Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Stanley Stimson, of
2. The beneficial use on which the claim is based.
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1950 - Continuously
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 15 gallons per minute
5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Deep pump
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1950
8. The depth of water table 5 feet
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 20 feet
10. The estimated amount of groundwater withdrawn each year. 200,000 gals
11. The log of formations encountered in the drilling of each well if available. Valley Fill
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Stanley Stimson
Date: Dec. 21, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Statute Laws, 1961)

1. Dorris H. Hayes, of Lincoln, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: household use, irrigation, and water for stock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: July 1960 used continuously since that date.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: July 1, 1960.

8. The depth of water table: 2 ft. to unknown max.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Wells not drilled, driven by hand. Approx. 2 in. pipe, 20 ft. deep.

10. The estimated amount of groundwater withdrawn each year: 1,500,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Driving by hand indicates alternating layers of sand and gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

      Domestic, Irrigation & Irrigated.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been...
      1946, in use since then.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      Approximately 20 gal. per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereon...
      1 ac. Lot 151 Block 16, Lincoln Village, Eric L. Bergquist.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Two 1-1/2" driven points & one 2" driven point
      Jet pumps.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      Point driven in 1945, line in 1951 and line in 1956.

   8. The depth of water table...varies...about 12 ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      Two 1-1/2" driven points, 20 ft. deep
      One 2" driven point, 60 ft. deep.

   10. The estimated amount of groundwater withdrawn each year
      1,000,000 gal.

   11. The log of formations encountered in the drilling of each well if available
      Not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Eric L. Bergquist
Date 11-29-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA  
COUNTY OF LEWIS & CLARK

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Sherman S. Cook, Jr., of Lincoln
   County of Lewis & Clark State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based household use and irrigation, and commercial greenhouse and nursery, and fire fighting.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been July, 1946. Use continuous since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 12 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Approximately 24 acres, being Lots 114 and 115, Lincoln Villa Site.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pumps, one well inside house and one well outside house for irrigation and fire fighting.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Well inside house is 2" driven pipe installed July, 1946. Well outside house is 2" driven pipe installed June, 1950.

8. The depth of water table Varies from 24 ft. min. to unknown max.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Each well is 2" pipe, driven well, 21 ft. deep.

10. The estimated amount of groundwater withdrawn each year 1,500,000 gallons

11. The log of formations encountered in the drilling of each well if available Walls not drilled. Driving by hand indicated alternating layers of sand and gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record not applicable.

Signature of Owner Sherman S. Cook
Date Nov. 7, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
