Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Joseph Mackel, Jr., of Mc Allister  
(Name of Appropriator) (Address) (Town)  
County of Madison State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

- 2. The beneficial use on which the claim is based stock water
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1900 continuous ever since.
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 7 gallons per minute.
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof none
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal natural flow spring.

NW 1/4 NW 26 T. 4S R. 2W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1900
- 8. The depth of water table don't know
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater spring
- 10. The estimated amount of groundwater withdrawn each year 3,679,200 gallons
- 11. The log of formations encountered in the drilling of each well if available None available
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Joseph Mackel Jr.  
Date December 31, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

(Under Chapter 237 Montana Session Laws, 1961)

*# 1200 is  
5 miles to this*

Date of Appropriation of Groundwater *June 1, 1961*  
Owner *Lewis A. Hagler* Address *M. L. Hunter, agent*  
Contractor (if any) *P. T. Montgomery & Sons (divided by him)*  
Address of Contractor *Miles City, Mont.*  
Date Started *May 1, 1961* Date Completed *June 1, 1961*

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. *Dug two test holes (1958) to ascertain depth of ground water, 1959 dug 15 holes to check water table, 1 hole excavated 15' to S.E. corner. Water obtained at 9 feet during period ground water at lowest. The 4% slope made it possible to bring water to surface by gravity flow.*

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use

..... 1/4 ..... Sec. .... T. .... R. ....

Indicate point of appropriation and place of use, if possible.

*Use of portable aeration (Bar all flume). This water will be used in (Sec. 31) SW 1/4 SE 1/4 (also to be in shelter belts, hay pasture & stock water. It will be used year-round.*

Signature of Owner *Lewis A. Hagler*

STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1962)

Millard J. Easter and Luzelle J. Easter

1. Joint Tenants, of Norris (Town)  
(Name of Appropriator) (Address)

County of Madison State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is appropriation for irrigation, stockwater and domestic use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been March 15, 1895 continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) The total flow estimated at 35 miners inches S.M. per second of time for each of said springs three in number appearing on plat attached.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof ten acres on most Northerly spring; this is used also for said other purposes. The other two said springs use for stockwater solely.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal water used for irrigation drawn out of stream formed by spring by ditch taps. The other drawn from stream by drinking cattle.

XXXXX Sec 2 T4S. R1W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

irrigation drawn out of stream formed by spring by ditch taps. The other drawn from stream by drinking cattle.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater March 15, 1895.

8. The depth of water table 10 foot

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Ditches large enough to take total flow of most Northerly spring platted.

10. The estimated amount of groundwater withdrawn each year The total supply of each spring.

11. The log of formations encountered in the drilling of each well if available -0-

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record The land on which springs are located and used is NW1/4 and N1/2SW1/4 of Section 2, Township 4 South, Range 1 West, M.P.M.

Signature of Owner Luzelle J. Easter, Millard J. Easter

Date December 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

### Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner Thomas W. Hughes Address Ennis, Montana

Driller Gerald Staloup Address Ennis, Montana

Date of Notice of Appropriation of Groundwater .....

Date well started Oct. 12, 63 Date Completed Oct. 23, 63

Type of well Drilled Equipment Used Churn  
(dug, driven, bored or drilled) (Churn, drill, rotary or other)

Water Use: Domestic  Municipal  Other  Irrigation   
Industrial  Drainage  Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Size of Drilled Hole	Size and Weight of Casing	From (Feet)	To (Feet)	PERFORATIONS		
				Kind Size	From (Feet)	To (Feet)
	6 5/8" OD 19# Black Pipe	Surface	115	None		

NW 1/4 NW Sec. 4 T. 15 S. R. 1 W.  
Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Static Water Level for non-flowing Well 57 feet.

Shut-in Pressure for Flowing Well .....

Pumping Water Level 63 feet at 20 gal. per minute.

Discharge in gal. per min. of flowing well .....

How Tested Bale Length of Test One Hr.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Driller's License Number 97  
Driller's Signature Gerald Staloup

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

February 1, 1973

Mr. Charles E. Ridgway  
McAllister, MT 59740

Dear Mr. Ridgway:

This is in response to the six (6) enclosed GW-3 forms, Notice of Completion of Groundwater Appropriation Without Well, that were filed in the Madison County Courthouse at Virginia City, Montana on December 29, 1972 at 10:05 to 10:18 a.m., document numbers 48944, 48945, 48946, 48947, 48948 and 48949.

Unfortunately, the GW-3 forms, which you have filed are intended for the purpose of appropriating groundwater taken by developed springs, drains, and sub-irrigation. (This does not include "undeveloped natural flowing springs".) According to the enclosed GW-3 forms, the springs you are appropriating are not developed at their source of extrusion from the ground; therefore, the springs are classified as surface water and come under Montana's surface water laws, (see enclosed explanation of developed and undeveloped springs.)

Also enclosed is a "sample" form entitled Notice of Appropriation to be used for appropriating surface water, and a pamphlet on Surface Water Rights. Please note the areas underlined in red. (The Notice of Appropriation form should be recorded and filed in the local county clerk and recorder's office in which the springs are located.)

A two page report on six sections of Montana's surface water laws, dealing specifically with appropriating unadjudicated surface waters is also enclosed for your use. (There are different procedures to follow in appropriating surface water from adjudicated or court decreed streams.)

AND PLACE OF USE, IF POSSIBLE  
Elevation of spring, if known or estimated ..... 5,200 .....

- 7. Estimate amount of water used each year .....  
300 miner's inches .....
- 8. Months of year spring flows ..... 12 .....

Signature of Owner *Charles E. Ridgway*
