(Under Chapter 237, Montana Session Laws, 1961)

1. Steven Jens, Co., of Prof. Edg., Holton
(Name of Appropriator) (Address) (Town)

County of L & C State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1920

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 18 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1920

8. The depth of water table: 3.7

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 12 ft deep; 8 in. tank; hand pump

10. The estimated amount of groundwater withdrawn each year: 100,000

11. The log of formations encountered in the drilling of each well if available: No

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner

Date 12-23-43

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

2. The beneficial use on which the claim is based.
   Irrigation and stock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   Continuous since 1887

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   Total amount of flow

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Natural flow

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   1887

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   Springs with natural flow

10. The estimated amount of groundwater withdrawn each year.
    3,000,000 gal. per yr.

11. The log of formations encountered during drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
