STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE:
MONTANA WATER RESOURCES BOARD.

NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)
This form to be prepared by driller, and three copies to be filed
by the owner with the County Clerk and Recorder in the county
in which the well is located, last copy to be retained by driller.
Please answer all questions. If not applicable, so state, otherwise the
form may be returned.

VICTOR H. PELTIER
Owner

MARIE PELTIER
For Administrator's Use

Box 373
EUREKA, MONT

Date well started
APRIL 1150
GW 1 6:15 p.m.

Date well completed
MAY 1950

Type of well:
DRILLED

Equipment used:

Water Use:
Domestic ☑ Municipal ☐ Stock ☐ Irrigation ☐ Industrial ☐ Drainage ☐ Other ☐ Garden/Lawn ☐

Describe:

USE: If used for irrigation, industrial, drainage or other. Explain,
state number of acres and location or other data (i.e. Lot, Block
and Addition).

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: J. Alfred Peltier
Address: Eureka, Montana

Driller: Olsen & Justin
Address: Columbia Falls, Montana

Date of Notice of Appropriation of Groundwater: None filed
Date well started: Sept. 28, 1963
Date completed: Oct. 14, 1963

Type of well: Drilled
Equipment Used: Churn drill

Water Use: Domestic ☐ Municipal ☐ Other ☐ Irrigation ☐
Industrial ☐ Drainage ☐ Stock ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing well: 447 feet.
Shut-in Pressure for Flowing Well: non-flowing
Pumping Water Level: 165 feet at 15 gal. per minute.
Discharge in gal. per min. of flowing well: Non-flowing
How Tested: Baller
Length of Test: 2 hours
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

Owner: Bank Farmday
Address: Midvale, Mont.

Details:
- Date of Notice of Appropriation of Groundwater: June 15, 1965
- Date Well Started: June 22, 1965
- Date Completed: June 30, 1965
- Type of Well Drilled: Churn, drill, rotary or driven
- Equipment Used: Hole size and perforations
- Water Use: Domestic, Municipal, Other, Irrigation
- Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc.
- Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.
- Static Water Level for Non-flowing Well: 71.011 feet
- Shut-in Pressure for Flowing Well:
- Pumping Water Level: 100 feet at 1.2 gal. per minute
- Discharge in gal. per min. of flowing well:
- How Tested:
- Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Darwin J. Stevens, 841, of Eureka, Montana
   (Name of Appropriator) (Address) (Town)
   County of Lincoln State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Water is used for irrigation, livestock, and household use.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Date of earliest beneficial use was April 1955, and has been continuous use since April 1955.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 22 miner's inches.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Water is applied to 10 acres of land owned by the owner.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Water is withdrawn by means of a pump.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: The date of commencement and completion of construction of well was April 1955.

   8. The depth of water table: is about 60 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well, Casing: 6 inches, Depth: 150 feet.

   10. The estimated amount of groundwater withdrawn each year: 22 miner's inches.

   11. The log of formations encountered in the drilling of each well if available: None available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

   Signature of Owner
   Catherine J. Stevens
   Date 3/31/62

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplet to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Norman C. Clark
   (Name of Appropriator)
   of
   P. O. Box 186, Eureka, Montana
   (Address)
   (Town)

   County of Lincoln
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic and domestic irrigation.

3. Date or approximate date of earliest beneficial use; and how continuously used since that period:

4. The amount of groundwater claimed (in miner's inches or gallons per minute) between 700 and 2000 gallons an hour.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Electric pump located NE/SW Quarter, S-11-T-26N-R-27W.

6. The means of withdrawing water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: June 1967, completed in 1967.

8. The depth of water table: Well is down 124 feet, water stands in it 124 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: not logged.

11. The log of formations encountered in the drilling of each well if available: top dirt, gravel, sand, clay.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
   District - Lincoln County, Montana.

Signature of Owner: ____________________________
Date: ____________________________

December 31, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Bennie M. Brown
   of Re. F. D., Box 65, Fairbanks
   County of Lincoln, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

   2. The beneficial use on which the claim is based:
      household and stock water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: March 29th, 1955

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):
      500 miner's inches

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Electric pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      Completion date March 29th, 1955

   8. The depth of water table:
      52 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      drilled well, 64'diameter, depth 52 feet

   10. The estimated amount of groundwater withdrawn each year:
       75,000 gallons

   11. The log of formations encountered in the drilling of each well if available:
       not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
       no record

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. RODNEY D. WITT AND SHIRLEY V. WITT of 808 308th
   (Name of Appropriator) (Address)

County of FLATHEAD
State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: HOUSEHOLD

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: AUGUST 1, 1953, CONTINUOUS

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 500 GALLONS PER HOUR

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: ELECTRIC PUMP; TRACT IN SE 1/4 NW 1/4 808 308th, RES 11, T36N, R27W, LINCOLN COUNTY, MONTANA; N 645' W 295' 8.635 E 300' 5 ACRE, 1-30

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: JULY 15, 1953 COMPLETED OCTOBER 11, 1953

8. The depth of water table: 10'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: WELL, 10' DEEP, CASED

10. The estimated amount of groundwater withdrawn each year: 200,000 GALLONS

11. The log of formations encountered in the drilling of each well if available: SAND, CLAY, AND GRAVEL

12. Such other information of a similar nature as may be useful in carrying out the policy of the State Engineer, including reference to book and page of any county record: WELL DRILLER’S REPORT FILED WITH MONTANA STATE BOARD OF HEALTH, HELENA, MONTANA, DECEMBER 13, 1953

Signature of Owner:

Date: DECEMBER 28, 1953

Shirley V. Witt

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Deputy
Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

Owner: THATCHER DRILLING CO. Address: EUREKA, MONT.

Date of Notice of appropriation of groundwater: NOV 1, 1966

Date well started: SEPT 13, 1966. Date completed: NOV 10, 1966.

Type of well: DUG Equipment used: ROTARY

(Equipment used: churn drill, rotary or other)

Water use: Domestic, Municipal, Stock, Irrigation, Industrial, Drainage, Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

SIZE OF DRAINED AREA

Static Water Level for non-flowing well

Shut-in Pressure for Flowing Well

Pumping Water Level

Discharge in gal. per min. of flowing well

How Tested

Length of Test

Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e., Lot, Block and Addition).

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Declaration of Vested Groundwater Rights

2. The beneficial use on which the claim is based.

- Domestic, stockwater, for non-commercial gardening.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1944, continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 500 gallons per day.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

- None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

- Electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1944.

8. The depth of water table. 18 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 50 feet deep; 3 feet in diameter; 1½ inch pipe.

10. The estimated amount of groundwater withdrawn each year. Not logged.

11. The log of formations encountered in the drilling of each well if available. Earth, sand, gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

LICENSE NO. 141
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Frances I. Wunschel
   (Name of Appropriator)
   P.O. Box 69A
   St. I. - Bureka, Montana

   County of Lincoln
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic
   and irrigation and water livestock

3. Date or approximate date of earliest beneficial use: and how continuous
   the use has been: 1948 - daily use since then

4. The amount of groundwater claimed: (in miner's inches or gallons
   per minute) 4 spices to the well and 50
   per minute, making 75 gallons a minute.

5. If used for irrigation, give the average and description of the lands
   to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location
   of each well or other means of withdrawal: motor end
   pump jack, in said location of land above shown in question No. 5 above.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal
   of groundwater: April 1, 1962, completed about a week after
   it was started.

8. The depth of water table: 15 feet below

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
   works for the withdrawal of groundwater: electric motor, well 55 feet deep - just
   the one well

10. The estimated amount of groundwater withdrawn each year: no record kept but used year around

11. The log of formations encountered in the drilling of each well if available:
   Limestone, clay, marble, and then gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
    reference to book and page of any county record: the only record in the county would
    be the well diggers form recorded on the sinking of the wells
    Mr. Ottenbrucher, of Helena, Montana
