Declamation of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Vincent M. Sandmeyer... of... Geyser
   (Name of Appropriator) (Address) (Town)

   County of Judith Basin... State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 1956 seasonal

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 7 gallons per minute

5. If used for irrigation, give acreage and description of the lands to which water has been applied and name of the owner thereof... not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 1956

8. The depth of water table... 100 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... 125 ft. deep... 7-in. steel casing... Electric

10. The estimated amount of groundwater withdrawn each year... 120,000 gallons

11. The log of formations encountered in the drilling of each well if available... not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...

Signature of Owner... V. M. Sandmeyer

Date... Dec. 28, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

1. Donald and Helen Mallister
   (Name of Appropriator) (Address) (Town)
   County of Judith Basin, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   June 1962

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   25 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Jan. 31, 1962
   Feb. 1, 1962

8. The depth of water table
   125 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   151 ft. deep

10. The estimated amount of groundwater withdrawn each year
    not known

11. The log of formations encountered in the drilling of each well if available
    0 to 23 gravel and red shale, 23 to 40 hard sandstone & red shale, 40 to 97 blue shale, 97 to 108 shaly sandstone
    108 to 171 mud, sandstone, 171 to 173 soft sandstone, 173 to 181 and to hard sandstone

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date: Jan. 8, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I, Charles Van Horn, of Eden Route, Great Falls, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Well used for stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1960 and used at times
   ever since that date

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 1 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Pipe at the bottom of the well and trench from that for water to flow

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Means of withdrawing water by pipe was just completed in 1961, flowing well on wet years,

10. The estimated amount of groundwater withdrawn each year about 1200 gals each day for 3 months out of the year

11. The log of formations encountered in the drilling of each well if available
   (No log available)

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
   None

Declaration of Vested Groundwater Rights
(Under Chapter 23, Montana Session Laws, 1961)

1. Charles Van Horn, of Edac Route, Great Falls

(Name of Appropriator) (Address) (Town)

County of Cascade, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

   Well started Aug. 22nd, 1956
   Well completed Sept. 1st, 1956

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

   Water is withdrawn by pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

   Started Aug. 22nd, 1956 and completed on September 1st, 1956

8. The depth of water table

   80 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

   Well 1, 98 feet deep
   Drill well with 1½ galvanized pipe for casing
   Non-flowing well

10. The estimated amount of groundwater withdrawn each year

    Approximate 1500 gallons per day for 3 or 4 months out of a year.

11. The log of formations encountered in the drilling of each well if available

    (See reverse side)

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

    None

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Skelton Ranch Company, of Stanford, (Name of Appropriator) (Address) (Town)

County of Judith Basin, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

Stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

Drilled in 1956 and is in continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

30 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Flooding well - No pump installed

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

Started on August 2nd, 1956 and completed on August 15, 1956

8. The depth of water table

Same as depth

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

Well is 102 ft. deep - Well cased with 2' galvanized pipe. Cemented in Parker at 90 feet with 4 sacks cement

10. The estimated amount of groundwater withdrawn each year

Not known

11. The log of formations encountered in the drilling of each well if available

See Reverse Side

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1960
Owner: Florence Boker  Address: Stanford, Montana
Contractor (if any): Arthur Olson
Address of Contractor: Geyser, Montana
Date Started: 1960  Date Completed: 1960

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

- Dug into spring to about 6 ft.
- Wood box installed and flows into a pipe.
- Piped into a dam.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

1 Gallon per minute

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Florence Boker
Date: Dec. 1960, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: Jane E. Melcher
   Address: 123 Main St, Plains, MT 59859
   Town: Plains
   County of: Judith Basin
   State of: Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based:
      Domestic water
      Irrigation

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
      1955
      Continuously since 1955

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):
      100 gpm

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Electric pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      1955
      Installed in 1955

   8. The depth of water table:
      100 ft

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Concrete casing to a depth of 15 ft

   10. The estimated amount of groundwater withdrawn each year:
        Unknown

   11. The log of formations encountered in the drilling of each well if available:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Thaddeus Dougherty, W. Evans, et al.
(Name of Appropriator)

County of Jardine Basin
(State of Montana)

I, Thaddeus Dougherty, W. Evans, et al., have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Continues use since May 15, 1957

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Thirty gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 10 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Natural Spring withdrawn by gravity

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: May 15, 1957

8. The depth of water table: Natural Spring

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Rock filled Iron Pipe

10. The estimated amount of groundwater withdrawn each year: 7,680,000 gallons per year

11. The log of formations encountered in the drilling of each well if available: Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

NAME OF APPROPRIATOR: Thomas De General Evans
ADDRESS: 10 Main St., St. Mary
COUNTY OF JUDIKA Basin: Flathead
STATE OF MONTANA: Montana

I, the undersigned, do hereby declare the following:

1. County of Judiika Basin: Flathead
   State of Montana: Montana
   Description of the land:
   
   2. The beneficial use on which the claim is based:
   N. 1 Steam Water
   N. 2 Natural Water
   N. 3 Both N.W. 1/4 Continuous Basis

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   N. 1 Apr. 1, 1910
   N. 2 May 1, 1913

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   N. 1 100 gpm
   N. 2 50 gpm
   N. 3

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Not Applicable

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   ____________________________________________________________________________
   ____________________________________________________________________________
   ____________________________________________________________________________
   ____________________________________________________________________________
   ____________________________________________________________________________

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   N. 1 May 1, 1911
   N. 2

   8. The depth of water table:
   N. 1 7 ft
   N. 2 9 ft

   9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   N. 1 Type Screen Size 1" Diameter 30 ft
   N. 2

   10. The estimated amount of groundwater withdrawn each year:
   N. 1 1,085,000
   N. 2 350,000

   11. The log of formations encountered in the drilling of each well if available:
   Not Available

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Orrie E. LaMond, of Stanford, Montana
   (Name of Appropriator) (Address) (Town)
County of Judith Basin, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   - 1 drilled well for the stock
   - 2 dug wells used for stock
   - 1 dug bricked well for stock

3. Date or approximate date of earliest beneficial use: and how continuous the use has been
   - 1 dug well 11/10/62
   - 1 dug well 1962
   - 1 dug well 1952
   - 1 dug well 1952

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   - They will pump 1 inch pipe but not tested for time they will run.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - Some trees and shrubbery

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - Electric pumps on all four wells

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - Drilled well has 60 ft. casing, 50 ft. deep, one dug well is bricked, one has 36" galv. casing; one not cased.

8. The depth of water table
   - About 17 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year
    - Not known

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    - No log on dug wells
    - Log on the drilled well is on the back of this form

Signature of Owner: Orrie E. LaMond
Date: Dec. 26, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
Log for drilled well

0 to 3 ft. Top soil and clay
3 to 20 ft. Gravel
20 ft. to 28 ft. Brown clay turning to blue shale
28 to 42 ft. Decomposed brown sandstone
42 to 55 ft. Decomposed brown sandstone bearing water
55 ft. to 52 ft. Blue shale

Cased with 4" plastic pipe perforated from 10 to 20 ft. and from 35 to 55 ft.

OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater... June, 1956
Owner. Alger Bros. Address: Stanford, Montana
Contractor (if any) none
Address of Contractor
Date Started... 1956 Date Completed... June, 1956
Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Dug into spring and developed the spring and piped into a tank.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Runs about 1000 gallons a day and use about eight months out of a year.

stock water.

Signature of Owner. [Signature]
Date... Jan. 18, 1962

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

2. Declaration of Vested Groundwater Rights according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   - Well No. 1 domestic
   - Well No. 2 stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   - Well No. 1 Jan. 1963 continuous
   - Well No. 2 1963 used intermittently

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   - Well No. 1 about 10 gallon per min.
   - Well No. 2 about 12 gallon per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - Well No. 1 will irrigate garden
   - and shelter belt

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - No. 1 electric pump
   - No. 2 electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - Well No. 1: 1963
   - Well No. 2: 1963

8. The depth of water table
   - 21 ft. to water depth

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   - Both wells are about 25 ft. deep and hand dug
   - On well No. 2 tiled pump house under ground and No. 1 has a four foot galvanized culvert set just under ground

10. The estimated amount of groundwater withdrawn each year
    - unknown

11. The log of formations encountered in the drilling of each well if available
    - no log

Driller: Address:

Date of Notice of Appropriation of Groundwater: None
Date well started: Sept. 1, 71 Date Completed: Sept. 11, 71
Type of well: Dug
Equipment Used: Jackhammer
(type: down, bored or churn, drill, rotary or other)

Water Use: Domestic [ ] Municipal [ ] Other [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Stock [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 40 feet.
Shut-in Pressure for Flowing Well: 40 g.f. at 10 g.p.m.
Pumping Water Level: 40 feet at 10 gal. per minute.
Discharge in gal. per min. of flowing well:...
How Tested: By pump
Length of Test: 4 hrs.
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Driller’s License Number

Driller’s Signature of Owner

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Jack Fajahab
   (Name of Appropriator)
   of... 10, Box 201
   (Address)
   Stanford
   (Town)
   County of... Judith Basin
   State of... Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... Household and livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 1882 Continuous since

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 40

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... Hand pumps, electric pumps and natural springs

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 2 wells in 1882 and 2 wells about 1947

8. The depth of water table... 5 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... each well is about 32 feet in dia. and 9 feet deep

10. The estimated amount of groundwater withdrawn each year... approx. 100,000 gallons. No estimate on springs

11. The log of formations encountered in the drilling of each well if available... no

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... Water Right Recorded in Book 22, Page 295, Records of Judith Basin County, Montana

Signature of Owner... Jack Fajahab

Date... 12/21/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Aaro & Mildred Samson, of Stanford, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: 1. Household (Name of Appropriator) (Address) (Town)

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Both wells in 1918

4. The amount of groundwater claimed (in miner’s inches or gallons per minute). Both wells flow at least 10 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric Pumps

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Both completed in 1918.

8. The depth of water table 10 feet from the surface. 

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. All & are 15 feet deep and hand dug wells concreted around.

10. The estimated amount of groundwater withdrawn each year. $1 26,000 per year and $2 30,000.

11. The log of formations encountered in the drilling of each well if available None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws. 1961)

1. Mary Myllyniemi
   (Name of Appropriator)
   of Stanford
   (Address)
   (Town)
   County of Judith Basin
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Domestic use and Stock water
      No. 1 and 2 wells domestic and 3, 4, & 5 Stock water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      (1) 1950
      (2) 1930
      (3) 1930
      (4) 1980
      (5) 1961
      all in continuous use.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      All of the above wells have a flow of approximately 20 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      No irrigation

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Well No. 1 has an electric pump.
      (2) has an electric pump
      (3) Regular Pump with electric motor
      (4) Regular Pump
      (5) No pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      Dates as stated above.

   8. The depth of water table

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      Well No. 1 - Dug well - Depth 15 ft
      With electric pump installed
      Well No. 2 - Dug well - 20 ft in depth with electric pump installed
      Well No. 3 - Dug well - 20 ft in depth with Regular Pump with electric motor installed
      Well No. 4 - Dug well - 20 ft in depth - No Pump - Pump to be installed
      Well No. 5 - Dug well - 20 ft in depth - No Pump

10. The estimated amount of groundwater withdrawn each year
    Not known

11. The log of formations encountered in the drilling of each well is available
    No log available as these are all dug wells

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    None

Signature of Owner
Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Declaration of Vested Groundwater Rights

(With Chapter 237, Montana Session Laws, 1961)

1. Walter Malyszek & Helen I. Malyszek, of Stanford, (Address) (Town)

County of Judith Basin, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. March 1895 (No 1) March 1910 (No 2) All continuous use since earliest use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 12 gallons per minute (No 1) 31 gallons per minute (No 2)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table. Approx. 12 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year. 600,000 gallons.

11. The log of formations encountered in the drilling of each well if available. Gravel formation

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.
