DEPARTMENT OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Georgia F. Webb, a of (Address)
   County of Madison, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based. Water is used for household, garden, and farm use.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Water has been used every Since the land was first
   watered.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute). Approximately five inches or more continuous flow.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Natural flow. Viaduct.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. The well was drilled in 1949.

   8. The depth of water table to within four feet of the surface.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled well, eight inch casing.

   10. The estimated amount of groundwater withdrawn each year depends on dryness of season.

   11. The log of formations encountered in the drilling of each well if available. Not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Will not record hereafter.

   Signature of Owner: Georgia F. Webb
   Date: Dec. 30, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER  

Notice of Completion of Groundwater Appropriation  
Without Well  
Developed After January 1, 1962  
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: August, 1908  
Owner: Bernice M. Bock  
Address: 720 Alder St., Anaconda, Mont.  
Contractor (if any): Samuel Johns, W. J. Williams  
Address of Contractor: Madison County, Mont.  

Date Started: Aug., 1908  
Date Completed: Aug., 1908

1) Describe means of obtaining groundwater (as by subirrigation,  
constructed ditches, or wells excavated, or by means of  
drilled wells). A drainage ditch was excavated from the NE corner and across  
appropriators lands to collect ground water  
that said ditch is 18 in. at the top and 16 in. at the bottom, and is approximately 2 ft.  
in depth. That said ditch was constructed in  
cooperation with owners of adjoining land as appears in Book 76, p. 158 of deed records in  
Madison County.

2) Means of withdrawing water (gravity, pump, etc.)  
Gravity and pump.

3) Depth of water table: 3 feet.

4) Use of the water: Irrigation.

5) Amount of groundwater claimed (in miner’s inches, or gallons  
per minute): 30 miner’s inches

6) If used for irrigation, give number of acres and description of  
land (a portion of the SE4 of Sec. 26,  
Township 4 S, Range 5 W, Madison County,  
Montana)

7) Estimate amount of water used each year: 3,000,000 gal.

Signature of Owner: Bernice M. Bock  
Date: June 27, 1973

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.
Lands lying in the SE4 of Section 26, Township 4 South, Range 5 West, more particularly described as follows:

Beginning at a point 322 feet east of the north and south center line thru Section 26, in T4S, R5W, said place of beginning being on the north line of the county road leading east from the Town of Sheridan, Madison County, Montana; thence running in a easterly direction along the north line of said county road a distance of 1000 feet, more or less, thence running north 200 feet to the north bank of Mill Creek; thence running in a westerly direction along the north bank of Mill Creek 1000 feet, more or less, to a point 322 feet east of the north and south center line thru said Section 26, T4S, R5W, thence running, due south 324 feet to the place of beginning. Said tract being a portion of the SE4 of S26, T4S, R5W, M.P.M., together with all the water and water rights, ditch and ditch rights, specifically included herewith being a certain six inch water right of June 1, 1885.

That appropriator and her predecessors in interest for more than 20 years prior to the date of this declaration have had complete and full use of all the water collected in said ditch. That the water collected in said ditch is approximately 30 miner's inches.
**NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL**

**Developed after January 1, 1962:**

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller. Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Mr. Pearl Funk
(Name of Appropriator)
County of Madison
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: to water livestock and irrigate lawn and garden and pasture.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: since 5 years ago.

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 miner's inches.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: one acre, lawn in pasture, lawn and garden adjacent to my well.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: one well, water utilized by pumping.

6. The depth of water table to within 3 or 4 feet of the surface.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: approximate date, summer of 1897.

8. The estimated amount of groundwater withdrawn each year: varies according to the season.

9. The log of formations encountered in the drilling of each well if available: three feet of top soil, balance of clay, rock and gravel.

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: page 112, line 15, Madison County Tax record.

Signature of Owner: [Signature]
Date: December 17, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

H. H. Halse, of Sheridan
(Name of Appropriator) (Address) (Town)

County of Madison State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based. *Domestic use, watering livestock and irrigation of lands and fire protection.*
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. *April 1, 1865 Continuous since.*
4. The amount of groundwater claimed (in miner's inches or gallons per minute). *About 100 inches, S.W. continuous flow.*
5. If used for irrigation, give the acresage and description of the lands to which water has been applied and name of the owner thereof.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. *Ditches, sprinkler system, electric pump and two reservoirs. Many springs are the source of the supply.*
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. *April 1, 1865.*
8. The depth of water table. *Almost to surface upper portions but from 5 to 10 feet on lower ground.*
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. *Two acre separate reservoirs; ditch sufficient to form irrigating head, sprinkler system and electric pumps.*
10. The estimated amount of groundwater withdrawn each year. *Sufficient to keep two reservoirs full.*
11. The log of formations encountered in the drilling of each well if available.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

NAME OF APPROPRIATOR: Alfred Talbott
ADDRESS: 10 Oak St. Helena 773
TOWN: Helena

COUNTY: Madison
STATE: Montana

Filed 3/27/62

I hereby declare that I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic.

3. Date or approximate date of earliest beneficial use and how continuous: Groundwater was discovered in 1960 A.D.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 G.P.M.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 50 Acres N.W. 1/4 S.W. 1/4, 12th Part of Sec. 17, Madison County.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: By Pumping.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 3/27/62.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater: PROV. N.W. 1/4 S.W. 1/4, 12th Part of Sec. 17, Madison County. 100 ft. Deep with Plain Water Well.

10. The estimated amount of groundwater withdrawn each year: 400,000 gal.

11. The log of formations encountered in the drilling of each well if available: First 4 ft. Clay. 26 ft. gravel, 1,074 ft. sand.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Madison County, Madison County, Montana, Court of Appeals.

Signature of Owner: Alfred Talbott
Date: 3/27/62

File three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

   of Sheridan
   (Address)
   (Town)

County of Madison
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: household use irrigating lawn

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1888

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1888

8. The depth of water table: 18 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 24 feet, rock well, 1-horsepower pump, 3/4 inch draw

10. The estimated amount of groundwater withdrawn each year: 100,000 gal

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: [Signature]
Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Dec 30, 1963

Owner: J. W. & Henrietta Trudell

Contractor (if any)

Address of Contractor

Date Started: 6/30/63
Date Completed: 8/15/63

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

- Natural springs
- Recharging through an open ditch
- Tile drain

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

- 10 - 20 gal. per min. by measured container.

Signature of Owner

Date: 10/29/63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

County of Madison State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: domestic stockwater and garden.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1944 continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 2.05 acres in Tr. 186 sec. 36.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 3/4 horsepower pump; 3/4 inch pipe outlet.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Improved 1944; well first drilled approximately 1960 and

8. The depth of water table: 36 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: See above.

10. The estimated amount of groundwater withdrawn each year: 100,000 gal. per yr.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Approprietor.

4348
**Declaration of Vested Groundwater Rights**

(Under Chapter 237, Montana Session Laws, 1961)

1. John Timline
   - **Name of Appropriator**
   - of Sheridan, Montana
   - **Address**

   **County of Madison**
   - **State of Montana**

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - Domestic use and water livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   - **between 1886-1890**

4. The amount of groundwater claimed (in miner’s inches or gallons per minute):
   - 5 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - 1886-1890

8. The depth of water table:
   - **20 feet**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - **20 feet deep, dug well walled up with rock**

10. The estimated amount of groundwater withdrawn each year:
    - **Approximately 150,000 gal.**

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    - not to my knowledge

**Signature of Owner:**

John Timline

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Dollis D. Hodges, Nellie C. Hodges

County of Madison State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is for domestic use and stock water.

3. Date or approximate date of earliest beneficial use; and how continuously the use has been the two wells in SE 1/4 of 29 were appropriated 1864; the well in SE 1/4 of SE 1/4 of Sec. 24, all in Township 48, R. 5W., M. P. M. The Easterly well in SE 1/4 of Sec. 29, said Township, and Range (cont. 98 ft.), is the total flow of each well.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)—

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Two wells are power pumped. Wells are planted on section sheets on this sheet.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Commenced and completed as of years indicated above.

8. The depth of water table... 20-25 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Wells are about 20 feet deep.

10. The estimated amount of groundwater withdrawn each year... the total flow when needed.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. There are three wells in section 28; two wells in section 29, T. 48, R. 5W., M. P. M.
