STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Esther A. Shrewsbury , of Buffalo, Mont., have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: stock water.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1899, continuously since.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 miners inches.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: curbing and pipe to water tank.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: None.

   8. The depth of water table: Springs - ground level.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: None.

   10. The estimated amount of groundwater withdrawn each year: Unknown.

   11. The log of formations encountered in the drilling of each well if available: None.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Spring is developed and kept open for stock use. Withdrawals very according to the amount of water available.

   Signature of Owner:

   Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Mrs. Mary Blue
Address: 1st Ave., Butte, Mont.

Driller: J. H. McCarthy
Address: Big Timber, Mont.

Date of Notice of appropriation of groundwater: 10-31-46
Date well started: 11-11-46
Date completed: 11-1-46

Type of well: Drilled
Equipment used: Rotary

Water use:
- Domestic
- Municipal
- Stock
- Irrigation
- Industrial
- Drainage
- Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

W.W. Log 666

Filed Oct. 9, 1961 at 11:05 A.M.

Delight Leslie, Clk. & Rec., Judith Basin Co.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I. Esther H. Shrewsberry, of Buffalo

County of Judith Basin State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1880

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 miner's inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Estes, Sec. 16, Twp. 12, N. Rge. 14, East

6. The means of withdrawing such water from the ground and the location of each well or other works for withdrawal: spring is developed and kept open for stock use and irrigation

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: None

8. The depth of water table: spring is ground level

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: None

10. The estimated amount of groundwater withdrawn each year: Unknown

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Withdrawals vary according to the amount of water available.

Signature of Owner: Signature

Date: 12-08-1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Esther H. Shrewsbury
   (Name of Appropriator)  Buffalo
   (Address)  (Town)
   County of  Judith Basin  State of  Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based  ________________________________

3. Date or approximate date of earliest beneficial use; and how continuous the use has been  ________________________________

4. The amount of groundwater claimed (in miner's inches or gallons per minute)  10 miner's inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof  ________________________________

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal  ________________________________

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater  ________________________________

8. The depth of water table  ________________________________

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater  ________________________________

10. The estimated amount of groundwater withdrawn each year  ________________________________

11. The log of formations encountered in the drilling of each well if available  ________________________________

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record  ________________________________

Signature of Owner  ________________________________
Date  ________________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

### Declaration of Vested Groundwater Rights

*Under Chapter 237, Montana Session Laws, 1961*

1. **Name of Appropnator:** John W. Dover  
   **Address:**  
   **Town:** Buffalo  
   **County:** Judith Basin  
   **State:** Montana  

2. The beneficial use on which the claim is based: 
   - Livestock and domestic

3. Date or approximate date of earliest beneficial use: 
   - Spring—developed 1921 in continuous use.  
   - Well—drilled 1955. 500 feet with 600 feet of 10 inch casing—Not in use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 
   - Spring—25 gallons  
   - Well—all—quantity unknown, no withdrawal from it to date.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 
   - For garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 
   - Spring—340W, gravity flow, by pipe.  
   - Well—NN-NNW, pumping necessary.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 
   - Spring—1921  
   - Well—1955

8. The depth of water table: 
   - Spring—surface  
   - Well—340 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 
   - Spring—box 7 feet deep dimensions 6'X5'  
   - 10 inch pipe—all pipe, totals 1600 feet. three stock tanks and piped into the house.  
   - Well—600 feet, cased with 10 inch casing for 600 feet

10. The estimated amount of groundwater withdrawn each year: 
    - Well—NONE  
    - Spring—210,000 barrels

11. The log of formations encountered in the drilling of each well if available: 
    - N/A

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

   Signature of Owner: John W. Dover  
   Date: Dec 29, 1965

---

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropnator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Alice B. Wildschutz, of Box 1087, Leadontown
   (Name of Appropriator)
   (Address) (Town)
   County of Judith Basin
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      ................................................................. Used for Stock water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      ................................................................. 1910 and used continuously since that time

   4. The amount of groundwater claimed (in miner's inches or gallons per minute) 30 gallons per minute if unencumbered

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      ................................................................. No irrigation

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      ................................................................. Floating well in NW 1/4 Sec. 36 T. 12 R. 11h

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      ................................................................. Completed in 1910

   8. The depth of water table Not Known

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      ................................................................. This well is on land owned by the State of Montana but leased by Alice B. Wildschutz

   10. The estimated amount of groundwater withdrawn each year Not known

   11. The log of formations encountered in the drilling of each well if available
      ................................................................. No Log available. This well was drilled for oil development and is partly cased

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ralph Lee,                      of,                    Buffalo, Mont.
   County of Teton,                State of Mont.
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based. House

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1960
   and 1966. No water has been pumped since fall of 1966 by previous owners.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute). Cont. Know

   5. If used for irrigation, give the acreage and description of the lands to which water has been
   applied and name of the owner thereof. 10 acres

   6. The means of withdrawing such water from the ground and the location of each well or other
   means of withdrawal. Pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for
   withdrawal of groundwater. Completion in fall of 1966

   8. The depth of water table. 50 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any
   other works for the withdrawal of groundwater. 100 feet deep Drilled well 100 feet deep

   10. The estimated amount of groundwater withdrawn each year 50,000

   11. The log of formations encountered in the drilling of each well if available. Not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
   reference to book and page of any county record.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stockwater

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Spring developed in 1950, flowing spring and has been in constant use since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Approximately 100 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Water flows up into a pipe.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: This spring is approximately 3 or 4 ft deep.

8. The depth of water visible: Not known.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: This spring is dewatered around and water comes up under cement.

10. The estimated amount of groundwater withdrawn each year: Not known.

11. The log of formations encountered in the drilling of each well if available: Not known.

Freud E. Buck
State Engineer
Helena, Montana

Dear Sirs:

We would like to correct a water well log that has been sent to your departments. Owner of well—Ben G. Peterson and it was filed in this office on February 15th, 1960. The description was listed as Sec. 22 Twp. 12, Range 15. We would like to list in the line for 1/4 section the following—SH[INAE]s.

Sincerely,

[Signature]

County Clerk.

Sent to: State Engineer and Montana Bureau of Mines & Geology.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

1. MERLE S. REDWOOD
   (Name of Appropciator)
   Address: BUFFALO
   (Address)
   (Town)
   County of JUDITH BASIN
   State of MONTANA
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use or, which the claim is based: Domestic, livestock & irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: September, 1957 and used continuously since

   4. The amount of groundwater claimed to (in inches or gallons per minute): About 25 gallons per minute

   5. If used for irrigation, give the area and description of the lands to which water has been applied and name of the owner thereof:
      Irrigates about one acre of lawn and garden by house in North Quarter of Northwest Quarter of said Section 32 and also about 5 acres of hay in the same

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Gravity flow through pipeline

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: September, 1957

   8. The depth of water table: Comes to surface

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Spring dug and cleaned out to increase the natural flow; buried pipeline, 1 mile Northeastly to house in the Northeast Quarter of the Northeast Quarter of said Section 32; 2" pipe first 100', 1 1/2" pipe next 100', and 1 1/4" pipe to house, through house and into two stock tanks at house; irrigation by hose and sprinkler; 40 lbs. pressure at house, spring overflows into coulee where used for livestock;

   10. The estimated amount of groundwater withdrawn each year: 3,000,000 gallons per year

   11. The log of formations encountered in the drilling of each well if available: Not applicable

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

   Signature of Owner: MERLE S. REDWOOD
   Date: DECEMBER 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropciator.
