STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. HELS LARSON
   of York Route
   (Name of Appropriator)
   (Address)
   (Town)
   County of Lewis and Clark
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1900

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 miner's inches from springs

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   No wells. The source of water is from springs.

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: HELS LARSON
Date: December 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

F.W. Anderson
County: Anderson

(Name of Appropriator) (Address) (Town)

County of LEC State of MT.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: STOCK WATER and SUB-SURFACE and SUB-SURFACE

3. Date of approximate date of earliest beneficial use; and how continuous the use has been. PRIOR TO 1880, CONTINUOUS TO DATE BY APPROPRIATOR OR PRODUCER.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 800 MINER'S INCHES

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. FREE FLOWING SPRINGS and SUB-SURFACE DRAINS.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner
Date: Dec 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: APPRX. 1820 obstruct
Owner: HAYNE, Neil
Address: Canyon Creek, MONT
Contractor (if any) ...........................................................................................................
Address of Contractor .................................................................................................
Date Started ........................................... Date Completed ......................................

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes", include depth to water when applicable.

‘Flowing Springs in Section beginning near Co. R. Horse and extending southerly through
her 40 and to corner 100 her 40 all in Survey 1127.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner .................................................. Date: Dec. 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Administrator of Groundwater Code
Office of State Engineer

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

We, Charles F. Junker, of Route 1, Liberal, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   These two springs are used for stock.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1912 - unused since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   These two springs are used for stock.

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof.
   Spring No. 1 flows about 10 gpm into a well about 15' deep in an abandoned Mary Ann Tunnel dug in about 1879.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   These two springs are used for stock.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   These two springs are used for stock.

8. The depth of water table:
   These two springs are used for stock.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   These two springs are used for stock.

10. The estimated amount of groundwater withdrawn each year:
   These two springs are used for stock.

11. The log of formations encountered in the drilling of each well if available:
   These two springs are used for stock.

12. Such other information or a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
   These two springs are used for stock.

Signature of Owner: Charles F. Junker
Date: Dec. 16, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; Quadruplicate for the Appropiiratror.

(Under Chapter 237, Montana Session Laws, 1961)

1. Burdette F. Wohlfrom of Canyon Creek, (Name of Appropriate) (Address) (Town)
County of Lewis and Clark State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

Livestock water.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been

1958 and continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

Not App.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Gravity, approx. 400 feet of trench with pipe-line to tap under-ground water at approx. 14 ft. depth.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

Summer of 1958, completed summer of 1958.

8. The depth of water table

Percolating water in draw at about 14 feet from surface.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

See 8 and map.

10. The estimated amount of groundwater withdrawn each year

5 gals. per minute.

11. The log of formations encountered in the drilling of each well if available

Not App.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Jack Gehring
Address: Helena

Driller: Jack Gehring
Address: Helena

Date of Notice of appropriation of groundwater: July 22, 1965
Date well started: July 10, 1965
Date completed: July 22, 1965

Type of well: Bored
(Dug, Driven, bored or drilled)

Equipment used: Rotary
(Chim drill, rotary or other)

Water use: Domestic ☑ Municipal ☐ Stock ☑ Irrigation ☐ Other ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   Spring #1 continuous
   Spring #2 continuous
   Spring #3 continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   Spring #1 10 gal. per minute
   Spring #2 10 gal. per minute
   Spring #3 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Spring #1 NE1/4 Sec. 23, Twp. 11 N., Rge 5 Wst 40 acres
   Spring #2 NE1/4 Sec. 23, Twp. 11 N., Rge 5 Wst 40 acres
   Spring #3 NE1/4 Sec. 23, Twp. 11 N., Rge 5 Wst 40 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Gravity

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Not Available

8. The depth of water table
   Surface water

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Not Available

10. The estimated amount of groundwater withdrawn each year
    Not Available

11. The log of formations encountered in the drilling of each well if available

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

Charles F. Gumpricht, of Route #1, Helena, Montana

County of Lewis and Clark State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropciator: Charles F. Gumpricht
   Address: Route #1, Helena
   Town: Helena
   County: Lewis and Clark
   State: Montana

2. The beneficial use on which the claim is based:
   These two springs are used for stock water only.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been since the date:
   Our family has used these springs for stock water since 1928 by continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   Spring No. 1: 30 gallon per minute
   Spring No. 2: 25 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Plot of irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   These springs are free-flowing springs. Spring No. 1: Sec. 17, T. 11 N., R. 51 W. 6.5
   Spring No. 2: Sec. 17, T. 11 N., R. 51 W. 6.5

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Commencement: Dec. 16, 1963
   Completion: Dec. 20, 1963

8. The depth of water table
   Depth: 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Well No. 1: 10 inch diameter, 100 feet deep
   Well No. 2: 12 inch diameter, 150 feet deep

10. The estimated amount of groundwater withdrawn each year
    Approximate: 1000 gallons per day

11. The log of formations encountered in the drilling of each well if available
    Log:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

(Under Chapter 237, Montana Session Laws, 1981)

1. Charles T. Lumprecht, of Route #1, Helena, (Name of Appropriator)
   (Address) (Town)

2. The beneficial use on which the claim is based (Wells used for:
   Irrigation)

3. Date or approximate date of earliest beneficial use; and how continuous
   the use has been (Wells were dug in 1934 and since used off and on in
   dry seasons, since 1932)

4. The amount of groundwater claimed (in miner's inches or gallons
   per minute) 100 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands
   to which water has been applied and name of the owner thereof
   (Water used on about 16 and 1/2 acres of alfalfa and pasture ground owned by
   Charles T. Lumprecht)

6. The means of withdrawing such water from the ground and the location
   of each well or other means of withdrawal (Withdrawals by gravity, motor
   and centrifugal pump)

7. The date of commencement and completion of the construction of the well, wells, or other works for with-
   drawal of groundwater (Well completed in 1934)

8. The depth of water table (Average is 4 feet below ground level)

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
   works for the withdrawal of groundwater (Well is 10 feet square by
   feet deep)

10. The estimated amount of groundwater withdrawn each year 1,000,000 gal.

11. The log of formations encountered in the drilling of each well if available (Mostly gravel and gravel rock)

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
   reference to book and page of any county record

County of Lewis and Clark

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. JEAN P. DEBREE and RAY M. / of Route 1, Helena,
   (Name of Appropriator) (Address) (Town)

2. The beneficial use on which the claim is based is irrigation, stock, water, and household use of 4 wells and 6 springs and one sub-irrigated pasture.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   1900 (household well) and 1955 (stock well) all continuous; all springs and sub-irrigated pasture since 1863.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). See other side

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   See other side. Note

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water pumped from wells; rice naturally from springs and for sub-irrigation.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Same as dated shown above.

8. The depth of water table. Varies from 0' to 10' in depth.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well 1/4 to 1/2 wide, 18' deep, water at 10'.

10. The estimated amount of groundwater withdrawn each year. See other side.

11. The log of formations encountered in the drilling of each well if available. See No. 9.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No previous recording.

Signature of Owner

JEAN P. DEBREE
Date Dec. 23, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Originated by the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
4. Well No. 1, 5 gallons per hour average
   Well No. 2, 5 gallons per hour average
   Well No. 3, 100 gallons per minute
   Well No. 4, 5 gallons per hour average

   Springs each provide up to 50,000 gallons per year;
   Sub-irrigation water up to 1,000,000 gallons per year.

Note

Wells are shown on diagram as W1, W2, W3, W4. Springs are located in
the following quarter sections of T. 11 N., R. 5 W.: NE4 of Sec. 26;
SW1 of Sec. 26, SE1 of Sec. 27, SW1 of Sec. 27, SE1 of Sec. 28, SW1 of
Sec. 28 and NW1 of Sec. 28.

10. Well No. 1, approximately 36,500 gallons per year;
   Well No. 2, approximately 36,500 gallons per year;
   Well No. 3, 750,000 to 1,000,000 gallons per year;
   Well No. 4, approximately 18,000 gallons per year.
The Montana Power Company  of 40 East Broadway  Butte
(Name of Appropriator)  (Address)  (Town)
County of Lewis & Clark  State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been August 1931 - continuous to date

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 8 gallons per minute - 24 hours per day

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater August 1931

8. The depth of water table 80 feet estimate

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Drilled - 5" casing - 95 feet - jet pump

10. The estimated amount of groundwater withdrawn each year 120,000 gallons

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
