Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Herbert L. Pratt of Troy

County of Lincoln

State of Montana

1. Herbert L. Pratt of Troy

Signature of Owner: Herbert L. Pratt

Date: 23 Dec. 1963

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

2. The beneficial use on which the claim is based:

- Household
- Irrigation

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

- 10 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

- Approx. 20 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

- Drilled, 6" steel casing, 44 ft.

10. The estimated amount of groundwater withdrawn each year.

- 25,000 gal.

11. The log of formations encountered in the drilling of each well if available.

- 8 ft. Hard packed sand

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Harold F. Bitterman

County of: Lincoln
State of: Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1944

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 GPM

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: two acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump at residence as shown

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1894 June

8. The depth of water table: 27 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well depth 25 feet

10. The estimated amount of groundwater withdrawn each year: 20,000 gallons

11. The log of formations encountered in the drilling of each well if available: Boulder s

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of the county record: Opening date

Signature of Owner

Date: July 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Florence Fisher, of Box 567, Libby
(Name of Appropriator) (Address) (Town)
County of K. M. State of M. have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic

3. Date or approximate date of earliest beneficial use; and how continuously the use has continued: Approx. 1900

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Water

5. If used for irrigation, give the acreage and return, if any, of the lands to which water has been applied and name of the owner thereof: 50 An. M. A. Owner

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: E. R. C.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Possibly in 1960

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Approx. 30 ft.

10. The estimated amount of groundwater withdrawn each year: 2 Families, Most of the

11. The logs of formations encountered in the drilling of each well if available: Rock a LOT

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: P. 12 F. 600. 5/19

Signature of Owner: Florence Fisher
Date: Dec. 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

**DATE**

- Date well started: 11-2-71
- Date well completed: 11-3-71

**TYPE OF WELL**

- Drilled

**EQUIPMENT USED**

- Churn drill, rotary or other

**WATER USE**

- Domestic
- Municipal
- Irrigation

**USE**

- If used for irrigation, industrial, drainage or other, explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

**ESTIMATED ANNUAL WITHDRAWAL**

- Size of Irrigated Area: 0
- Size and Weight of Casing: 6" x 17# 0 40'
- Top of Ground (Est. Above Sea Level): 20'

**PERFORATIONS**

- Kind: 2R. 0 4'

**STATIC WATER LEVEL**

- Measured from ground level: 20'

**PUMPING WATER LEVEL**

- Measured at 30 minutes after pumping began:
- Power: 1 hp
- Remarks: (Gravel packing, cementing, packers, type of shutoff)

**INDICATE LOCATION OF WELL AND PLACE OF USE, IF POSSIBLE.**

- Each small square represents 40 acres

**Driller's Signature**

- Clifford J. Bacher

**Driller's Address**

- Lilby, Mont

**LICENSE No.**

- 141

**Show exact depth of bottom**

- 40'
**NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL**

**Developed after January 1, 1962**

(Under Chapter 337 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, and copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

**Owner:** Harry Wilkowski, and/or

**Address:** Pa. Oa. Box 976

**Libby, Montana 59923**

**Date well started:** June 2, 1972

**Completed:** June 2, 1972

**Type of well:** Drilled

**Equipment used:** Air rotary rig

**Water Use:** Domestic: ☑️

**Remarks:** Gravel packing, cementing packers, type of shutoff

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Thanh L. Leeching
   (Name of Appropriator)
   of
   (Address)
   (Town)

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county records

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
STATE ENGINEER

STATE OF IOWA

COUNTY OF LINCOLN

[Title]

[Deputy County Engineer]
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Throdd Lehigey of R
   (Name of Appropriator) (Address) (Town)

   County of Lincoln, State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Milk houses, gravity settling of milk

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1947, 15 years, annual

   4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 10 gal

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   8. The depth of water table:

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   10. The estimated amount of groundwater withdrawn each year: 65 gal

   11. The log of formations encountered in the drilling of each well if available:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: Throdd Lehigey

   Date: Aug 7 - 63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner:  [Name]
Address:  [Address]

Driller:  [Name]
Address:  [Address]

Date of Notice of Appropriation of Groundwater:  [Date]
Date well started:  11-11-61  Date Completed:  11-11-64

Type of well:  Drilled
Equipment Used:  Churn (Churn, drill, rotary or drilled)

Water Use:  Domestic  Municipal  Other  Irrigation
Industrial  Drainage  Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

<table>
