STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 15, 1961
Owner: J. D. Brown
Address: 1111 Main St., Helena, MT
Contractor (if any): NONE
Address of Contractor: 1111 Main St., Helena, MT
Date Started: July 10, 1961
Date Completed: July 15, 1961

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: John D. Brown
Date: July 15, 1961

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA
COUNTY OF LEWIS & CLARK

I hereby certify that the within instrument was filed in my office this, the ______ day of ________, 19____ at ______ A.M., and recorded
in Book____ of Records of Lewis and Clark County, State of Montana.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1903

Owner: Joe Baker
Address: Well Creek

Contractor (if any): Joe Baker

Address of Contractor: 720

Date Started: 1903, Date Completed: 1903

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes" include depth to water when applicable:

- "Springs out about 1 ft 11 in.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use during:

- "Quicks election summer and fall, animating, measured with a yellow paint (and aging approximately)

Signature of Owner: Joe Baker
Date: June 29, 1963

Indicate point of appropriation and place of use, if possible.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws 1962)

Owner: Chuck Pelton
Address: Wolf Creek, Mont.
Driller: Whiteaker
Well Drilling address: August 20, 1962

Date of Notice of Appropriation of Groundwater: July 6, 1962
Date Completed: July 11, 1962

Type of well: Drilled
Equipment Used: Churn (drill, rotary or bored)

Water Use: Domestic _ Municipal _ Other _ Irrigation

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Augusta Public Schools Dist. No. 45, of Augusta, Montana ..........................
   (Name of Appropriation) (Address) (Town)
   County of Lewis & Clark, State of Montana

   County of .......................... State of ...................................

   I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1952, as follows:

   N
   | W
   +-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+
   |     |     |     |     |     |     |     |     |     |     |     |     |     |
   +-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+-----+

   2. The beneficial use on which the claim is based: fountains, watering lawns, lavatories, showers, general use.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been ..........................

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): well no. 1, three gallons; well no. 2, 70 gallons; well no. 3, ten gallons.

   5. Used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: well one, a deep well; well two, a shallow well; pump next to football field; well three, a suction pump behind school building.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal:

   8. The depth of water table: well one, about 40 feet; well two, about 10 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: well one, a drilled well about eleven feet deep; well two, a driven well about twelve feet deep; well three, a dug well about 20 feet deep.

   10. The estimated amount of groundwater withdrawn each year: 500,000 gallons.

   11. The log of formations encountered in the drilling of each well if available is not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: ...........................................
   Date: Dec. __, 19__

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

As the Administrator of the Groundwater Code for the State of Montana, please take note of the following special instructions, in order to properly protect your groundwater right.

Special Instructions:

Please provide, as indicated in red on the attached form, the means of obtaining groundwater, means of withdrawal, and the correct location. Note that there are two locations indicated - T 10N, R 4W and T 17N, R 4W - which is correct?

Thank you.

1. Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc).

2. Means of withdrawing water (gravity, pump, canal, etc.)

3. Depth of water table, nearly at ground level.

4. Use of the water: General, domestic, household, irrigation and livestock watering.

5. Amount of groundwater claimed (in minor's inches or gallons per minute) 30 gallons per minute year around.

6. If used for irrigation, give number of acres and description of land, 560 acres, section 22, T. 17 N., R. 4 W., 44 H., M.D. 28 ft. above ground level, all the above is true.

7. Estimate amount of water used each year approximately 50 gallons per minute year around.

8. Months of year spring flows year around.

NOTICE OF APPROPRIATION OF GROUNDWATER
(Under Chapter 237, Montana Session Laws, 1961, as amended)

After filing a notice of appropriation, in order to acquire a right based thereon, the person must, within ninety (90) days, commence actual excavation and diligently prosecute construction of a well and, upon its completion, file a notice of completion with the County Clerk of the county in which the appropriation is located.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

1. I, FRED W. LINDBERG, of Craig, County of Lewis and Clark, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is for general, domestic, household, irrigation and livestock watering.

3. The rate of use in gallons per minute or cubic inches of groundwater claimed is 50 gallons per minute from the ten natural spring locations designated.

4. The annual period (inclusive dates) of intended use is year around.

5. The probable or intended date of first beneficial use is 30th day of May, 1952.

6. The probable or intended date of commencement and completion of the well* or wells* is 30th day of May, 1952.

7. No wells - all natural springs.

8. The location, type, size and depth of well or wells contemplated is No wells contemplated.

9. The name, address, and license number of the driller engaged is None.

10. Give such other similar information as may be useful in carrying out the policy of this act is None.

For Administrator's Use

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Peter A. Burgroff of Wolf Creek
   (Name of Appropriate) (Address) (Town)
   County of Lewis & Clark State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Unknown

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 

8. The depth of water table: Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 365,000

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Peter A. Burgroff
Date: 27 Dec. 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER
DECLARATION OF GROUNDWATER RIGHTS

The undersigned, DON HILGREN, of Wolf Creek, Montana, has appropriated groundwater according to the State of Montana in effect prior to January 1962 as follows:

Item #1 In Section 33, Township 17 North, Range 5 West, M.P.M.:
In the N/4 a groundwater spring running 5 gallons per minute used, maintained and developed by the declarant and his predecessors for sub-irrigation and stockwater continuously since 1892.

Item #2 In Section 33, T. 17 N., R. 5 W., M.P.M.:
In the South Half a reservoir producing when full, 100 miners inches, built in 1890, used, maintained and developed by declarant and his predecessors for stockwater and irrigation continuously since 1890.

Item #3 In Section 4, T. 16 N., Range 5 W., M.P.M.:
In the East Half two springs, one running seven gallons per minute, one running 5 gallons per minute, used, maintained and developed by declarant and his predecessors for domestic, sub-irrigation and stockwater continuously since 1892.

Item #4 In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the East Half a reservoir with a spring running 10 gallons per minute, running when full 100 miners inches, built in 1935, used, maintained and developed by declarant and his predecessors for stockwater and irrigation continuously since 1935, and for the spring since 1892.

Item #5 In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the S/4 a reservoir, 3 gallons per minute, water supplied continuously, built in 1956 and used, maintained and developed by declarant and his predecessors for stockwater continuously since 1956.

Item #6 In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the N/2 three groundwater springs each running 1 gallon per minute, used, maintained and developed by declarant and his predecessors for stockwater continuously since 1892.

Item #7 In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the S/2 one drilled well 98 feet deep, 2" casing, pumps 15 gallons per minute, drilled in 1960, used continuously by declarant for domestic purposes since 1960. Water level 6 ft. from top of ground. No log available.
Item #8 In Section 5, T. 16 N., R. 5 W., M.P.M.:
In the § four groundwater springs, each running one gallon per minute, one used for domestic purposes and three for stockwater, used, maintained and developed by declarant and his predecessors continuously since 1952.

Item #9 In Section 5, T. 16 N., R. 5 W., M.P.M.:
In the § one reservoir runs 50 miners inches when full, built in 1890, used, maintained and developed by declarant and his predecessors continuously since 1890 for stockwater and irrigation.

Item #10 In Section 5 T. 16 N. R. 5 W., M.P.M.:
In the § one stockwater reservoir running continuously 10 gallons per minute, sprung, developed in 1961, springs furnished stockwater and sub-irrigation since 1962 and used, maintained and developed by predecessors as groundwater springs and sub-irrigation since 1962.

Item #11 In Section 6, T. 16 N. A 5 W., M.P.M.:
In the § two groundwater springs, each running at least 3 gallons per minute at all times, used, developed and maintained by declarant and predecessors for stockwater and sub-irrigation since 1852.

Item #12 In Section 6 T. 16 N. A 5 W., M.P.M.:
In the § two springs running continuously each 1/2 gallon per minute, used, maintained and developed by declarant and predecessors continuously for stockwater and sub-irrigation since 1852.

Item #13 In Section 6, Township 16 North, Range 5 West, M.P.M.:
In the North Half a groundwater spring running 2 gallons per minute, used, maintained and developed by declarant and predecessors continuously for stockwater and sub-irrigation since 1852.

Item #14 In Section 5, T. 16 N., R. 5 W., M.P.M.:
In the § a stockwater reservoir running 2 gallons per minute continuously, built in 1900, used, maintained and developed by declarant and his predecessors continuously for stockwater and sub-irrigation and irrigation since 1900.

Item #15 In Section 6, T. 16 N. A 5 W., M.P.M.:
In the § three springs each running one gallon per minute, used, maintained and developed continuously by declarant and predecessors since 1900 for stockwater and sub-irrigation.

Item #16 In Section 6, T. 16 N., R. 5 W., M.P.M.:
In the § a large spring and a reservoir, the spring running 20 gallons per minute, the reservoir also running 20 gallons per minute, reservoir built in 1900 and used, maintained and developed continuously by the declarant and his predecessors since 1900.
Item #17 In Section 7, Township 16 N. Range 5 West, M.P.M.:

In a stockwater spring and reservoir, running 1/2 gallon per minute, reservoir built in 1961, groundwater spring used, maintained and developed by declarant and predecessors continuously for sub-irrigation and stockwater since 1882.

Item #18 In Section 7, T. 16 N. R. 5 W., M.P.M.:

In the reservoir built in 1961, running 1/2 gallon per minute.

Item #19 In Section 7, T. 16 N. R. 5 N., M.P.M.:

In the a groundwater spring running 2 gallons per minute, used, maintained, developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #20 In Section 10, T. 16 N. Range 5 West, M.P.M.:

In the a stockwater spring and reservoir, running 1/2 gallon per minute, reservoir built in 1961, groundwater spring used, maintained and developed by declarant and predecessors continuously for sub-irrigation and stockwater since 1882.

Item #21 In Section 13, T. 16 N. Range 5 West, M.P.M.:

In the a groundwater spring running 1/2 gallon per minute, used, maintained, developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #22 In Section 13, T. 16 N. R. 5 W., M.P.M.:

In the a groundwater spring running 1/2 gallon per minute, used, maintained, developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #23 In Section 12, Township 16 North, Range 6 West, M.P.M.:

In the a groundwater spring running 1/2 gallon per minute, used, maintained, and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #24 In Section 1, Township 16 North, Range 6 West, M.P.M.:

In South Half, a groundwater spring running 1 gallon per minute, used, maintained and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.
STATE OF MONTANA)  
County of Lewis and Clark)  

DON HILGER, having first been duly sworn, deposes and says that he is of lawful age and the appropriator and claimant of the order and water right mentioned in the foregoing declaration of vested groundwater rights and the person whose name is subscribed thereto, as the appropriator and claimant, that he knows the contents of said foregoing notice and that the matters and things therein stated are true.

Subscribed and sworn to before me this 30th day of December, 1963.

Notary public for the State of Montana  
Residing at Helena, Montana  
My Commission expires 3/1/65.
STATE OF MONTANA
COUNTY OF LEWIS & CLARK
I, the undersigned officer, do hereby certify that the within instrument was filed in my office on
the 25th day of November, A.D. 1984, at 2:30 P.M., M.T. and was recorded in Volume
496, Page 98, in the office of the Recorder of Lewis and Clark County, Montana.

By:

Recording Officer
The undersigned, TOM GIBSON LIVESTOCK CO., of Wolf Creek, Montana, has appropriated groundwater according to the State of Montana in effect prior to January 1932 as follows:

Item #1 In Section 1, Township 15 North, Range 6 West, M.N.W.:
In the N½ two groundwater springs running each 1 gallon per minute and used, maintained and developed by declarant and its predecessors continuously for stockwater and subirrigation since 1932.

Item #2 In the N½ a drilled well 6" casing 30 feet deep, water level 10 feet from surface, pumps continuously 20 gallons per minute, drilled in 1953 and used by declarant continuously since 1953 for domestic purposes.

Item #3 In Section 35, Township 17 North, Range 6 West, M.N.W.:
In the E½ a groundwater spring running 30 miners inches, used, maintained and developed by declarant and its predecessors for stockwater and sub-irrigation continuously since 1950.
STATE OF MONTANA  
County of Lewis and Clark )

HELEN BROWN, having first been duly sworn, deposor and says  
that she is of lawful age and is the president of Tom Gibson Livestock  
Co., the appropriator and claimant of the water right  
mentioned in the foregoing declaration of vested groundwater rights  
and the corporation whose name is subscribed thereto, as the appropriator  
and claimant, that she knows the contents of said foregoing notice and  
that the matters and things therein stated are true.

Subscribed and sworn to before me this 30th day of December, 1963.

Notary Public for the State of Montana  
Residing in Helena, Montana  
My Commission expires 3/1/65.

(Name of Appropriator) (Address) (Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(State of Montana - Office of the State Engineer)

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Arthur J. Murphy, of Wolf Creek,
County of Lewis & Clark, State of Montana,
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **Owner:** Arthur J. Murphy, of Wolf Creek
   **Address:** (Address)

2. The beneficial use on which the claim is based is ________________.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: ________________ since ________________.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): ________ ft. or __________ gpm.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: ________.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: ________________.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: ________.

8. The depth of water table: ________________ ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: ________________.

10. The estimated amount of groundwater withdrawn each year: ________.

11. The log of formations encountered in the drilling of each well if available: ________.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: ________.

Signature of Owner: ________________
Date: ________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
I. Iktal.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Arthur J. Murphy, of Wolf Creek, of Lewis & Clark County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based for irrigation and stock use. Sub lease rights. Approx. 20 acres irrigated.

3. Date or approximate date of earliest beneficial use: Jan. 1, 1961. There has been no previous claim or water placed here.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 200 on desert claim.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. George Murphy, owner.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. lights.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Nov. 1, 1961.

8. The depth of water table. From 2 to 3 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year. None.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Note: See the Appalachian Benevolent of the Grubin Realty. 20 S. Records.

Signature of Owner: Arthur J. Murphy
Date: Dec. 9, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Approprietor.
STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Gary E. Murphy, or Wolf Creek
   (Name of Appropriate)
   (Address)
   County of Lewis Creek, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House and garden, family supply

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Sept. 10, 1963, continuous since

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   Approx. 7,000 gpm per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not used as such.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Groundwater extraction applied for
   (Exact manner) See map.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Sept. 14, 1963, on surface

8. The depth of water table:
   Artesian spring, 45 feet from top

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Pump, 125 gpm, 120 feet deep, 2,000 gallon concrete tank, 500 gallon rock tank, 1,000 gallon rock tank, drained into well through all plastic pipe.

10. The estimated amount of groundwater withdrawn each year:
    7,099,200

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

    Signature of Owner: Gary E. Murphy
    Date: Dec. 9, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.
The undersigned, DON HILGER, of Wolf Creek, Montana, has appropriated groundwater according to the State of Montana in effect prior to January 1952 as follows:

Item #1  In Section 33, Township 17 North, Range 5 West, M.P.N.:
In the NW a groundwater spring running 15 gallons per minute used, maintained and developed by the declarant and his predecessors for sub-irrigation and stockwater continuously since 1952.

Item #2  In Section 33, T. 17 N. R. 5 W., M.P.N.:
In the South Half a reservoir producing when full, 100 miners inches, built in 1930, used, maintained and developed by declarant and his predecessors for stockwater and irrigation continuously since 1930.

Item #3  In Section 4, T. 16 N., Range 5 W., M.P.N.:
In the East Half two springs, one running seven gallons per minute, one running 5 gallons per minute, used, maintained and developed by declarant and predecessors for domestic, sub-irrigation and stockwater continuously since 1932.

Item #4  In Section 4, T. 16 N., R. 5 W., M.P.N.:
In the East Half a reservoir with a spring running 10 gallons per minute, running when full 100 miners inches, built in 1937, used, maintained and developed by declarant and his predecessors for stockwater and irrigation continuously since 1937, and for the spring since 1932.

Item #5  In Section 4, T. 16 N., R. 5 W., M.P.N.:
In the SE a reservoir, 3 gallons per minute, water supplied continuously, built in 1898 and used, maintained and developed by declarant and his predecessors for stockwater continuously since 1898.

Item #6  In Section 4, T. 16 N. R. 5 W., M.P.N.:
In the NE three groundwater springs each running 1 gallon per minute, used, maintained and developed by declarant and his predecessors for stockwater continuously since 1952.

Item #7  In Section 4, T. 16 N., R. 5 W., M.P.N.:
In the SW one drilled well 96 feet deep, 2" casing, 15 gallons per minute, drilled in 1950, used cont. by declarant for domestic purposes since 1950. 6 ft. from top of ground. No losses.
Item #8 In Section 5, T. 16 N., R. 5 W., M.P.M.:
In the four four groundwater springs, each running one gallon per minute, one used for domestic purposes and three for stockwater, used, maintained and developed by declarant and his predecessors continuously since 1852.

Item #9 In Section 5, T. 16 N., R. 5 W., M.P.M.:
In the Stockwater reservoir runs 50 miners inches when full, built in 1850, used, maintained and developed by declarant and his predecessors continuously since 1890 for stockwater and irrigation.

Item #10 In Section 5 T. 16 N. R. 5 d., M.P.M.:
In the North one stockwater reservoir running continuously 10 gallons per minute, springfed, developed in 1961, springs furnished stockwater and sub-irrigation since 1852, maintained and developed by predecessors as groundwater springs and sub-irrigation since 1852.

Item #11 In Section 6, T. 16 N. R 5 W., M.P.M.:
In the two groundwater springs, each running at least 3 gallons per minute at all times, used, developed and maintained by declarant and predecessors for stockwater and sub-irrigation since 1852.

Item #12 In Section 6 T. 16 N. R 5 W., M.P.M.:
In the two springs running continuously each 1/2 gallon per minute, used, maintained and developed by declarant and predecessors continuously for stockwater and sub-irrigation since 1852.

Item #13 In Section 6, Township 16 North, Range 5 West, M.P.M.:
In the North Half a groundwater spring running 2 gallons per minute, used, maintained and developed by declarant and predecessors continuously for stockwater and sub-irrigation since 1852.

Item #14 In Section 6, T. 16 N., R. 5 W., M.P.M.:
In the Stockwater reservoir running 2 gallons per minute continuously, built in 1950, used, maintained and developed by declarant and his predecessors continuously for stockwater and sub-irrigation and irrigation since 1852.

Item #15 In Section 6, T. 16 N. R 5 W., M.P.M.:
In the three springs each running one gallon per minute, used, maintained and developed continuously by declarant and predecessors since 1890 for stockwater and sub-irrigation.

Item #16 In Section 6, T. 16 N., R. 5 W., M.P.M.:
In the large spring and a reservoir, the spring running 20 gallons per minute, the reservoir also running 20 gallons per minute, reservoir built in 1950 and used, maintained and developed continuously by the declarant and his predecessors since 1850.
Item #17  In Section 7, Township 16 N. Range 5 West, N.P.M.:

In N½ a stockwater spring and reservoir, running 1/2 gallon per minute, reservoir built in 1961, groundwater spring used, maintained and developed by declarant and predecessors continuously for sub-irrigation and stockwater since 1982.

Item #18 In Section 7, T. 16 N. R. 5 W., N.P.M.:

In the S½ on reservoir built in 1961, running 1/2 gallon per minute.

Item #19  In Section 7, T. 16 N. R. 5 W., N.P.M.:

In the S½ a groundwater spring running 2 gallons per minute, used, maintained, developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1982.

Item #20  In Section 10, T. 16 N. Range 5 West, N.P.M.:

In N½ a stockwater spring and reservoir, running 1/2 gallon per minute, reservoir built in 1961, groundwater spring used, maintained and developed by declarant and predecessors for stockwater and sub-irrigation since 1982.

Item #21  In Section 12, T. 16 N. Range 5 West, N.P.M.:

In the S½ a groundwater spring running 1/2 gallon per minute, used, maintained, developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1982.

Item #22  In Section 13, T. 16 N. R. 5 W., N.P.M.:

In the S½ a groundwater spring running 1/2 gallon per minute, used, maintained, and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1982.

Item #23  In Section 12, Township 16 North, Range 6 West, N.P.M.:

In the N½ a groundwater spring running 1/2 gallon per minute, used, maintained, and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1982.

Item #24  In Section 1, Township 16 North, Range 6 West, N.P.M.:

In South Half, a groundwater spring running 1 gallon per minute, used, maintained and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1982.
STATE OF MONTANA       
County of Lewis and Clark

DON HILGER, having first been duly sworn, deposes and says that he is of lawful age and the appropriator and claimant of the order and water right mentioned in the foregoing declaration of vested groundwater rights and the person whose name is subscribed thereto, as the appropriator and claimant, that he knows the contents of said foregoing notice and that the matters and things therein stated are true.

Subscribed and sworn to before me this 30th day of December, 1963.
