STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. JAMES R. WALLISTER
   (Name of Appropriator)
   of WALLISTER
   (Address)
   County of MADISON
   State of MONTANA
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: DOMESTIC AND ORIENTAL.

   3. Date or approximate date of earliest beneficial use: 1902.

   4. The amount of groundwater claimed (in minutes inches or gallons per minute): 20.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1948.

   8. The depth of water table: approx. 100 ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 30 ft deep, 4 inch casing.

   10. The estimated amount of groundwater withdrawn each year: 20,000 gals.

   11. The log of formations encountered in the drilling of each well if available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Signature of Owner: JAMES R. WALLISTER
   Date: NOVEMBER 25, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.
STATE OF MONTANA

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

JAMES R. McALLISTER of McALLISTER
(Name of Appropriator) (Address)
County of MADISON State of MONTANA

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.
   \[ \text{PROPERTY} \]

2. The date or approximate date of earliest beneficial use; and how continuous the use has been. 1906

3. The amount of groundwater claimed (in miner's inches or gallons per minute). 10

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   \[ \text{ELECTRIC PUMP LOCATED NEXT TO WELL IN BARN} \]

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1906

7. The estimated amount of groundwater withdrawn each year. 25,000 Gals

8. The log of formations encountered in the drilling of each well if available.

9. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Exerett R. McCune - Tony E. Ferguson

1. (Name of Appropriator) (Address) (Town)

No. County of Madison State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based is for stockwater domestic use and irrigation.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been 1948 - continuous since.

3. The amount of groundwater claimed (in miner's inches or gallons per minute). One well flows about 2000 gallons per hour of time; the other well 1500 gallons per hour of time.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table 12 feet under surface.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Both wells 20 feet deep, each 6 inch casing; and the well at the residence has a 1 inch pipe to depth; and the other well has an 1 1/2 inch pipe to depth.

10. The estimated amount of groundwater withdrawn each year. The total capacity to extent of our needs.

11. The log of formations encountered in the drilling of each well if available. No.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. By this declaration we claim two water well appropriations in § 2 of Section 33 T 46 R 11 W M P M. one at the residence; one other about 300 feet distant in § 12 T 46 R 11 W M P M.

Signature of Owner

Date December 24, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 22 Sep 1963
Owner: Earl N. Michel
Address: 6791 Booher, Butte, Montana

Contractor (if any): Earl Larson
Address of Contractor: Whitehall, Montana
Date Started: 21 Sep 63
Date Completed: 20 Sep 63

Describe means of obtaining groundwater without a well, "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Sub-irrigation and Other Natural Processes

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Used for stock watering
Primarily water unknown

Signature of Owner: Earl N. Michel
Date: 31 December 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

The Montana Power Company, of 40 East Broadway, Butte
County of Madison, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Address) (Town)

2. The beneficial use on which the claim is based.
   Irrigation and domestic consumption

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Continuous since 1910

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 150 gallons per day

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Yard irrigation - 1/2 acre

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1910

8. The depth of water table: 20'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Not available

10. The estimated amount of groundwater withdrawn each year: 54,750 gallons

11. The log of formations encountered in the drilling of each well if available. Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. This well was relocated 12' to position under new house in 1935

State Engineer

County of Madison

Appropriator: Virgil Nyhart
Address: Twin Bridges

State of Montana

I, Virgil Nyhart, of Twin Bridges, Madison County, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is for stock water.

3. Date or approximate date of earliest beneficial use and how continuous the use has been: About 1938.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal. per minute in 2 wells.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Each well is about 100 ft. deep. Drilling groundwater through a 2-inch pipe.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1938. Each well dug & completed.

8. The depth of water table: About 10 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Each well is about 100 ft. deep. Drilling groundwater through a 2-inch pipe.

10. The estimated amount of groundwater withdrawn each year: About 29,000 gallons.

11. The log of formations encountered in the drilling of each well if available: No logs available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Virgil Nyhart
Date: 3/15/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

Earl Nyhart
Twin Bridges
County of Madison, State of Montana

1. Have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic use and garden and lawn.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1910 - continuous use ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 8 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1 acre lawn and garden near house, owned by Earl Nyhart.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1910.

8. The depth of water table: 102 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well, 110 feet deep, 2-inch casing, electric pump in pressure tank.

10. The estimated amount of groundwater withdrawn each year: 365,000 gallons.

11. The log of formations encountered in the drilling of each well if available: None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None available.

Signature of Owner

Date: December 21, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
### Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Ernest and Edward Rebich** (Name of Appropriate) of **Twin Bridges** (Address) (Town) in County of **Madison** State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

- **2.** The beneficial use on which the claim is based: household use and lawn

- **3.** Date or approximate date of earliest beneficial use; and how continuous the use has been: 1917

- **4.** The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gal. a minute

- **5.** If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: none

- **6.** The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pump

- **7.** The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1917

- **8.** The depth of water table: about 4 feet

- **9.** So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 35 feet deep, drilled well, 2 inch casing, 4½ inch draw pipe

- **10.** The estimated amount of groundwater withdrawn each year: 15,000

- **11.** The log of formations encountered in the drilling of each well if available: none

- **12.** Such other information as may be useful in carrying out the policy of this act, including reference to book, vol. page of any county record: none

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Matthew Zelen

County of: Madison
State of Montana

I, Matthew Zelen, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Domestic use and lawn

3. Date or approximate date of earliest beneficial use, and how continuous the use has been. 18/12

4. The amount of groundwater obtained (in miner's inches or gallons per minute). 10 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. 2 A.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Diving pipe about 35 ft.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Approximately 18/12.

8. The depth of water table. 25 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   Diving pipe about 35 ft.

10. The estimated amount of groundwater withdrawn each year. 200,000 gal. per yr.

11. The log of formations encountered in the drilling of each well if available. None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
   Book 195, Page 370

Signature of Owner. Matthew Zelen

Date: Dec 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

1. Hugh W. Turner, of Twin Bridges, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - School house use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1916

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 500 miner's inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Hand pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1916
   - The depth of water table: 20 feet

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Dug well, Later 6 inch casing and backfilled; 1½" pipe, hand pump; 40 feet deep

9. The estimated amount of groundwater withdrawn each year: 200,000 gallons

10. The log of formations encountered in the drilling of each well if available: None available

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: Hugh W. Turner
   Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicates to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriorator.
STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Hugh W. Turner, of Twin Bridges, Montana

County of Madison, State of Montana

have appropriated ground water according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   #1: Stock water
   #2: Stock Water

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1900 and continuous thereafter for both.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 500 miner's inches each.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   #1: Electric pump
   #2: Natural flow spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1900 for both.

8. The depth of water table: 6 feet for #1; don't know #2.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   #1: 15 inch pipe to electric pump, on #1
   #2: None for #2

10. The estimated amount of groundwater withdrawn each year: 300,000 gallons for #1 and #2 each

11. The log of formations encountered in the drilling of each well if available:
   None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Hugh W. Turner
Date: December 30, 1961

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
