Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. (Name of Appropriator) (Address) (Town)

County of __________________________ State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Domestic     Irrigation     Other

3. Date or approximate date of earliest beneficial use; and how continuous the use has been (1956-Continued 1966-Later unused)

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   1. ______________
   2. ______________

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   1. 1/2 acre, parcel

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   1. Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1. 1956

8. The depth of water table
   1. 35 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   1. Spt. Tile, casing, 241 ft. deep

10. The estimated amount of groundwater withdrawn each year
    1. 200,000 Gal

11. The log of formations encountered in the drilling of each well if available
    1. Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    1. Not available

Signature of Owner
Mary J. Mac Donald
Date Dec. 11, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner: M. MacDonald
Address: Cripple Creek

Contractor (if any)
Address of Contractor

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Natural spring, commonly called: Nugget Creek.
Natural spring, commonly called: Spring Creek.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 227, Montana Session Laws, 1961)

Owner: E.S. Grady  
Address: Canyon Creek, Mont.

Driller: Walter Riddick  
Address: Helena, Montana

Date of Notice of Appropriation of Groundwater: January 2, 1968

Date Well Started: January 2, 1968

Date Completed: January 15, 1968

Type of Well: Open Bore

Equipment Used: Churn Drill

Water Use: Domestic

30 to 38 ft. clay

38 to 40 ft. gravel making 4 gal. per min.

40 to 62 ft. gravel mixed w/clay

62 small seam of gravel 6 gal. per min.

62 to 109 ft. tight gravel mixed with clay

109 to 113 ft. making 4 gal. per min.

Gravel

Static Water Level for Non-Flowing Well: 24 feet.

Shut-in Pressure for Flowing Well

Pumping Water Level: 90 feet at 12 gal. per minute.

Discharge in gal. per min. of flowing well

How Tested: bailer

Length of Test: 1 hr.

Remarks: (Gravel packing, cementing, packers, type of cutoff, location of point of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Mont. No 49

Driller's License Number

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
I hereby certify that the within instrument was filed in my office on the 20th day of January, A.D. 1986, at 10:30 a.m., and the within instrument was recorded by me, Deputy Recorder of Lewis & Clark County, State of Montana.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Burdette F. Wohlfreim of Canyon Creek, (Name of Appropriator) (Address) (Town)
County of Lewis & Clark, State of Montana,
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation, Livestock water and domestic use.

3. Date or approximate date of earliest beneficial use and how continuous the use has been: Controlled irrigation (sub) 1912, well #1, Domestic and livestock irrigation, 1896, well #2, Domestic and yard irrigation, 1948.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Controlled sub-irrigation, 6 acre feet per year. Wells 15 gal. per minute from each.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 50 acres, controlled sub-irrigation, t of SE 4, and SE 1 of NE 4, Sec. 7, T. 12 N, R. 5 W. Wells, 1 acre, yard, NE 4, Sec. 7, T. 12 N, R. 5 W. Burdette P. Wohlfreim.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Controlled Sub-irrigation by means of drain ditch with block and gate to regulate drainage. Wells by means of electric pumps. Location marked on map.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Sub-irrigation—1912—'43, well #1—1896, well #2—1948.

8. The depth of water table: Varies from one foot to twelve feet, depending on season of the year.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well #1—dug well 20 ft. deep. Well #2—drilled well, 30 ft. deep, 6 in. casing, controlled sub-irrigation—Drain ditch, 3 ft. deep, 1 mile long.

10. The estimated amount of groundwater withdrawn each year: 10 acre feet.

11. The log of formations encountered in the drilling of each well if available: Well #1—Gravel entire depth, 20 ft. Well #2—20 ft. of gravel, 14 ft. of clay, 2 ft. of gravel then into more clay, depth of clay unknown.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner

Date: Dec. 14th, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Not used at present; pump to be installed in near future.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 miner's inches

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 110 acres

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump or tractor

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Dec. 20, 1956

   8. The depth of water table: 6'

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 24' deep with 12' width - 24' deep with 12' width

   10. The estimated amount of groundwater withdrawn each year

   11. The log of formations encountered in the drilling of each well if available: Leonard M. Kelly

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Signature of Owner: John E. Anderson
   Date: December 16, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.
1. William J. Carlos, of Canyon Creek, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation, domestic, municipal, and farm.

3. Date or approximate date of earliest beneficial use: October 15, 1958.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 35 gpm.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and names of the owner thereof: 80 acres, sec. 6, T. 13 N., R. 144 W., M., excluding 10 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: October 18, 1958, completed October 18, 1958.

8. The depth of water table: 54 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Electric pump.

10. The estimated amount of groundwater withdrawn each year: 156,800 c.f.s.

11. The log of formations encountered in the drilling of each well if available: Hard clay.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: William J. Carlos
Date: Feb. 14, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

(File No. T/A. R5 W)

George and Mabel Vincent, of Canyon Creek

County of Lewis and Clark, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: George and Mabel Vincent
2. Address: Canyon Creek

The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since then:
   Since the year 1900

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   150 miner's inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   George and Mabel Vincent

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Spring, run 150 inches per minute

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Not applicable

8. The depth of water table:
   Not known

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Not applicable

10. The estimated amount of groundwater withdrawn each year:
     Spring, run 150 inches per minute

11. The log of formations encountered in the drilling of each well if available:
     No drilling done

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
     No other information known

Signature of Owner: George and Mabel Vincent
Date: 12-26-1963

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Edward P. Marshissen, 543 Main St., Hamilton
County of Teton, State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is domestic use, for drinking, laundry, and garden use.

3. Date or approximate date of earliest beneficial use: 1958.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 70 gallons.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 20 acres, hay fields.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: hand pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: July 1, 1958; August 1, 1958.

8. The depth of water table: About 25 feet.

9. If so far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 2000 gallons.

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Book 3, page 473, line 1.

Signature of Owner: Edward P. Marshissen
Date: Dec. 23, 1962.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
