have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1953

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 14 gph

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawing: One well drilled 41 1/2 ft

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: July 1953

8. The depth of water table: 33 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Depth 75 ft; one well drilled 41 1/2 ft

10. The estimated amount of groundwater withdrawn each year: 750,000 gph

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: James H. and Helena Boyum
