have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Domestic and stockwater

2. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1915 — used continuously

3. The amount of groundwater claimed (in miner’s inches or gallons per minute) 15 gallons per minute

4. If used for irrigation, give the screen and description of the lands to which water has been applied and name of the owner thereof. Not applicable

5. Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater commenced and completed in 1915

8. The depth of water table: 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6 inch casing to a vertical depth of 90 feet with jet electric pump located in yard next to dwelling. Pipe in to two houses and coral.

10. The estimated amount of groundwater withdrawn each year: 1,500,000 gallons

11. The log of formations encountered in the drilling of each well if available. Not known

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date: December 27, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1913

Owner: Joseph A. Kountz
Address: Whitehall, Mont.

Contractor: Not applicable
Address of Contractor: Not applicable

Date Started: 1913
Date Completed: 1913

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. 

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: gallon per minute, water being pumped out of filled barrel and the amount of overflow.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

The image is a document that appears to be a Notice of Completion of Groundwater Appropriation by Means of Well. It is a form used to record information about a groundwater well, including its depth, type, and usage. The form includes sections for the driller's information, well description, and water level data. The document is written in English and contains specific details about the well's characteristics and usage. The form is designed to be filled out by the driller and filed by the well owner with the appropriate authorities.
