: July 13, 1968
Date completed: July 13, 1968

Type of well: Dug well
Equipment used: Churn drill
Water use: Domestic

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock, or sand. Show the depth to which water was encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
Shut-in Pressure for Flowing Well
Pumping Water Level
Discharge in gal. per min. of flowing well

How Tested: Flow test
Length of Test

Remarks: (Gravel packing, cementing, packers, type of shutoff)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Driller’s License Number
Driller’s Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

I, **Antone Anderson**, of **Clancy**, **Montana**, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **The beneficial use on which the claim is based**
   - 

2. **Date or approximate date of earliest beneficial use; and how continuous the use has been**
   - **June 30, 1910**

3. **The amount of groundwater claimed (in miner's inches or gallons per minute)**
   - **20 gpm**

4. **If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof**
   - 

5. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal**
   - 

6. **The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater**
   - **1910**

7. **The depth of water table**
   - **Approx. 20 ft.**

8. **So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater**
   - **Drilled well**
   - **Depth of**

9. **The estimated amount of groundwater withdrawn each year**
   - **20,000 gallons**

10. **The log of formations encountered in the drilling of each well if available**
    - **Surface gravel**
    - **Drilled well finished in granite**

11. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record**

12. **Signature of Owner**
    - **Antone Anderson**
    - **Date**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 257, Montana Session Laws, 1961)

1. (Name of Appropriator) of (Place) of (County), Montana.

County of Jefferson State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household.

3. Date or approximate date of earliest beneficial use and how continuous the use has been: 1961.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): About 30 gals.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1961.

8. The depth of water table: About 20 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 2,000,000 gallons.

11. The log of formations encountered in the drilling of each well if available: None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: [Signature]
Date: 12-20-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer, Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER COIF
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner: Robert L. Marks
Address: Clancy
Contractor (if any): None
Address of Contractor
Date Started:
Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring, flow confined to pipe.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Robert L. Marks
Date: 11-4-63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

DECA 1970
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Esther L. Doopker
   (Name of Appropriator) of Alhambra, Montana
   (Address) (Town)

County of Jefferson
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation,
   garden and household use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been January 15, 1900, continuous since

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof one half acre garden tract
   Esther L. Doopker

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: a flowing spring and well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: the well was constructed between April 15 and April 30, 1945.

8. The depth of water table: 40 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Concrete wall double circular pipe 4 feet in diameter connected with jet electric pump to produce 10 gallons per minute, the pump house insulated and the load off pipes insulated to the buildings for year around operation

10. The estimated amount of groundwater withdrawn each year: 24,000,000 gallons

11. The log of formations encountered in the drilling of each well if available: no log for the type of spring fed well

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Book 80 of Deeds records of Jefferson County, Montana.

Signature of Owner: ____________________________
Date: ____________________________

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

1949
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. JOHN D. HAYNES and HESTER C. HAYNES, of Clancy
   (Name of Appropriator) (Address) (Town)

   County of Jefferson, State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: continuous use since 1870

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 miners inches

   5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof: 10 acres NE 1/4 Sec. 9, T. 8 N., R. 3 W.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: sub-irrigation from a spring

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater since 1870: have used water to sub-irrigate 10 acres of

   8. The depth of water table: 10 in.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: water comes out of spring and seeps ground

   10. The estimated amount of groundwater withdrawn each year: 20 acre feet

   11. The log of formations encountered in the drilling of each well if available: unavailable

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Owner: Hester C. Haynes

Declaration of Vested Groundwater Rights
(Under Chapter 277, Montana Session Laws, 1961)

1. Koral Murphy, of Fort 14t north east quarter of Section 7, Township 8 north, Range 2 west, State of Montana.

County of Jefferson.

State of Montana.

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Irrigation and Domestic Uses.

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: About 1960, 100 percent.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 182.00 gallons per minute.

5. If used for irrigation, give the acreage and description of the land to which water has been applied, and name of the owner thereof: 1.8 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Pump: Pump type and size, about 1960.  
   Drawdown: Drawdown of 50 feet.
   Well: Well 50 feet.  
   Drawdown: 15 feet.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater approximately 1960.  
   Completed that year.

8. The depth of water table: 50 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Well: 50 feet.  
   Drawdown: 15 feet.

10. The estimated amount of groundwater withdrawn each year: 100,000 gallons.

11. The log of formations encountered in the drilling: of each well if available: Unknown.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Unknown.

Signature of Owner: Koral Murphy.
Date: Nov 26, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. W.L. and Mabel Bompart, et Box 65, Clancy
   (Name of Appropriator) (Address)

   County of Jefferson State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based Domestic

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been March 1959 thru present

   4. The amount of groundwater claimed (in miner's inches or gallons per minute) 129 g.p.m.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Not Applicable

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Pump Main: building: Alberta: Pump Apt.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater March 1961 to March 1967

   8. The depth of water table 5 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 3 wells: approx. 20 ft. deep

   10. The estimated amount of groundwater withdrawn each year 1,725,000 gal. per year

   11. The log of formations encountered in the drilling of each well if available:

       0-3 ft. Trench soil, silt, and decomposed granite - 0 to 1 ft. decomposed granite

       3-10 ft. Very tight granite - snow water 12 and 14 ft.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record Not Applicable

   Signature of Owner W.L. Bompart Date Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Win and Nabel Kampaart
   (Name of Appropriator)
   County of Jefferson
   State of Montana

2. The beneficial use on which the claim is based
   Commercial Hot Springs—Bathing, Heating, and Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   1924 continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   Thirty (30) gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   lawn only

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   By natural-flowing springs and drilled Artesian well. Two locations: known as Sunnyside and Alhambra Hot Springs, approx. 2,000 ft. from main building.
   (See attached plat or map)

7. The date of commencement and completion of the construction of this well, wells, or other works for withdrawal of groundwater
   1880 to 1888

8. The depth of water table
   Improved free-flowing to surface by means of well casings

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Sunnyside (Artesian well) to approx. 700 ft. depth. Also several other homes developed hot water springs, same location.
   Alhambra Hot Springs: Improved and developed complex of hot water springs. One hot spring partially developed; approx. 1,000 ft. from main building.

10. The estimated amount of groundwater withdrawn each year
    15,000,000 gal. per year

11. The log of formations encountered in the drilling of each well if available
    Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    Not Known

Signature of County Clerk
