APR 16 1970
NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: S.L. Walker
Address: 165 W. 2nd St., Downey, Utah 84010
Date well started: July 6, 1970
Date well completed: July 10, 1970

Type of well: Drilled
Equipment used: Churn Drill
Water Use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □ Garden/Lawn □

Describe the use: If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block, and Addition).

ESTIMATED ANNUAL WITHDRAWAL

Static water level: 33 ft.
Pumping water level: 272 ft.

Power: 3 hp
Remarks: Gravel packing, cementing, packers, type of shutoff

INDICATE LOCATION OF WELL AND PLACE OF USE, IF POSSIBLE. EACH SMALL SQUARE REPRESENTS 40 ACRES.

Driller's Signature: W.S. Babke
Driller's Address: Camp Well Drilling & Pump Supply, 1523 S. 4th Ave., Missoula, Montana 59801

Declaration of Vested Groundwater Rights
(Under Chapter 227, Montana Session Laws, 1961)

EDWIN BELLON, of Pablo

County of Lake, State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: stock water
   domestic purposes.

2. Date or approximate date of earliest beneficial use, and how continuous the use has been: about 1935, use continuous since 1935.

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons per minute; hand pump. 1 well; bucket drawn 1 well.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not applicable.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: centrifugal pump, 1 well; hand pump well; 1 bucket drawn well.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: about 1935.

7. The depth of water table: about 10 feet.

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: all dug wells; two wells, 4 x 4 x 12 feet in depth, wood cased; two wells, rock filled and with 8" steel casing 30 ft. in depth.

9. The estimated amount of groundwater withdrawn each year: about 250,000 gallons per year.

10. The log of formations encountered in the drilling of each well if available: not available.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: not applicable.

Signature of Owner: 
Date: 12-30-62

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Ernie Campbell
Address: Fable, Montana

Driller: Booth Drilling
Address: Folsom, Montana

Date of Notice of Appropriation of groundwater: July

Date well started: Sept. 21, 1968
Date well completed: Nov. 25, 1968

Type of well: Drilled
Equipment used: Gravel Drilled
(Churn drill, Rotary or other)

Water use: Domestic 1 Municipal 2 Industrial 3 Drainage 4 Other 5

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock, or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Carl C. Duley
(Name of Appropriator)
of Montana
(Address)

County of Lake
(State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Home, Garden & Commercially, Lake.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1946 to date.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 30 gal. Min.

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof: Several acres of irrigated land.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: By private well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1946.

8. The depth of water table: 22 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1 1/2 HP motor.

10. The estimated amount of groundwater withdrawn each year: 3,256,000 gal. yr.

11. The log of formations encountered in the drilling of each well if available: This is a clay well. It penetrated 18 ft. of clay and the formation is all gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Carl C. Duley

Declaration of Vested Groundwater Rights
(Decl. 237, Montana Session Laws, 1961)

Raymond Walteen and Lena E. Milner
(Name of Appropriator) (Address) (Town)

1. County of Lake State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based.
   - Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   - 1935 used intermittently

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   - 2 gallons per minute or 3,000 gallons per day

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   - Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   - No pump on it now, used a 5/4 hp engine and pump when used

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   - Since before 1935

8. The depth of water table.
   - Flows over the top

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   - Dug well 5x5, wood crib 16 feet deep

10. The estimated amount of groundwater withdrawn each year.
    - Hard to state because it flows

11. The log of formations encountered in the drilling of each well if available.
    - Not known

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: 
Date: Dec 18, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I. (Name of Appropriator)
II. (Address)
III. (Town)
IV. County of
V. State of

Declaration of vested groundwater rights have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

1. (Name of Appropriator)
2. The beneficial use on which the claim is based: Domestic
3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Jan 30, 1953
4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal. per min. at 25 ft
5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof: 
6. The means of withdrawing such water from the ground and the location of each well or other devices of withdrawal: Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commenced June 1, 1953, and completed June 30, 1953
8. The depth of water table: 192
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Domestic well 10 ft long, 6" cast iron

10. The estimated amount of groundwater withdrawn each year: 200,000 gallon
11. The log of formations encountered in the drilling of each well if available: 

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: 
Date: Dec 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Clinton Anderson & Edna L. Anderson, of Pablo
(Name of Appropiator) (Address) (Town)

County of Lake State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Domestic.

Irrigation, Commercial

3. Date or approximate date of earliest beneficial use, and how continuous the use has been 1928 - continuous use since

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 40 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and names of the owner thereof.

4 lots - approximately 1/2 acre

6. The means of withdrawing such water from the ground and the location of the well or other means of withdrawal.

Electric pump on Lot 7, Block 24, Townsite of Pablo, Lake County, Montana

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Unknown - about 1928

8. The depth of water table. Approximately 18 feet

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Bored well - cased with tile - approximately 18 inches in diameter

10. The estimated amount of groundwater withdrawn each year. 6,640,000 gallons

11. The log of formations encountered in the drilling of each well if available. Unavailable.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

### 2. The beneficial use on which the claim is based

**Warehouse**

### 3. Date or approximate date of earliest beneficial use; and how continuous the use has been

1950 - 1965

### 4. The amount of groundwater claimed (in miner’s inches or gallons per minute)

1000 gal per hr

### 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

### 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

**Electric Pump**

### 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

1950

### 8. The depth of water table

93 ft

### 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

### 10. The estimated amount of groundwater withdrawn each year

### 11. The log of formations encountered in the drilling of each well if available

**Gravel**

**Sand**

### 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
