Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I. REGENT FARMER
   (Name of Appropriator)
   (Address)
   (Town)

   County of: LIBERTY
   State of: MONTANA

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Watering livestock, cattle and hogs on pasture and feedlot.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Fall of 1944. It has been used
   steadily ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Five gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Does not apply.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Cylinder-type pump, with 150 ft. of 2½ drop pipe.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   The well was started in the summer of 1944 and completed in
   October of 1944.

8. The depth of water table. 152 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
   works for the withdrawal of groundwater: Drilled 5½ hole, 152 ft. deep.

10. The estimated amount of groundwater withdrawn each year. 146,000 to 200,000 gal.

11. The log of formations encountered in the drilling of each well if available:
   10½ gravel, 100½ blue clay, 5½ quicksand, with water; (Owed Eff.) 5½ blue clay, 5 to 10 ft. of quicksand, with water; blue clay to the top of the sandstone, with the water just below.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
   reference to book and page of any county record: None.

Signature of Owner: ____________________________
Date: ____________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is
located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau
of Mines and Geology, and quadruplicate for the Appropiater.

STATE OF MONTANA
Administrator of Groundwater Code
Office of State Engineer

Declaration of Vested Groundwater Rights

(Name of Appropriator) (Address) (Town)
County of LIBERTY State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household, yard, flowers, and garden.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been. Fall of 1955. It has been used continuously ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 6 (six) gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. 25' cylinder pump, with 150' of 12' drop pipe.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. The well was started and completed in Nov. of 1955. approximate finishing date Nov. 5.

8. The depth of water table. 150'.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled 25' hole 150' deep.

10. The estimated amount of groundwater withdrawn each year. 52,000 to 52,000 gal.

11. The log of formations encountered in the drilling of each well if available. 10' gileno, 100' blue clay, 6' quicksand, with water (cased off), 6' blue clay, 5 to 10' quicksand and water, blue clay the remainder of the way to the top of the sandstone, with the water just below.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Signature of Owner:

State of Montana

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

Ted Gibson of

State of

Liberty

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

   Water for household and livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

   Been in continuous use since approximately 1920.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

   4 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   Cylinder type pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   Approximately 1920.

8. The depth of water table.

   127 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

   1/2" tubing inside for withdrawal.

10. The estimated amount of groundwater withdrawn each year.

    200,000 gallons.

11. The log of formations encountered in the drilling of each well if available.

    Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

    No further information available.

Signature of Owner:  Date:  Dec 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

I, Andrew E. Lohy, of Choteau, in the County of Chouteau, State of Montana, declare that I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. (Name of Appropriator) of (Address) in (Town), County of Chouteau, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   * Approximate date: August 10, 1960

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   * 30 gals. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   * Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   * Engine-driven pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   * August 1, 1960 to August 10, 1960

8. The depth of water table
   * 130 ft. from surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   * Well: 14½ ft. deep; 1½ inch pipe; 2-inch pipe

10. The estimated amount of groundwater withdrawn each year
    * 150,000 gals.

11. The log of formations encountered in the drilling of each well if available
    * Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    * Not applicable

Signature of Owner: Andrew E. Lohy
Date: Jan. 31, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

1294
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1963)

1. The appropriator name is Henry Hawke.
2. The beneficial use on which the claim is based is for domestic use.
3. The date or approximate date of earliest beneficial use is January 1, 1920.
4. The amount of groundwater claimed (in miner's inches or gallons per minute) is 50 gallons per minute.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. (Not applicable)
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal are as follows:
   - Indicate point of appropriation and place of use, if possible.
   - Each small square represents 10 acres.
   - The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater is March 1920.
   - The depth of water table is 110 feet.
   - So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater are as follows:
   - The estimated amount of groundwater withdrawn each year is 182,500 gal.
   - The log of formations encountered in the drilling of each well if available is not available.
   - Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record is none.

Signature of Owner: Henry Hawke
Date: May 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

County of LIBERTY State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

STOCKWATER

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1955 - CONTINUOUS

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

NOT AVAILABLE

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: CYLINDER WITH PUMP JACK & ELECTRIC MOTOR

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater APPROXIMATELY 1955

8. The depth of water table 280 FEET

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 300' DEEP - DRILLED WELL CASED WITH 6" ALL PIPE, CYLINDER AT 280 INCHES AND OPERATED WITH A 300' LINE FROM SURFACE USING A PUMP JACK & ELECTRIC MOTOR

10. The estimated amount of groundwater withdrawn each year 50,000 GALL.

11. The log of formations encountered in the drilling of each well if available

NOT AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

NOT AVAILABLE

Signature of Owner

Date: DEC 31, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. August Lase of Chester
   County of Liberty, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Home use, watering some livestock, and crop spraying.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: The original homesteader cut it in approximately 1910. In continuous use every since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Unknown.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: It is a deep-well, with an electrical pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Everything was completed when we acquired it.

8. The depth of water table: 285 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 5 inch casing with a four inch pipe and an electrical pump to draw the water up approximately 285 feet.

10. The estimated amount of groundwater withdrawn each year: 36,000 gal.

11. The log of conditions encountered in the drilling of each well if available: We don't know.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: [Signature]
Date: Jan. 11, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.

Raphael J. Hull
(Name of Approprietor)
Chester
(Address)
County of Liberty
(State of Montana)

I hereby declare that I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Stock Use

2. The date or approximate date of earliest beneficial use, and how continuous the use has been: Approximately 1914

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute when used

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not Used for Irrigation

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: With Rods & Cylinder System with Pump Jack when used - Presently Not used

6. The depth of water table: 200 ft

7. The estimated amount of groundwater withdrawn each year: 550,000 gallons when used

8. The log of formations encountered in the drilling of each well if available: Not Available

9. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not Available

Signature of Owner:

Date: Dec. 27, 1963

Three copies to be filed by the owner with the County Clerk of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise this form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriate.

(Under Chapter 287, Montana Session Laws, 1961)

I. Michael J. Hull
(Name of Appropriator)
of
County of Liberty
(Address)
(Town)
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Drinking

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Oct. 1950, 13 yrs.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Eight gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Working hand at present

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Sept 1950, commenced drilling

8. The depth of water table. 40 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled, 7 inch hole, 130 ft depth

10. The estimated amount of groundwater withdrawn each year. 250,000 gallons per year

11. The log of formations encountered in the drilling of each well if available. None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None

Signature of Owner: Michael J. Hull
Date: 12-26-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Raphael J. Hull

County of Liberty
State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

Stock & Domestic Use

3. Date or approximate date of earliest beneficial use and how continuous the use has been.

1910

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

No. 1 = 15 Gallons Per Minute
No. 2 = 8 Gallons Per Minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

Not Used for Irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

No. 1 = Cylinder Pump with Rods, Pump Jack
No. 2 = Centrifugal Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

1910

8. The depth of water table.

No. 1 = 8 feet to 24, No. 2 = 8 ft to 16 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 6x6 dug well, first 8 ft. Concrete, next 8 feet cribbing, final 8 ft. 4x6 cribbing. Withdrawn with Jack & rods.

No. 2 = 4 ft. in Diameter Brick cribbing 16 feet deep. Withdrawn with 2 In. Centrifugal Pump.

10. The estimated amount of groundwater withdrawn each year.

No. 1 = 500,000 gallons
No. 2 = 250,000 gallons

11. The log of formations encountered in the drilling of each well if available.

Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Not Available

Signature of Owner: Raphael J. Hull
Date: Dec. 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

1. We, ROBPH and LOIS FOSTER and ROBERT B. and MARLENE FOSTER, tenants
in common, all of Joplin, Montana, County of Liberty, State of Montana, have appropriated groundwater according to the Montana laws
in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based on our homes and ranches:

3. Date or approximate date of earliest beneficial use; and how continuous
the use has been 1930 and in continuous use on the following described property since that date:

Southeast ¼ of Section 9, Township 33 North, Range 7 East (Robert B.
and Marlene Foster)

Southwest ¼ of the Northeast ¼ of
Section 17, Township 33 North, Range 7 East due East across the said
Southeast ¼ of the Northeast ¼ and continuing due East across the
Southeast ¼ of the Northeast ¼ to
the Section Line between Sections
17 and 16 of Township 33 North, Range 7 East MPM. (Ralph and Lois Foster)

4. The amount of groundwater claimed (in miner's inches or gallons per
minute) 1000 Gallons per minute.

5. If used for irrigation, give the acreage and description of the
lands to which water has been applied and name of the owner thereof:
On the lands above described.

6. The means of withdrawing such water from the ground and the location
of each well or other means of withdrawal: Pump

7. The date of commencement and completion of the construction of the
well, wells, or other works for withdrawal of groundwater: About 1930.

8. The depth of water table: 15 feet.

9. So far as it may be available, the type, size and depth of each well or
the general specifications of any other works for the withdrawal of
groundwater: Dug well - 4 feet diameter with tunnel underneath.

10. The estimated amount of groundwater withdrawn each year: 2,500,000
gallons per year.

11. The log of formations encountered in the drilling of each well if
available: Sand rock - Colorado blue shale.

12. Such other information of a similar nature as may be useful in
 carrying out the policy of this act, including reference to book

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Subscribed names of the applicant are indicated on the map on the back.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      Started and finished in April, 1950.

   8. The depth of water table:
      Ninety (90) feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Drilled with Tamper drill by Charles Anderson of Shelby, Montana, using a 6 inch bit. Put down 330 feet of 6 inch steel casing.
      This well was gravel packed with 2 yards of pea gravel.

   10. The estimated amount of groundwater withdrawn each year:
        250,000 gallons

   11. The log of formations encountered in the drilling of each well if available:
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        This information is not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        ____________________________________________________________________________
        No other pertinent information is available.

       Signature of Owner: Earl V. Alley
       Date: December 10, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appraiser.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Belle D. Foster
   of Box 124
   Kalispell
   (Name of Appropriator) (Address) (Town)

County of Liberty State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: home and commercial drinking

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1950 - continuously

4. The amount of groundwater claimed, (in miner's inches or gallons per minute): 100 gallon per hour

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Turbine pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1920 to 1950

8. The depth of water table: 30 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: One well with storage tank of 50,000 gallons of water with 100 gallons per minute pump installed

10. The estimated amount of groundwater withdrawn each year: 150,000 - 200,000 per year

11. The log of formations encountered in the drilling of each well if available: 15 feet of dirt - 20 feet of silt and sandstone

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Portland cement casing of approximately 15 feet to bed rock; then caverns and tunnels in siltstone. Demand varies daily and seasonally.

Signature of Owner: Belle D. Foster
Date: Oct 10, 1963

Three copies to be filed with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise form will be approved.

Original to the County Clerk and Recorder: duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate to the Appropriator.
## WATER WELL LOG

**Owner:** Lee Jensen  
**Address:** Chester, Montana

**Driller:** G. Earl Heaviland  
**Address:** Chester, Montana

**Date Started:** Sept. 21, 1957  
**Date Completed:** Sept. 28, 1957

**Location:** Sec. 18 T. 33 R. 7 34 sec. NWSW

### Type of well
- Drilled with Fort-Worth Spudder

### Equipment used
- Cable Tools

### Water use
- Domestic [x]
- Municipal [ ]
- Stock [ ]
- Irrigation [ ]
- Industrial [ ]
- 20 gauge steel pipe [ ]
- Other [ ]

### Casing info
- Length of casing: 40.00 feet
- Diameter of casing: 6 inches
- Type of casing: steel
- Size of casing: n/a

### Perforated or Screened
- Height of perforation: Bottom 24" by holes cut in casing
- Static water level: 60' from top of well
- Shut-in pressure: n/a
- Pumping water level: Well pumps dry
- Length of test: 15 minutes to pump dry
- Remarks: Gravel packed casing

### Remarks
- Gravel packed casing
### Log of Well

1. **The beneficial use on which the claim is based**:  
   **Domestic Use**

2. **Date or approximate date of earliest beneficial use, and how continuous the use has been**: January 1, 1957

3. **The amount of groundwater claimed (in miner's inches or gallons per minute)**: 3 Gallons Per Minute

4. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal**: Cylinder Pump with rod on Electric Motor

5. **If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof**: Not used for Irrigation

6. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal**: Cylinder Pump with rod on Electric Motor

7. **The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater**: 1957

8. **The depth of water table**: 130 Feet

9. **So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater**: 7-In. Galvanized Casings, 160-Feet Deep, Withdrawn with Cylinder Rod System on 6-In. Pipe

10. **The estimated amount of groundwater withdrawn each year**: 250,000 Gallons

11. **The log of formations encountered in the drilling of each well if available**: Not Available

12. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record**: Not Available
