Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1960

Owner: Bennett Dawood
Address: Chester, Montana

Contractor (if any): 
Address of Contractor: 

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable:

6 Natural Mountain Flowing Springs all used for stock water

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

Estimated 4,000,000 Gallons from Six Flowing Springs in Section.

Signature of Owner: Bennett Dawood by Ben S. Dawood
Date: Dec. 30, 1963

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1982
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Hafer Bros. Ranch
Address: Chester, Montana

Driller: Hilzy Drilling Service
Address: Havre, Montana

Date of Notice of appropriation of groundwater: Date well started: 11-28-67
Date completed: 12-6-67

Type of well: Drilled
Equipment used: Cable tool rig

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

<td>No perforations</td>
<td>116</td>
<td>116</td>
</tr>
</tbody>
</table>

Water coming in thru bottom of gravel shoe at 116 foot level

Static Water Level for non-flowing well

Shut-in Pressure for Flowing Well not applicable

Pumping Water Level: 24 feet at 71/2 gal. per minute.

Discharge in gal. per min. of flowing well not applicable

How Tested: Bailier & pump

Length of Test: 16 hours

Remarks: (Gravel packing, cementing, packers, type of shutoff) E Surface pipe run to 20 foot level, 6" casing run to 116 ft. No casing below 116th level. Cement run between 6" casing & 8" casing, pulled out, to seal off surface contamination. (Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

(Under Chapter 237, Montana Session Laws, 1961)

Bernett Oswood by

of Chester

County of Liberty

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: No. 1 - Domestic, No. 2 - Stock use & No. 3 - Stockuse

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: No. 1 - 1920 Continuously; No. 2 - 1920 Continuously; No. 3 - 1932 Continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute): No. 1 - 3 Gallons Per Minute, No. 2 - 5 Gallons Per Minute & No. 3 - 10 Bbl Per Min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not Used for Irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: No. 1 - Jet Pump, No. 2 - Hand Pump, No. 3 - Pump, Jack on Electric Motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: No. 1 - 1920, No. 2 - 1920, No. 3 - 1932

8. The depth of water table: No. 1 - 8 feet, No. 2 - 8 feet, No. 3 - 30 Feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: No. 1 - Natural Hole Approximately 4 X 6 feet, Withdrawn with Jet Pump on 2 in. Pipe; No. 2 - Natural Hole Approximately 1 X 1, Hand Pump with 2 in. withdrawal pipe; No. 3 - 6 in. Steel casing, Withdrawn with Pump Jack and Cylinder System, No. 1 - 10 feet; No. 2 - 10 feet; No. 3 - 50 feet

10. The estimated amount of groundwater withdrawn each year: No. 1 - 50,000 Gallons; No. 2 Used very little; Approximately 10,000 Gallons; No. 3 - 100,000 Gallons

11. The log of formations encountered in the drilling of each well if available: Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not Available

Signature of Owner: Bernett Oswood

Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

2. The beneficial use to which water is to be applied is Stock Water Use.

3. The rate of use in gallons per minute or miner's inches of groundwater claimed:
   - No. 1 - Approximately 10 Gallons Per Minute
   - No. 2 - Approximately 10 Gallons Per Minute

4. The annual period (inclusive dates) of intended use Summer Months.

5. The probable or intended date of first beneficial use March thru October.

6. The probable or intended date of commencement and completion of the well* or wells*
   - No. 1 - 1953
   - No. 2 - 1953

7. The location, type, size and depth of well or wells contemplated:
   - No. 1 - 3 feet in Diameter - Approximately 2 feet Deep - Flowing
   - No. 2 - Approximately 2 feet in Diameter - Flowing

8. The probable or estimated depth of the water table or artesian aquifer Surface.

9. Name, address and license number of the driller engaged Dug by Owner.

10. Give such other similar information as may be useful in carrying out the policy of this act.

   Located in Gravel Beds.

County of       Liberty  State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. One Well 35 feet deep was on land when purchased in 1927. Other well drilled in 1937.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). About 500 Gallons per day out of older well; Approximately 2 gallons per minute from well drilled in 1937

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Model Old Style Pump Jack with Electric Motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Since Before 1927 on first well and other well drilled in 1937.

8. The depth of water table. 30 Ft in First Well and 17 feet in Second well which is Drilled.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Approximately 14 feet in Diameter on dug well. It has rock wall casing. Withdrawn with 2 in. Rod and Pump Jack setup on Electric Motor. 17 Ft. Well has 6 in. Galvanized casing with Rod and Pump Jack Setup on Electric Motor.

10. The estimated amount of groundwater withdrawn each year. 150,000 Gallons from Dug Well

11. The log of formations encountered in the drilling of each well if available. Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Not Available

Signature of Owner                              Date Dec 17, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Since 1955

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 Gallons per Minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Not used for Irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Flowing Wall

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Drilled in 1955 by Seismograph Drilling Crew

8. The depth of water table:
   Comes to ground level — Flowing Wall

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   6 In. Galvanized Casing In Top 20 Feet of Hole
   Estimated at 150 Feet deep. Well Flows

10. The estimated amount of groundwater withdrawn each year:
    1,000,000 Gallons

11. The log of formations encountered in the drilling of each well if available:
    Not Available

STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. W. Plunkett Bros. of Choteau

County of Liberty State of Montana

have appropriated groundwater according to the laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is stock water well

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since every year

4. The amount of groundwater claimed (in minor's inches or gallons per minute) is eight gallons per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, well, or other works for withdrawal of groundwater is the summer of 1956

8. The depth of water table is 30'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year is not known

11. The log of formations encountered in the drilling of each well if available is not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date Dec 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Richard M. Weck, of Choteau
County of Liberty, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Horse and lawn

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Aug. of 1960

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement, and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Drilled to 160' in Aug. of 1963

8. The depth of water table: 180'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: Not known

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Richard M. Weck
Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
