STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner

Contractor (if any)

Address of Contractor

Date Started... Date Completed...

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable.

Gravity Flow

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use...

Stockwater 12 wmo.

Signature of Owner

Date

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. William E. Stineback, of West Creek
   (Name of Appropriate) (Address) (Town)

   County of Lewis and Clark State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based:

      Stock

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

      1914

      Continuous since

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):

      One gallon per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

      Not used for irrigation

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

      Natural Spring

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

      Not applicable

   8. The depth of water table:

      6'

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

      Natural Spring

10. The estimated amount of groundwater withdrawn each year:

      Quarter million gallons

11. The log of formations encountered in the drilling of each well if available:

      Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

      None

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appraiser.
The undersigned, TOM GIBSON LIVESTOCK CO., of Wolf Creek, Montana, has appropriated groundwater according to the State of Montana in effect prior to January 1962 as follows:

**Item #1**  In Section 1, Township 16 North, Range 6 West, M.P.M.:
In the NW^2 two groundwater springs running each 1 gallon per minute and used, maintained and developed by declarant and its predecessors continuously for stockwater and sub-irrigation since 1887.

**Item #2**  In the NW^2 a drilled well 6" casing 30 feet deep, water level 10 feet from surface, pumps continuously 20 gallons per minute, drilled in 1953 and used by declarant continuously since 1953 for domestic purposes.

**Item #3**  In Section 36, Township 17 North, Range 6 West, M.P.M.:
In the S^4 a groundwater spring running 30 miners inches, used, maintained and developed by declarant and its predecessors for stockwater and sub-irrigation continuously since 1880.
TOM GIBSON LIVESTOCK CO.

by Helen J. Brown, President

(SEAL)

HELEN BROWN, PRESIDENT

STATE OF MONTANA

County of Lewis and Clark

HELEN BROWN, having first been duly sworn, deposer and says that she is of lawful age and is the President of Tom Gibson Livestock Co., the appropriator and claimant of the order and water right mentioned in the foregoing declaration of vested groundwater rights and the corporation whose name is subscribed thereto, as the appropriator and claimant, that she knows the contents of said foregoing notice and that the matters and things therein stated are true.

HELEN BROWN

Subscribed and sworn to before me this 30th day of December, 1963.

THOMAS L. OSTLE

Wolf Creek

County of Lewis and Clark
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: April 1961, continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Siphon pipe, natural pressure flow

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commenced and completed: April 1961.

8. The depth of water table: Not known

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Water runs by natural pressure through 1/2 inch siphon tube into trough for use

10. The estimated amount of groundwater withdrawn each year: 2,528,000 gallons per year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Thomas L. Ostle
Date: Oct 12, 1961

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA  
COUNTY OF LIAW:  

I hereby certify that the above instrument and record was filed as true and correct in the Office of the Clerk of District of Montana on the 13th day of October, 1940.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Stock watering

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

(1) 1930 - used intermittently
(2) 1930 - intermittently when water available (both are dry in dry seasons)

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

(1) 1 gal. per minute
(2) 2 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

(1) Open spring with 2" pipe
(2) Hand pump, 2" pipe

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

(1) commenced and completed in 1930

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

(1) Open spring with 2" pipe; water flows by natural gravity
(2) 14 feet deep, concrete crib 4 feet square; hand pump and 2" pipe

10. The estimated amount of groundwater withdrawn each year

(1) 890,600 gallons per year
(2) 1,781,200 gallons per year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Lewis and Clark County, State of Montana
Declaration of Vested Groundwater Rights

(under Chapter 237, Montana Session Laws, 1961)

THOMAS L. OESTLE

(Name of Appropriator) (Address) (Town)

County of Lewis and Clark, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: (1) stock watering; (2) household use and stock watering; (3) stock watering.

2. Date or approximate date of earliest beneficial use: (1) April 1, 1909 - continuous; (2) 1910 - continuous; (3) 1910 - continuous since completed.

3. The amount of groundwater claimed (in miner's inches or gallons per minute): (1) 15 gal. per minute; (2) 10 gal. per minute; (3) 3 gal. per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: (1) siphon through 2" pipe, (2) natural gravity flow, (3) natural gravity flow.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: (1) commenced and completed in 1909; (2) commenced and completed in 1910; (3) commenced and completed in 1910.

8. The depth of water table: (1), (2) and (3) - not known.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater: (1) concrete crib, 4' square, 2" pipe siphon to withdraw water; (2) concrete crib, 6' octagon shape, 2" pipe carries water by natural gravity flow (well located higher than house); (3) concrete crib, 4' square - 2" pipe carries water by natural gravity flow.

10. The estimated amount of groundwater withdrawn each year: (1) 7,884,000 gal. per year; (2) 5,256,000 gal. per year; (3) 1,576,800 gal. per year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

(Under Chapter 237, Montana Session Laws, 1961)

1. THOMAS L. OSTER, of Wolf Creek, (Name of Appropriator)
   (Address) (Town)
   County of Lewis and Clark, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as fol-
   lows:

2. The beneficial use on which the claim is based
   (1) = stock watering

3. Date or approximate date of earliest beneficial use, and how continuous the use has been (1) = October, 1930
   (2) = 1933 = both continuous when needed

4. The amount of groundwater claimed (in miner's inches or gallons per minute) (1) = 11 gallons per minute
   (2) = 1 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner
   thereof

6. The means of withdrawing such water from the ground and the
   location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for with-
   drawal of groundwater (1) = Commenced and completed in October, 1930 to 123 feet, redrilled in 1932 to 243 feet; (2) = Commenced and completed in 1933

8. The depth of water table (1) = 4 feet (2) = unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any
   other works for the withdrawal of groundwater (1) = 4-3/4' casing down 105 feet, fitted
   with hand-pump, 2' pipe; (2) = Concrete crib, 4' square, water flows by natural
   gravity flow through 2' pipe into trough for use

10. The estimated amount of groundwater withdrawn each year (1) = 890,600 miner's inches per yr
    (2) = 890,600 gallons per year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
    reference to book and page of any county record

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater  
Owner: Wm. J. Wending  Address: Box 773, St. Falls

Contractor (if any): None

Address of Contractor

Date Started: None  Date Completed: None

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural spring flow.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use year around.

All underground flow from all springs as marked in red on attached Township map.

Signature of Owner: /s/ Wm. J. Wending

Date: Dec. 19, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

County of: Lewis & Clark
State of: Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: William C. Steinbeck
   Address: Wild Creek, Montana
   Town: |
   County of: Lewis & Clark
   State of: Montana

2. The beneficial use on which the claim is based. Stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1934

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 2 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Natural Springs

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. |

8. The depth of water table. 1 ft. to 10 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. |

10. The estimated amount of groundwater withdrawn each year. Six half million gallons

11. The log of formations encountered in the drilling of each well, if available. |

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. |

Signature of Owner: William C. Steinbeck
Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(under Chapter 237, Montana Session Laws, 1961)

File No. 36203

Porder R. Krone Jr., of Box 245, Augusta,
County of Lewis and Clark, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
- Domestic
- Stock-Irrigation

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
- From 1870 to Date

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
- All water on lands herein listed

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
- Lands listed on Reverse

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
- Pumps and Natural Flow
- Location on Reverse

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
- From 1870 to Date

8. The depth of water table:
- 5 ft. to 300 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
- Not Available at Present Time

10. The estimated amount of groundwater withdrawn each year:
- Unknown

11. The log of formations encountered in the drilling of each well if available:
- Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
- None

Signature of Owner:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Harriett L. Borha of Augusta
(Name of Appropriate)  (Address)  (Town)
County of Lewis & Clark  State of Mont.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

3. The beneficial use on which the claim is based: household use

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Not Known

5. If used for irrigation, give the acreage and description of the lands to which water has been applied; and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Commenced 1925 and relined in 1930

8. The depth of water table: Not Known

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Concrete Tube 3' diameter
   20' depth - Water pumped through 2" pipe to tank for house use

10. The estimated amount of groundwater withdrawn each year: 50,000 gal.

11. The log of formations encountered in the drilling of each well if available: None Available

12. State other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Harriett L. Borha
Date: Oct. 21, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriate.

Deputy
The undersigned, DON HILGER, of Wolf Creek, Montana, has appropriated groundwater according to the State of Montana in effect prior to January 1962 as follows:

**Item #1** In Section 33, Township 17 North, Range 5 West, M.P.M.:
In the N½ a groundwater spring running 5 gallons per minute used, maintained and developed by the declarant and his predecessors for sub-irrigation and stockwater continuously since 1892.

**Item #2** In Section 33, T. 17 N., R. 5 W., M.P.M.:
In the South Half a reservoir producing when full, 100 miners inches, built in 1890, used, maintained and developed by declarant and his predecessors for stockwater and irrigation continuously since 1890.

**Item #3** In Section 4, T. 16 N., Range 5 W., M.P.M.:
In the East Half two springs, one running seven gallons per minute, one running 5 gallons per minute, used, maintained and developed by declarant and predecessors for domestic, sub-irrigation and stockwater continuously since 1882.

**Item #4** In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the East Half a reservoir with a spring running 10 gallons per minute, running when full, 100 miners inches, built in 1935, used, maintained and developed by declarant and his predecessors for stockwater and irrigation continuously since 1935, and for the spring since 1882.

**Item #5** In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the S½ a reservoir, 3 gallons per minute, water supplied continuously, built in 1888 and used, maintained and developed by declarant and his predecessors for stockwater continuously since 1888.

**Item #6** In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the S½ three groundwater springs each running 1 gallon per minute, used, maintained and developed by declarant and his predecessors for stockwater continuously since 1882.

**Item #7** In Section 4, T. 16 N., R. 5 W., M.P.M.:
In the S½ one drilled well 9½ feet deep, 2" casing, pumps 15 gallons per minute, drilled in 1960, used continuously by declarant for domestic purposes since 1960. Water level 6 ft. from top of ground. No log available.
Item #8 In Section 5, T. 16 N., R. 5 W., M.P.M.: 

In the § four groundwater springs, each running one gallon per minute, one used for domestic purposes and three for stockwater, used, maintained and developed by declarant and his predecessors continuously since 1882.

Item #9 In Section 5, T. 16 N., R. 5 W., M.P.M.: 

In the § one reservoir runs 50 miners inches when full, built in 1890, used, maintained and developed by declarant and his predecessors continuously since 1890 for stockwater and irrigation.

Item #10 In Section 5 T. 16 N. R. 5 W., M.P.M.: 

In the § one stockwater reservoir running continuously 10 gallons per minute, springfed, developed in 1961, springs furnished stockwater and sub-irrigation since 1882, used, maintained and developed by predecessors as groundwater springs and sub-irrigation since 1882.

Item #11 In Section 6, T. 16 N. R. 5 W., M.P.M.: 

In the § two groundwater springs, each running at least 3 gallons per minute at all times, used, developed and maintained by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #12 In Section 6 T. 16 N. R. 5 W., M.P.M.: 

In the § two springs running continuously each 1/2 gallon per minute, used, maintained and developed by declarant and predecessors continuously for stockwater and sub-irrigation since 1882.

Item #13 In Section 6, Township 16 North, Range 5 West, M.P.M.: 

In the North Half a groundwater spring running 2 gallons per minute, used, maintained and developed by declarant and predecessors continuously for stockwater and sub-irrigation since 1882.

Item #14 In Section 6, T. 16 N., R. 5 W., M.P.M.: 

In the § a stockwater reservoir running 2 gallons per minute continuously, built in 1900, used, maintained and developed by declarant and his predecessors continuously for stockwater and sub-irrigation and irrigation since 1890.

Item #15 In Section 8, T. 16 N., R. 5 W., M.P.M.: 

In the § three springs each running one gallon per minute, used, maintained and developed continuously by declarant and predecessors since 1882 for stockwater and sub-irrigation.

Item #16 In Section 8, T. 16 N., R. 5 W., M.P.M.: 

In the § a large spring and a reservoir, the spring running 20 gallons per minute, the reservoir also running 20 gallons per minute, reservoir built in 1900 and used, maintained and developed continuously by the declarant and his predecessors since 1930.
Item #17 In Section 7, Township 16 N. Range 5 W., M.P.M.:

In N½ a stockwater spring and reservoir, running 1/2 gallon per minute, reservoir built in 1961, groundwater spring used, maintained and developed by declarant and predecessors continuously for sub-irrigation and stockwater since 1882.

Item #18 In Section 7, T. 16 N. R. 5 W., M.P.M.:

In the N½ one reservoir built in 1961, running 1/2 gallon per minute.

Item #19 In Section 7, T. 16 N. R. 5 W., M.P.M.:

In the N½ a groundwater spring running 2 gallons per minute, used, maintained, developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #20 In Section 19, T. 16 N. Range 5 W., M.P.M.:

In N½ a stockwater spring and reservoir, running 1/2 gallon per minute, reservoir built in 1961, groundwater spring used, maintained and developed by declarant and predecessors continuously for sub-irrigation and stockwater since 1882.

Item #21 In Section 18, T. 16 N. Range 5 W., M.P.M.:

In N½ a groundwater spring running 1/2 gallon per minute, used, maintained, developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #22 In Section 18, T. 16 N. R. 5 W., M.P.M.:

In the S½ a groundwater spring running 1/2 gallon per minute, used, maintained, and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #23 In Section 12, Township 16 North, Range 6 West, M.P.M.:

In the N½ a groundwater spring running 1/2 gallon per minute, used, maintained, and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.

Item #24 In Section 1, Township 16 North, Range 6 W., M.P.M.:

In South Half, a groundwater spring running 1 gallon per minute, used, maintained and developed continuously by declarant and predecessors for stockwater and sub-irrigation since 1882.
State of Montana  
County of Lewis and Clark

Don Hilger, having first been duly sworn, deposes and says that he is of lawful age and the appropriator and claimant of the order and water right mentioned in the foregoing declaration of vested groundwater rights and the person whose name is subscribed thereto, as the appropriator and claimant, that he knows the contents of said foregoing notice and that the matters and things therein stated are true.

Subscribed and sworn to before me this 30th day of December, 1963.

Notary Public for the State of Montana
Residing at Helena, Montana
My Commission expires 3/1/65.

   County of
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based for Stock water use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been for Stock water use.
   1901 in this family.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Approx. 8 gals. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Deep Collection well about ground level.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   1961 under Sec. 237, Rules and Payment Plan.

8. The depth of water table. A deep collection about ground level.

9. So far as is may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   A deep spring.

10. The estimated amount of groundwater withdrawn each year. Stock water only.

11. The log of formations encountered in the drilling of each well if available. None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Signature of Owner: Arthur A. Murphy
Date: Dec. 7, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Beartooth Ranch Co., of Box 835, Helena, Montana
   (Name of Appropriator) (Address) (Town)

   County of Lewis & Clark, State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      domestic

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      August 1, 1948, continuous since

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      10 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      electric pressure system

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      complete August 1, 1948

   8. The depth of water table
      20 ft

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      Drilled well cased with 6-1/4 2D steel pipe to 60 ft

   10. The estimated amount of groundwater withdrawn each year
       300,000 gallons

   11. The log of formations encountered in the drilling of each well if available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Owner

   Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
