Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

(Ray D. Cary, of Homestead, State of Montana)

1. County of Lake, State of Montana

2. The beneficial use on which the claim is based: Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since date of installation:

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 galo.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof immediately:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Domestic well pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1949

8. The depth of water table: about 90-100 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled about 100 ft. pumping capacity listed, equipped electric pump, pressure tank, actuated by jet drive

10. The estimated amount of groundwater withdrawn each year: 36,000 galo.

11. The log of formations encountered in the drilling of each well if available: non available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: no knowledge of any

Signature of Owner: Ray D. Cary

Date: Dec 4, 1969

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Approprietor.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 15, 1963

Owner: EVA M. PAUL
Address: Aries, Montana

Contractor (if any): None
Address of Contractor: None

Date Started: Date Completed:

Describe means of obtaining groundwater without a well: "as by sub-irrigation and other natural processes". Include depth to water when applicable... ditch constructed from natural flowing spring to land for domestic and irrigation use.

Quantity of water developed and used: approximately 100 inches estimated use for domestic irrigation and livestock.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Evan M. Paul
Date: December 10, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Albert, Clara Dumontin, of Lot 1
(Area)

County of... State of...

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: [Blank]

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: [Blank]

4. The amount of groundwater claimed (in miner's inches or gallons per minute): [Blank]

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: [Blank]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: [Blank]

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: [Blank]

8. The depth of water table: [Blank]

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: [Blank]

10. The estimated amount of groundwater withdrawn each year: [Blank]

11. The log of formations encountered in the drilling of each well if available: [Blank]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Blank]

Signature of Owner: [Blank]

Date: [Blank]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Decleration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropiator: George L. Vragpool  
   Address: Box 1  
   Town: Alberton  
   County of: Missoula  
   State of: Montana

2. The beneficial use on which the claim is based:  
   Irrigation of livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:  
   1910.

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   12 1/2 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:  
   Charles T. Vragpool.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   Old 4-well pump. 1st pump from September to April and West

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  

8. The depth of water table:  
   6 1/2 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   I trench boring 6 ft. deep.

10. The estimated amount of groundwater withdrawn each year:  
    2975 gal. per year.

11. The log of formations encountered in the drilling of each well if available:  
    granite, tuff, sandstone.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
    No other information.

Signature of Owner: George L. Vragpool
Date: Dec. 31, 1967

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropiator.

1. Montana Fish & Game Commission, of Helena, Montana
   (Name of Appropriator) (Address) (Town)

   County of Lake, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based.

   Operation of Fish Hatchery

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

   1943

   4. The amount of groundwater claimed (in miner's inches or gallons per minute).

   5000 gpm

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   Not Applicable

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   Spring - Improved and piped to Fish Hatchery
   Installation

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   June, 1943

   8. The depth of water table.

   Approx. 6 feet at hatchery site

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

   Developed surface springs

   10. The estimated amount of groundwater withdrawn each year.

   262,800,000 gal

   11. The log of formations encountered in the drilling of each well if available.

   Not Applicable

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Not Applicable

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well
Developed After January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961)

RECEIVED
FEB 1 1973
MONTANA DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION

Date of Appropriation of Groundwater: November 4, 1972
Owner: LESTER FISCHER
Address: Jack Park, Pauley, MT
Contractor (if any): NO

Address of Contractor: 

Date Started: Nov. 1972
Date Completed: April 1973

1) Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.)
   Natural Drains
   Used developed? (Diversion of stream water to power or ground water or pump)

2) Means of withdrawing water (gravity, pump, canal, etc.)
   Gravity

3) Depth of water table
   0 - 6 FT

4) Use of the water
   Fish Ponds

5) Amount of groundwater claimed (in miner's inches, or gallons per minute)
   450 GPM

6) If used for irrigation, give number of acres and description of land
   In the SW1/4 NW1/4, NW1/4 SE1/4
   Sec 2 T 16 N R 20 W

7) Estimate amount of water used each year
   7 Acres

Signature of Owner

Date

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the work is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
Diversion of Stream?

Code for the State of Montana, please take in order to properly protect your ground-water, as indicated in red on the development was completed; and stop the drains.

Thank you.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
Notice of Completion of Groundwater Appropriation
Without Well
Developed After January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: November 4, 1972
Owner: John Fischer
Address: Jack Park, Walsh
Contractor (if any): None
Address of Contractor: --
Date Started: Nov. 1972; Date Completed: --

1) Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.): Natural Drains

2) Means of withdrawing water (gravity, pump, canal, etc.): Gravity

3) Depth of water table: 0 - 6 FT.

4) Use of the water: Fish ponds

5) Amount of groundwater claimed (in miner's inches, or gallons per minute): 450 GPM

6) If used for irrigation, give number of acres and description of land: In the south half, south 1/4
Section 2, T. 16 N, R. 20 W

7) Estimate amount of water used each year: 7 ACRE-FOOT

Signature of Owner: John Fischer
Date: 5/6/72

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Florence DEMERS BOUCH
   (Name of Appropriator)
   County of: Lake
   State of: Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Domestic and Irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1914—continuous since then

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 500 gallons per hour

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the person, farm, or land description: 1 acr., SE 1/4 SE 1/4, Section 11, Township 16 N., Range 20 W., M & M

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1914

   8. The depth of water table: 61 feet

   9. So far as it may be available, the type, size, and depth of each well, or the general specifications of any other works for the withdrawal of groundwater: 80 feet deep - 6 inch casing

   10. The estimated amount of groundwater withdrawn each year: 720,000 gallons

   11. The log of formations encountered in the drilling of each well if available: Not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

   Signature of Owner: Florence DEMERS BOUCH
   Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Address: (Address)
Town: (Town)
County of: H.A.K.E
State of: Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

Three homes

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

July 1959

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been, applied and name of the owner thereof:

 Owners: H.L. or Alice Brunner

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

Beef Well Bump, Block 7, parcel of

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

July 1969

8. The depth of water table:

40 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

Dyked 6' x 80' E.

10. The estimated amount of groundwater withdrawn each year:

1,823,500

11. The log of formations encountered in the drilling of each well if available:

Sand, Gravel, Clay

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

2. The beneficial use on which the claim is based: Household and garden use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: The use has been continuous since 1956 (1948)

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Mr. John Farrel, the well driller, could not tell the well dry, and said we had a minimum of 1500 gals per h our capacity.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation, only for garden use and household use, no farm irrigation, just for town and garden use, in addition to household use.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: A Deepwell Electric Pump is used to withdraw the water from our well which is located on block 15, lot No. 2 Aries townsite. (1948)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: The well was drilled in the year 1946 and the exact dates of commencement and completion are not available at this time, possibly April.

8. The depth of water table: 68 feet from surface of ground (Water rises 33 feet in casing)

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: The well is 81 feet deep with a six inch casing

10. The estimated amount of groundwater withdrawn each year: 275,000 gallons for use in the two homes using this well

11. The log of formations encountered in the drilling of each well if available: the Log of ground formations is not available, except that the driller remembers that the well was theory gravel sand.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA
County of Lake,
Filed on the 20th day of Dec.,
A.D. 1923, at 2:20 o'clock A.M.

HAZEL KINNE
County Clerk and Recorder

By

Decree
DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1. Clyde O. Jones, (Name of Appropriator)
   (Address)  (Town)

County of  State of
Lake  Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Homestead
   Description

3. Date of approximate date of earliest beneficial use; and how continuous the use has been: January 10, 1956

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 150 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Electric Pump

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Jan 1, 1960

8. The depth of water table: Fifty feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Four-inch casing - 83 feet deep

10. The estimated amount of groundwater withdrawn each year: 80,500 gallons

11. The log of formations encountered in the drilling of each well if available:
   (Log)

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: Clyde O. Jones
   Date: Dec 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

Appropriation developed after January 1, 1969
(Under Chapter 237, Montana Session Laws, 1961)

Owner:

Driller:

Address:

Date of Notice of appropriation of groundwater: Oct. 15, 1969
Date well started: Oct. 2, 1969
Date completed: Oct. 3, 1969

Type of well drilled: Churn drill
Equipment used: Churn drill

Water use: Domestic

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

County Clerk
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Lambert L. deMers, as Administrator
of the Estate of KENNETH LECOMPTZ, of
Arlee, Montana

County of Lake
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

household and garden use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1942

4. The amount of groundwater claimed (in miner’s inches or gallons per minute). The well would have a minimum of 1500 gal. per hour capacity: (estimated)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

not used for irrigation. only for garden and household use.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. A Jacuzzi electric pump is used to withdraw water. Well located on Lot 2 Block 10 Arlee Townsite.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1942

8. The depth of water table: 52 feet from ground surface (water rises 33 feet in casing)

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. The well is 85 feet deep with a six-inch casing.

10. The estimated amount of groundwater withdrawn each year: 1,250,000 — for use in four homes.

11. The log of formations encountered in the drilling of each well if available: heavy gravel and sand.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
