Notice of Completion of Groundwater Appropriation Without Well
Developed After January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 10 July 1992
OWNER: KIM H. OLMSUND
Address: POISON, MT

Contractor (if any): 
Address of Contractor: 
Date Started: 
Date Completed: 

1) Describe means of obtaining groundwater (as by subsurface, developed spring, drains, etc.).
   - natural spring
   - developed by using pipe or small collection box

2) Means of withdrawing water (gravity, pump, canal, etc.).
   - gravity

3) Depth of water table.

4) Use of the water:
   - household
   - garden
   - others

5) Amount of groundwater claimed (in miner's inches, or gallons per minute).
   - 25 gal per min

6) If used for irrigation, give number of acres and description of land.

7) Estimate amount of water used each year.
   - 75,000

Signature of Owner: 
Date: 10 July 1992

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
As the Administrator of the Groundwater Code for the State of Montana, please take note of the following special instructions, in order to properly protect your groundwater right.

Special Instructions: Please provide as indicated in red on the attached form, the dates the spring development was started and completed.

Thank you.

Sept 7/24/72

59,894

of BIGFORK EAST SHORE

(Address)

County of LAKE

(State of MONTANA)

(Town)

I, Harvey L. Johnson, of BIGFORK EAST SHORE, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of beneficial use; and how continuous the use has been:

4. The amount of groundwater claimed (in water's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:

Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriorator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Dec. 23, 1963
Owner: John C. Olson
Address: 3000 East Lakeside
Bigfork, Mont.
Contractor (if any) None
Address of Contractor:
Date Started: None Date Completed: None

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Sub-irrigation and surface
water for meadow and surrounding land. Depth
from zero (surface) to an estimated ten

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use. Estimated
combined flow of seepage water from Blue
Bay Creek and surface flow from several
springs equals approx. 300 min. inches.
Figured on the basis that 40 min. inches
equals one cubic foot per sec.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

John Reed Kirkpatrick, of East Helena, Bigfork,

County of Lake
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... domestical use and for irrigation and a garden

3. Date or approximate date of initial beneficial use; and how continuous the use has been... Jan. 1, 1962, and it has been an continuous use ever since

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 4 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and names of the owner thereof... about 175 acres of land, known by the names of J. R. Kirkpatrick, and J. H. Kirkpatrick

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... electric pump well, approximately 171 feet deep

7. The date of commencement and completion of the construction of the well or other works for withdrawal of groundwater... Oct. 1, 1962

8. The depth of water table... from surface of ground is 15 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... electric pump well, size such as can

10. The estimated amount of groundwater withdrawn each year... between 7,000 to 8,000 gallons

11. The log of formations encountered in the drilling of each well, if available... not possible

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county records... 3 1/2 feet thick, about 8 feet to the bottom, and 3 1/2 feet to the top, and a more foot to form a sump

Signature of Owner... J. R. Kirkpatrick
Date... Dec 19, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1938
Owner: C. Lee
Address: Fostou Villa, Lot 10
Contractor (if any): 
Address of Contractor: 
Date Started: 1938
Date Completed: 1938

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes": Include depth to water when applicable. The water is piped from the head spring of a very small brook situated on Lot 1, Block 4, of Fostou Villa Site. No excavations were made. A small 12-inch drain was constructed for backing up the water for entering a 12-inch pipe and so conducted to my residence on Lot 8, Block 3, Fostou Villa Site.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use: 35 years.

Amount conducted through a 12" pipe

Signature of Owner: C. Lee
Date: Dec. 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner: W. C. Wood
Address: Niwaka, Montana
Contractor (if any): None
Address of Contractor: None
Date Started: 1964
Date Completed: 1964

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable, natural springs piped to tanks.

The springs are located in Sections 5, 6, 7, 8, 9, 16, T 23 N R 23 W. Ten springs in all.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use .10 gallons per minute estimated. Use is continuous.

Signature of Owner: W. C. Wood
Date: Dec. 17, 1964

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Approprior.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Emery H. or Myrtle M. Swisher, of Larpine, 
   (Name of Appropriator) (Address) (Town)
   County of Lake, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household and irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1951 Constant

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 300 gal per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 10 acres see drawing—Emery H. or Myrtle M. Swisher

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pressure pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: July 1951

   8. The depth of water table: 45 feet from surface

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: None

   10. The estimated amount of groundwater withdrawn each year: Never has been measured

   11. The logs of formations encountered in the drilling of each well if available: Clay, quicksand, sandstones, gravel

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

   Signature of Owner: Emery H. Swisher
   Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1963

Owner: Charles E. Murritt
Address: 923 16th St. W., Butte, Montana

Contractor (if any): 
Address of Contractor: 

Date Started: 
Date Completed: 

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable:

Natural spring comes out of ground and runs down draw.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

All year for cattle and irrigation.

Signature of Owner: Charles E. Murritt
Date: 2/17/64

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Edward E. Hoyt
   (Name of Appropriator)
   of: Box 16
   (Address)
   Big Arm
   (Town)
   County of: Lake
   State of: Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>N</th>
<th>E</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   2. The beneficial use on which the claim is based. Iowa Stock Water.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1910 From 3-4 months each year.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute). One (1) Gallon per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. By Windmill located at the well.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1914.1.1 to 1914.1.1.

   8. The depth of water table. 32 (twelve) feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. A 10-foot tower and windmill are built on top of the concrete.

   10. The estimated amount of groundwater withdrawn each year. 172800 gallons.

   11. The log of formations encountered in the drilling of each well if available. Clay and gravel.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No other information.
