have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Nov. 1949

4. The amount of groundwater desired (in miner's inches or gallons per minute): Thirty gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump on well, in northwest corner of R. 29N., Sec. 18, T. 16N., R. 20 W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: November 1949, dug well approx. 20 ft. deep

8. The depth of water table: 20 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well 4 ft. by 4 ft., dug well

10. The estimated amount of groundwater withdrawn each year: Half million gallons

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None
