STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

William J. Leary
of 507 12th St.
Poison

County of
Lake
State of
Mont

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater, and my belief as to the year it was made.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner.

Date.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House and Cattle

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1948 all the time

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pressure pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1948 finished in same year

8. The depth of water table: 10 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: Three Thousand Six Hundred

11. The log of formations encountered in the drilling of each well if available: not done

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: no record

Signature of Owner: George C. Kelly
Date: 12-18-48

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Dec 22, 1963

Owner: Nancy A. Beach

Contractor (if any): Pohsen

Address of Contractor: 

Date Started: Date Completed: 

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Nancy A. Beach

Date: Dec 22, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

## WATER WELL LOG

**Owner:** Ed R. Starks  
**Address:** Box 674, Florence

**Drilled by:** J. Osborne  
**Address:** Box 870, Missoula, Montana

**Date Started:** August 14, 1961  
**Date Completed:** August 28, 1961

**Location:** Sec. 33, T. 22, R. 21, 4 sec. N. 1, 4 sec. W.

### Type of Well
- Drilled (Dug, driven, bored, or drilled)
- Churn drill

### Equipment Used
- Churn drill

### Water Use
- Domestic [x]
- Municipal [ ]
- Stock [ ]
- Irrigation [ ]
- Industrial [ ]
- Drainage [ ]
- Other: [ ]

### Casing
- Casing: 6 ft. to 100 ½ ft.
  - Type: 0.125 black pipe
  - Size: 1 inch
- Casing: [ ] to [ ] ft.
  - Type: [ ]
  - Size: [ ]
- Perforated or Screened: [ ] to [ ] ft.
  - Type: [ ]
  - Size: [ ]

### Type of Screen or Perforations

### Static Water Level, for non-flowing well:
- 240 ft. 6 inches

### Shut-in Pressure, for flowing well:
- 21 lb./sq. in. on: [ ]
- (date): [ ]

### Pumping Water Level
- 2.5 ft. at 3 gal. per min., 24

### How Tested
- Failed

### Length of Test
- 3 hrs

### Remarks:
- Gravel packing, cementing, packers, type of shut-off, depth of shut-off
  - A forged steel drive shoe is welded to the bottom of the casing setting.
  - All water is entering the well through the open bottom of the screen and casing.

Notice of Completion of Groundwater Appropriation by Means of Well

State of Montana
Office of State Engineer

Notice of Appropriation of Groundwater

Date of Notice of Appropriation of Groundwater: Non-filed

Date Well Started: 9-29-64
Date Completed: 10-22-64

Type of Well: Drilled
Equipment Used: Cabel Tool

Owner: James A. Pence
Address: Polson, Montana

2. Indicate on the diagram the character and thickness of the different strata met with in drilling, such as clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.
3. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.
4. Static Water Level for non-flowing Well: 147 feet
Shut-in Pressure for Flowing Well: Non-flowing
Pumping Water Level: 225 feet at 40 gal. per minute
Discharge in gal. per min. of flowing well: Non-flowing
How Tested: Airlift pump
Length of Test: 6 hours

Remarks: (Gravel packing, cementing, packers, type of shut-off, location of place of use of groundwater if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation) All water is entering the well through the cracks and zones in the rock below 232 feet.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
199 - 203  Fine sand and gravel. Seeps of water.
205 - 206  Semi-cemented conglomerate.
206 - 213  Fine silty sand and gravel imbedded in clay. Seeps of water.
213 - 230  Fine sandy gravel in tan clay.
230 - 249  Cemented sand and gravel.
249 - 272  Gravel imbedded in tan clay.
272 - 285  Gravel imbedded in gray clay.
285 - 292  Grey broken rock with seeps of water.

(Under Chapter 237, Montana Session Laws, 1961)

JAMES A. PEACE
(Name of Appropriorate)
Box 118
(Town)

County of Lake, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House hold - Stock water - Garden irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1935 continuous

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 3000 gal. per day 1st well

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Gardener use by owner

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump, 1 well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1st well completed 1935

8. The depth of water table: Water comes to within 10 ft. of top of ground

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1st well 30’ deep - 6’ diameter

10. The estimated amount of groundwater withdrawn each year: 1st well 6000 gal. 2nd well 7500 gal.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

County Clerk and Recorder

[Signature]
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Henry and Ethel Streets, of 1011 4th St. E, Polson, (Name of Appropriator) (Address) (Town)

County of Lake, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: dairy farm—stock water and garden irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: June 25, 1953, used every day since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

Universal deep well injector pump

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: began June 18, 1953, finished June 24, 1953

8. The depth of water table: 500 feet/250 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: drilled with 6-inch pipe to depth of 215 ft.

10. The estimated amount of groundwater withdrawn each year: 1500,000 gallons

11. The log of formations encountered in the drilling of each well if available: 80 feet of clay, about 5 feet of sand and more clay then the water is in clay and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

The well can be pumped continuously for 24 hours without lowering the water level.

Signature of Owner: Henry Streets

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

NAME OF APPLICANT: Marshall Amasa Riley
ADDRESS: 1349 Howell St., Anaconda
COUNTY OF MONTANA: Lake
STATE OF MONTANA: Montana

I, Marshall Amasa Riley, of 1349 Howell St., Anaconda, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1954 continuously.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15.00 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 2 acres, known as "Garden..."

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Drilled wells, Sec. 14, T.21N., R.21W., Lake Co.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Oct. 1954.

8. The depth of water table: 46 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled wells, depth 140 feet deep.

10. The estimated amount of groundwater withdrawn each year: sufficient for all general purposes.

11. The log of formations encountered in the drilling of each well if available: Gravel 18 feet, all sand 134 ft.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Marshall Amasa Riley
Date: Aug. 27, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Approptrator.

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

(Under Chapter 237 - Montana Session Laws, 1961, as amended)

Arthur J. and Hazel B. Swee

Drillers: Liberty Drilling Co., Address: Polson, Montana

Date of Notice of appropriation of groundwater: None filed

Date well started: 12/13/69 Date completed: 12/17/69

Type of well: Drilled Equipment used: Air Rotary

(Dug, driven, bored or drilled) (Cham drill, rotary or other)

Water use: Domestic [] Municipal [] Stock [] Irrigation [] Industrial [] Drainage [] Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well 130 feet

Shut-in Pressure for Flowing Well Non-f

Pumping Water Level 189 feet

Discharge in gal. per min. of flowing well Non-flowing

How Tested: Air Lift Pump

Length of Test: 2 hrs.

Remarks: (Gravel packing, cementing, packers, type of shutter) All water entering well through cracks and seams in the rock below 192 feet, wells in this area can be depended upon to produce clear sand free water year after year as long as they (Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Bottom of well 210 ft.

Driller's Signature: Wm. H. Adam

Driller's License No.: 52

File No.: 1194
