DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

1. Donald L. Cameron, of Lincoln, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: one well — household, one well, irrigation

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1943; household supply 12 months a year; irrigation supply 3 months a year.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): one well, 150 gal. per minute; one well, 1,200 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - 80 A., Sec. 34, T. 14, R. 9 W., NE 1/4, Sec. 34, T. 14, R. 9 W.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Electric and gasoline pumps
   - NE 1/4 Sec. 34, T. 14, R. 9 W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - Household 1943
   - Irrigation 1943

8. The depth of water table: 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Household supply 4' by 25' dug
   - Irrigation 20' by 40' casing

10. The estimated amount of groundwater withdrawn each year: No estimate

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Donald L. Cameron

Date: December 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1934 and every summer since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric, 1/2 inch pipe, 125 feet deep.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Sept 1953.

8. The depth of water table: about 12 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: not applicable.

10. The estimated amount of groundwater withdrawn each year: 830,000 gallons.

11. The log of formations encountered in the drilling of each well if available: unavailable.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: does not apply.

Signature of Owner: Gerhard N. Holm

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
- Home
- Farming
- Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
- 1926 - 1951 - Continued

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
- 1/4 Sec. 14, T. 14 N., R. 35 E. - Lincoln County
- Homestead for a small garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
- Hand pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
- Oct. 1926

8. The depth of water table
- 16 feet below

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
- Montgomery Ward 1hp. junior electric
- Hand pump

10. The estimated amount of groundwater withdrawn each year
- 500,000 gal.

11. The log of formations encountered in the drilling of each well if available
- All wells were hooked on clay

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
- None

Dear Sir:

This well was already on the property when I acquired it.

We were in the process of getting Walter Reddicko to give us the information when he died. Since then his records seem to have disappeared.

The information on the form was furnished by a local well driller from an inspection of the well and his knowledge of similar wells drilled near this site.

Yours truly,

Thurant A. Anderson
As the Administrator of the Groundwater Code for the State of Montana, please take note of the following special instructions, in order to properly protect your groundwater right.

Special Instructions:

Please provide, as indicated in red on the attached form, the dates the well construction was started and completed.

Thank you.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Top of Ground
(Elev. above sea level.

Owner: George E. Kibben, Jr. Address: Helena, Montana
Driller: Walter Riddick Address: Helena, Montana

Date of Notice of appropriation of groundwater: Nov. 23, 1968
Date well started: Nov. 15, 1968
Date completed: Nov. 25, 1968

30 to 50 sand & gravel

30 to 50 sand and water

Type of well: Drilled

Equipment used: churn drill

(Churn drill, rotary or other)

Water use: Domestic  [] Municipal  [] Stock  [] Irrigation  []

Industrial  [] Drainage  [] Other  []

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Henry Yanger  Address: Helena, Montana

30 to 36 hard pan clay  Driller: Walter Pidcock  Address: Helena, Montana

Date of Notice of appropriation of groundwater: Nov. 14, 1968

Date well started: Nov. 7, 1968  Date completed: Nov. 15, 1968

Type of well: Drilled  Equipment used: Churn drill

Water use: Domestic  Municipal  Stock  Irrigation

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Location of well at cabin site, Lincoln Flats, about 3 miles east of Lincoln, Montana adjacent to Hwy 200.

Static Water Level for non-flowing well: __ feet.

Shut-in Pressure for flowing well: __ gal. per minute.

Discharge in gal. per min. of flowing well: __ gal. per minute.

How Tested: Bailer

Length of Test: 2 Hrs.

Remarks: (Gravel packing, cementing, packers, type of shutoff)

V4  Pipe nipples indicate location of well and place of use, if possible. Each small square represents 100 feet.

Total depth 41 ft.  Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, these copies to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION WITHOUT WELL
Developed After January 1, 1962
(Under Chapter 237, Montana Session Laws, 1961, as amended)

This form to be prepared by contractor (if any), otherwise by the owner.
Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works
are located.
Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: Stephen and Demico Windels
Address: Box 297, Lincoln, Montana

File: 216202
April 25, 1971
GW 1

Date Started: June 14, 1919
Date Completed: Oct. 10, 1921

1. Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.): 
Spring Creek

2. Means of withdrawing water (gravity, pump, c.r.nel, etc.): pump and gravity

3. Depth of water table: 3-15 ft.

4. Use of the water: Livestock, Household and irrigation

5. Amount of groundwater claimed (in miner's inches or gallons per minute): All

6. If used for irrigation, give number of acres and description of land: approximately 51 acres

7. Estimate amount of water used each year: variable, depending on weather

8. Months of year spring flows: spring and creek flows year around

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. The Anaconda Company, P. O. Box 26, Butte
   (Name of Appropriorator) (Address) (Town)
   County of Silver Bow, State of Montana
   (County of) (State of)

2. The beneficial use to which water is to be applied is *household use*.
   (describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner's inches of groundwater claimed
   *150 gallons per minute*

4. The annual period (inclusive dates) of intended use—Year round

5. The probable or intended date of first beneficial use—Dec. 10, 1966

6. The probable or intended date of commencement and completion of the well or wells
   Commenced Nov. 17, 1966 — Completed Nov. 29, 1966

7. The location, type, size and depth of well or wells contemplated
   *95' Hole — 97' Total Depth*

8. The probable or estimated depth of the water table or artesian aquifier—67' to 97'

9. Name, address and license number of the driller engaged
   Aikins-Mack Drilling Company, Shelby, Montana — 29-289

10. Give such other similar information as may be useful
    in carrying out the policy of this act

    *As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground,
    however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.*

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which
the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the
Montana Bureau of Mines and Geology and Quadruplicate for the Appropriorator.

Date December 14, 1966
The beneficial use on which the claim is based... domestic
water for Lincoln Ranger Station, U.S. Forest Service.

3. Date or approximate date of earliest beneficial use; and how con-
tinuous the use has been: Well 1-Installed 1930 or 1931.
Used continuously until 1953, intermittently since...
Well 2-Installed 1953, used continuously since installation.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Well 1- 25 gal. per minute
Well 2- 50 gal. per minute; total claimed- 75 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
Not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
Two drilled wells, located as shown on map, on Lincoln Ranger Station Administrative Site.

7. The date of commencement and completion of the construction of the well, wells, or other works for with-
drawal of groundwater. Already completed and in operation.

8. The depth of water table, aquifers separated by impermeable layers of silt or clay, not under water table conditions.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
works for the withdrawal of groundwater.

Well 1- 60' casing, approximately 25 feet deep (from ground level), drilled well.
Well 2- 60' casing, known depth- 50 feet (from ground level), drilled well.

10. The estimated amount of groundwater withdrawn each year. 390,000 gallons.

11. The log of formations encountered in the drilling of each well if available.
Well 1 Log not available.
Well 2 Log not available, but driller states that water comes from gravels from below a thick clay horizon.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
reference to book and page of any county record...

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

Owner: Henry J. Palmer, Address: Lewistown, Mont. B5301
Driller: Wes Wendt, Address: Lewistown, Mont.

Date of Notice of appropriation of groundwater: May 27, 1969
Date well started: May 27, 1969
Date completed: May 28, 1969

Type of well: Drilled
Equipment used: Churn drill, rotary or other
Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
Shut-in Pressure for Flowing well
Pumping Water Level
Discharge in gal. per min. of flowing well

How Tested
Length of Test
Remarks: Gravel packing, cementing, packers, type of shut-off

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ellis, Loris Helen & Melvin W.,
   (Name of Appropriator)
   County of Lewis & Clark
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Household & Irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      June, 1960
      Continuous use

   4. The amount of groundwater claimed (in miner. inches or gallons per minute)
      Unknown

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      1 acre
      Didrikson Tracts Lot 6, T-3 R. 36
      Lincoln, Montana

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      1 Shallow well water Electric Pump
      1 Hand Pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      1 in June, 1960
      1 in October, 1963

   8. The depth of water table
      25 Ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      1-1/2" Sandpoint Driven Well = 25 Ft.
      1-1/2" Sandpoint Driven Well = 25 Ft.

   10. The estimated amount of groundwater withdrawn each year
       500,000 Gal. per Yr.

   11. The log of formations encountered in the drilling of each well if available
       Unknown

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
       Book 1, Page 198, as shown in 1963 Tax Receipt
       Recorded in Book 207, Page 220

   Signature of Owner
   Date Dec. 3, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
B I hereby certify that the within is
stated to have been made on
the 31st day of December,
A.D. 1913.

County of Lewis & Clark,
State of Montana.
