HABEL KINNICK
County Clerk and Recorder

Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Edward Matt
Address: Arlee, Montana

Driller: Shee Drilling Co.
Address: Butte, Montana

Date of Notice of appropriation of groundwater: Sept. 4, 1969
Date well started: Aug. 17, 1969
Date completed: Aug. 19, 1969

Type of well: Equipment used:
(Dug, Driven, Bored, Drilled)

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, slate, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
Shut-In Pressure for Flowing Well
Pumping Water Level
Discharge in gal. per min. of flowing well
How Tested: 2-hour test
Length of Test: 2 hours
Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

2 1/2 ac. Tr. in Govt Lot 11

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, times copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Northern Pacific Railway Co. of K.P. Section House
(Name of Appropriator) (Address) (Town)

County of Lake State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. X

2. The beneficial use on which the claim is based.
   Domestic purposes

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   August 1922 to present

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   4 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Jet pump and pressure system

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   Completed August 1922

8. The depth of water table.
   No data

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   54 in. drilled well, 54 feet deep

10. The estimated amount of groundwater withdrawn each year.
    40,000 gallons

11. The log of formations encountered in the drilling of each well if available.
    None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
    None

Signature of Owner: [Signature]

Date: [Nov 8 1963]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. William C. & Jessie Phelps, of Arlee, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic use and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Approximately 1946 Continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 35-40 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Lot 3, 5, and 6 in block 7 in the town of Arlee.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Approximately 1946

8. The depth of water table: 15 feet

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled-well-57 feet deep with 6 ft casing

10. The estimated amount of groundwater withdrawn each year: 183,500 gallon

11. The log of formations encountered in the drilling of each well if available: General sand rock

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Don't know any

Signature of Owner: William C. Phelps
Date: Dec. 25, 1964

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. William C. & Jessie Phelps, of Arlee,
   (Name of Appropriator) (Address) (Town)

   County of Lake, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   Lots 1, 2, 3, 4, 5, and 6 in Block 12
   3/4 Sec. T. 16 R. 20 W.

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   Instead of each square representing 10 acres, use the scale that each square represents 3 lots in the town of Arlee.

   2. The beneficial use on which the claim is based:
      Domestic use and irrigation

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
      Approximately 1934
      Continuous use

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):
      25-40 gallon per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied, and name of the owner thereof:
      Lots 1, 2, 3, 4, 5, and 6 in Block 12 in the town of Arlee.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Electric pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      Approximately 1934

   8. The depth of water table:
      50 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Drilled well - 90 feet deep with 6 " casing.

   10. The estimated amount of groundwater withdrawn each year:
      150,000 gallons

   11. The log of formations encountered in the drilling of each well if available:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

OLYDE G. SWANT
(Address)

County of LAKE
State of MONTANA

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - Residence
   - Stockman
   - Irrigating

3. The date or approximate date of earliest beneficial use and how continuous the use has been: CONTINUOUS
   - Single Date

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 GAL. PER MINUTE

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - SPRINKLING TWO LOTS

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - SUBMERSIBLE PUMP

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1935
   - 1 WELL

8. The depth of water table: 39 FT

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - SINGLE CASING, DRILLED
   - 86 FT DEEP

10. The estimated amount of groundwater withdrawn each year: 182,500 GAL

11. The log of formations encountered in the drilling of each well if available:
   - CLAY, SAND & GRAVEL

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
   - LOT 1, BLOCK 8

Signature of Owner: OLYDE G. SWANT
Date: Dec 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Philip A. Wessinger of Arlee, Montana
   County of Lake, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household, gardens, livestock

3. Date or approximate date of earliest beneficial use: This ground water has been used continuously since 1941

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 70 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 10 acres, industry, owned by Philip A. Wessinger

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pressure tank

7. The date of commencement and completion of the construction of the well: commenced in January of 1941

8. The depth of water table: 95 feet

9. The log of formations encountered in the drilling of each well: Upon drilling to B1 and getting a fair flow of clear water at ground level, I set the well casing for forty feet and got a strong yield of water

10. The estimated amount of groundwater withdrawn each year: 933,110 gallons

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Philip A. Wessinger
Date: 2-16-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws...

1. Name of Appropriator: Harry Williams
   Address: [Address]
   Town: [Town]

2. The beneficial use on which the claim is based: Home
   Stock water - watering lawn & garden

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1946, continuous as needed

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 gal.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Approx. 1/4 acre - fore farm & garden
   Owner: Harry Williams and wife
   Name: [Name]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Deep pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1946

8. The depth of water table: 40 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well - screen casing

10. The estimated amount of groundwater withdrawn each year: approx. 70,000 gallons

11. The log of formations encountered in the drilling of each well if available: Rock + ground

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Reference]

Signature of Owner: [Signature]
Date: December 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA

TOWN

I hereby declare that I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Farm and household use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1928 - steady.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 10 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Pump-electric.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1928.

8. The depth of water table. 65 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Steel casing 6" 106 feet deep.

10. The estimated amount of groundwater withdrawn each year. 175,000 gallons.

11. The log of formations encountered in the drilling of each well if available. Clay and gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including references to book and page of any county record.

Signature of Owner: MINCLE E. RICE
Date: 12/27/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropiactor.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.  

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.  

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.  

8. The depth of water table.  

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.  

10. The estimated amount of groundwater withdrawn each year.  

11. The log of formations encountered in the drilling of each well if available.  

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.  

Signature of Owner Date  

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.  

Please answer all questions. If not applicable, so state, otherwise the form will be returned.  

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Jan 1, 1956
Owner: Richard H. Lambeth
Address: 714 S. Main St.
Contractor (if any): None (diged by myself)
Address of Contractor: 714 S. Main St.
Date Started: 1856
Date Completed: 1956
Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable:

Sup. irrigation 100 per cent into small lake. House spring
6 yrs app. 40 fts pressure

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use 1000 gals.

per hr - Total continued use:

$1 5.00 W N W W N E W N E
$2 30.0% N W W W N E W
$3 5.0% N W E N E W N E

Signature of Owner: Richard H. Lambeth

Date:

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODES
MONTANA DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION
NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL
Developed after January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the driller with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.
