**NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL**

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located. Last copy to be retained by driller. Please answer all questions. If not applicable, so state, otherwise the form may be returned.

**Owner:** Jim Lassen

**Address:** 3656 Bear St

**Town:** Missoula

**Date well started:** 1-28-72

**Date well completed:** 8-1-72

**Type of well:** Drilled

**Equipment used:** Churn drive

**Water Use:** Domestic

**Describe USE:** If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

**ESTIMATED ANNUAL WITHDRAWAL**

Static water level: 20 ft.

Pumping water level: 60 ft. at 50 gallons per minute, measured minutes after pumping began.

*Measured from ground level.

Well developed by for hours.

Power: 1 Motor HP

Remarks: (Gravel packing, cementing, packers, type of shutoff)

---

**INDICATE LOCATION OF WELL AND PLACE OF USE, IF POSSIBLE.**

Each small square represents 40 acres.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. John H. Dobbs, 2850 3rd Ave., Helena, MT 59601
   (Name of Appropriator)
   (Address)
   (Town)

   County of Lincoln
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   
   2.1 Date or approximate date of earliest beneficial use:
   2.2 Date of earliest use:
   2.3 Continuous use since:
   
3. The amount of groundwater claimed (in. miner's inches or gallons per minute): 2
   
4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   
5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   
6. The depth of water table:
   
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   
8. The depth of water table:
   
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   
10. The estimated amount of groundwater withdrawn each year:
   
11. The log of formations encountered in the drilling of each well if available:
   
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: John H. Dobbs
   Date: Dec. 31, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated, according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based, domestic, livestock

3. Date or approximate date of earliest beneficial use; and how continuously the use has been used since well was constructed, but the well and spring had been used the past 50 years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 100 miner's inches

5. If used for irrigation, give the acreage and description of the lands for which water has been applied and name of the owner thereof. 20 to 30 acres, land on SE 1/4 T. 134 R. 25 Section 6, Section 5, T. 23 N., R. 96 W., Sectional, this area.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Spring - livestock - dug out area - will have ditch for irrigation. Drilled well - Electric or gas pump with 1½ to 3½ pipe. Well 25 feet deep.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1961 and expect to complete construction 1971.

8. The depth of water table 3 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater, not available

10. The estimated amount of groundwater withdrawn each year. kept no record

11. The log of formations encountered in the drilling of each well if available: surface dirt - good - sandy - send cement gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. have record of this well and spring in Lincoln County ASC department - Libby, Montana.

Signature of Owner

Date: December 31, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

DECLARATION OF VESTED GROUNDWATER RIGHTS

In accordance with the rights of use and occupation under the Groundwater Code of Montana, 1945, the undersigned, James A. Huycke, of the "Buckhorn" site, Libby, Lincoln County, Montana, do hereby make this declaration to determine, the extent of the vested groundwater rights with respect to the wells and springs named below:

1. The particular use for which the claim is made: Livestock.

2. Date or approximate date of earliest beneficial use: 1941.

3. Date or approximate date of earliest beneficial use and time over which the use has been maintained: 1941 (since well was constructed). But the well and springs have been used the past 10 years.

4. The amount of groundwater claimed (in gallons per day): 100 Miners Inches.

5. If used for irrigation, give the area and description of land cultivated with water has been applied and name of the owner thereof: 20 to 50 acres, land on SE 1/4, SW 1/4, NE 1/4, SE 1/4 of Sec. 7, T. 57 N., R. 25 W., Choteau, in this area.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Spring - dug out area - will have ditch for irrigation; Drilled well - Electric or gas pump with 1½" to 3½" pipe. Well 25 feet deep.

8. The depth of water table: 3 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: not available.

10. The estimated amount of groundwater withdrawn each year: kept no record.

11. The log of formations encountered in the drilling of each well if available: surface dirt - sand - clay - sand - cement gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: record of this well and spring in Lincoln County AOG department - Libby, Montana.

Signature of Owner: ____________________________

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Francis W. or Charles J. Dene of ________________ (Name of Appropriator)

County of ________________ State of ________________ (Address) (State)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Uses: Irrigation use
   (If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof)

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1945 Continuous since 1945

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 400 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table: 10 ft. above ground

9. So far as it may be available, the type, brand and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year: 100,000 gal. per yr.

11. The log of formations encountered in the drilling of each well if available: None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any existing record

Signature of Owner: __________________________

Date: ________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

1. Ronald D. Williams, of St. RegExp.
   County of __________, State of __________,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: __________
   Wells and Pond wells

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1903
   Since 1903

4. The amount of groundwater claimed (in men's inches or gallons per minute): __________
   __________ feet of natural flow
   __________ feet per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: __________
   Small Field, Acre

6. The means of withdrawing such water from the ground and the location, of each well or other means of withdrawal: __________
   __________ Dig in 1903
   __________ Dig well to depth

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: __________
   __________ Dig in 1903
   __________ Dig well to depth

8. The depth of water table: __________
   __________ Depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: __________
   __________

10. The estimated amount of groundwater withdrawn each year: __________
    __________ Continuously

11. The log of formations encountered in the drilling of each well if available: __________

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: __________

   __________

Signature of Owner: __________

Date: __________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

1. Ronald Williams, of St. Auguste
   (Name of Appropriator) St. Auguste
   (Address) Town

   Council of Art Directors
   (Name of Construction Agency)
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute).

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   The depth of water table.

   So far as it may be available, the type, size and depth of each well or other works for the withdrawal of groundwater.

   The estimated amount of groundwater withdrawn each year.

   The log of formations encountered in the drilling of each well if available.

   Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Signature of Owner: Ronald Williams
   Date: Dec 17, 1963

   Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

   Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

C. M. EKHOt (Name of Appropriator) of EUREKA (Address) (Town)

County of LINCOLN State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based:
   - HOUSEHOLD USE
   - FARM USE

2. Date or approximate date of earliest beneficial use:
   Each year or years for which use has been continuous since

3. The amount of groundwater claimed (in miner's inches or gallons per minute):
   10 GALLONS PER MINUTE

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   NONE

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   ELECTRIC WELL DRILLED AT WELL DRILLED ABOUT 100 FT SOUTH OF N.W. CORNER OF PHILLIPS CRK.

6. The date of commencement and completion of the construction of the well or other works for withdrawal of groundwater:
   WELL DRILLED ON DEC. 12.

7. The depth of water table:
   WATER LEVEL 47 FT BELOW GROUND SURFACE, WELL IS 97 FT DEEP

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   WELL IS 97 FT DEEP - 10 INCH - STEEL CASING - DRILLED

9. The estimated amount of groundwater withdrawn each year:
   150,000 GALLONS

10. The log of formations encountered in the drilling of each well if available:
    CLAY - HARD PAN LAYERS MOST OF WAY. A LAYER OR TWO OF SAND ALSO ABB. 30 OR 40 FT. DOWN SOME SMALL STONES + GRAVEL OCCASIONALLY

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    NONE

STATE ENGINEER

PAQUETTE, MAURICE F. & YAE O., of BOX 202, EUREKA
(Name of Appropriator) (Address) (Town)

Counties: LINCOLN State of MONTANA 59477

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Household needs, lawn, garden, berry patch.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: Use has been continuous since well was drilled 15 August 1961.

3. The amount of groundwater claimed (in miner's inches or gallons per minute): Six (6) gallons per minute.

4. If used for irrigation, give the acresage and description of the lands to which water has been applied and name of the owner thereof: Three garden spots 20'x20', Lawn approximately 100'x50'.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Deep well set 1/2 H.P. electric motor driven pump, drawing from well located 30 feet SSE of dwelling.

6. The depth of water table: Twenty-three (23) feet.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Drilling began approximately 5 August 1961; well completed and placed in operation 15 August 1961.

8. The estimated amount of groundwater withdrawn each year: Approximately 600,000 gallons per year.

9. The log of formations encountered in the drilling of each well if available: Sandy throughout entire drilling operation.

10. The estimated amount of groundwater withdrawn each year: Approximately 600,000 gallons per year.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 1963 Tax Receipt No. 2720, refers to Page 2, Line 3.

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. **Town of Paxford**
   - **Name of Appropriator:**
   - **Address:**
   - **County of:** Lincoln
   - **State of Montana**
   - Intended to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is **Town of Paxford**

3. The rate of use in gallons per minute or miner's inches of groundwater claimed:
   - 80 gallons/minute

4. The annual period (inclusive dates) of intended use:
   - 1 January through 31 December

5. The probable or intended date of first beneficial use:
   - August 1971

6. The probable or intended date of commencement and completion of the well:
   - Well completed 15 July 1970

7. The location, type, size and depth of well or wells contemplated:
   - Well, 40 ft., SW 1/4 Sec. 32, T. 37N, R. 27W, 316 ft. deep

8. The probable or estimated depth of the water table or artesian aquifer:
   - Aquifers @ depths 286-294 and 900-1212. Static water level @ depth 110 ft.

9. Name, address and license number of the driller engaged:
   - Holman Drilling Corporation
   - East 3410 9th Avenue, Spokane, Washington 99202

10. Give such other similar information as may be useful in carrying out the policy of this act:
    - Dynamic water level @ 82 gpm is
    - G depth 232

*As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn."

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and Quadrangle for the Appropriator.

Driller's License Number

Driller's Signature

49678

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, one copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
NOTICE OF APPROPRIATION OF GROUNDWATER
(Under Chapter 237, Montana Session Laws of 1961, as amended)

After filing a notice of appropriation in order to acquire a right based thereon, the person must, within ninety (90) days, commence actual excavation and diligently prosecute construction of a well and; upon its completion, file a notice of completion with the County Clerk of the county in which the appropriation is located.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

1. Name of Appropriator: Town of Rexford

2. The beneficial use to which water is to be applied is domestic and commercial.

3. The rate of use in gallons per minute or miner's inches of groundwater claimed ________________

4. The annual period (inclusive dates) of intended use January 1 - December 31, incl.

5. The probable or intended date of first beneficial use October, 1970

6. The probable or intended date of commencement and completion of the well* or wells* June 1, 1970

7. The location, type, size and depth of well or wells contemplated Grob Lake area

12 inch size - 300 ft. depth

8. The probable or estimated depth of the water-table or artesian aquifer 200 ft.

9. The name, address, and license number of the driller engaged

$ U.S. Army Corps of Engineers

10. Give such other similar information as may be useful in carrying out the policy of this act

Well being drilled by Corps of Engineers for use of relocated town of Rexford

For Administrator's Use

File July 10, 1970 9:30 A.M.

Signature of Appropriator: Elma M. Stoffer, Clerk

Date: June 29, 1970

*As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws of 1961)

1. I, John Mecke, of Europa, County of Lincoln, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is for livestock watering and irrigation - 2 acres near buildings in SE SE 5 W, T 37 N, R 27 W.

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is 30 gallons per minute.

4. The annual period (inclusive dates) of intended use is January 1 to December 31.

5. The probable or intended date of first beneficial use is January 1, 1962.

6. The probable or intended date of commencement and completion of the well or wells is December 31, 1961; commencement - Dec. 5, 1961; completion - Jan 1, 1962.

7. The location, type, size and depth of well or wells contemplated is SE SE 5 W, Sec. 34, T 37 N, R 27 W; size - 6" depth - 135 ft.

8. The probable or estimated depth of the water table or artesian aquifer is 58 ft.

9. Name, address and license number of the driller engaged is John Mecke, Europa, Montana, Lic. No. None.

10. Give such other similar information as may be useful in carrying out the policy of this act.

Signature of Appropriator: John Mecke
Date: March 5, 1962

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
STATE OF MONTANA

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. John Marko, of Eureka,
   (Name of Appropriator) (Address)
   County of Lincoln, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   for livestock water and irrigation

3. Date or approximate date of earliest beneficial use and how continuous the use has been:
   Jan. 1, 1962, to date

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   20 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Pump — location shown on map

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Commencement — Dec. 5, 1961
   Completion — Jan. 1, 1962

8. The depth of water table:
   58 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Type — 6" drilled well, size — 6", depth — 135 ft.

10. The estimated amount of groundwater withdrawn each year:
    5,256,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    From E.W. 2

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: John Marko
   Date: March 5, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise, the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropiator.

OFFICE OF STATE ENGINEER

Declaration of Valued Groundwater Rights
(Under Chapter 28, Montana Session Laws, 1923)

I. Name of Appropriator:
II. Address:
III. Town:
IV. State of residence:
V. County of residence:

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1940, as follows:

2. The beneficial use on which the claim is based: mining

and domestic.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1925, used about 4 of each year.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): comes out of sp. ring about 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: upper spring in southeastern corner of 80 acres on Ramsey Hill dug basin, 1 foot square, approximately 10 feet deep.

7. The date of commencement and completion of the construction of the well, works, or works for withdrawal of groundwater: 1925 commenced and completed.

8. The depth of water table (spring from ground, dug basin, or reservoir): reservoir about 3 ft. deep to hold water.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: dug out basin or small reservoir about 3 ft. deep, about 1 foot square.

10. The estimated amount of groundwater withdrawn each year: amount varies, used as needed.

11. The log of formations encountered in the drilling of each well if available: none drilled.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.

Signature of Owner: [Signature]
Date: Aug 12, 1923

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
