STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. [Name of Appropriator]
2. [Address]
3. County of [County], State of [State], have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
3. Date or approximate date of earliest beneficial use; and how continuous the use has been
4. The amount of groundwater claimed (in miner's inches or gallons per minute)
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
8. The depth of water table
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
10. The estimated amount of groundwater withdrawn each year
11. The log of formations encountered in the drilling of each well if available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropirateor.
# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Name of Appropriator**: Bert Maddox  
   **Address**:  
   **Town**: Twin Bridges  
   **County**: Madison  
   **State**: Montana  
   
   These have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. **The beneficial use on which the claim is based**: Domestic and Farm  
3. **Date or approximate date of earliest beneficial use**: January 1, 1962  
4. **The amount of groundwater claimed (in miner's inches or gallons per minute)**: 15 gallons per minute  
5. **If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof**:  
   - **Landowner**: Bert Maddox  
   - **Acreage**:  
   - **Description**:  
   - **Owner Name**:  
6. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal**:  
   - **Method**: Electric Pump  
   - **Location**:  
7. **The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater**: Well constructed in 1957  
8. **The depth of water table**: About 18 ft  
9. **So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater**: Driven well, 3 inch pipe, 25 ft  
10. **The estimated amount of groundwater withdrawn each year**: 100,000 gal  
11. **The log of formations encountered in the drilling of each well if available**:  
12. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record**:  

---

Signature of Owner: Bert Maddox  
Date: Dec 30, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.  

1957
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater. Jan. 20, 1948

Owner: BEAT MADDUX
Address: TWIN BRIDGES

Contractor (if any) ...

Address of Contractor ...

Date Started ... Date Completed ...

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural spring ...

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Irrigation ...

Signature of Owner ... Date Dec. 30, 1968

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

The form indicates the date of completion, the owner's information, and the contractor's details. It also describes the means of obtaining groundwater without a well and the quantity of water developed and used. The signature of the owner is dated December 30, 1968.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Mary Christian Holt, of Jennis Bridges

County of Madison, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   domestic and stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1908
   part-time

4. The amount of groundwater claimed, (in miner's inches or gallons per minute): 1 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   hand pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1908

8. The depth of water table: 20

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 1000, 000 gallons

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Mary Christian Holt
Date: Sept 25, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.
Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: December 30, 1963
Owner: Thomas D. Holt
Address: Twin Bridges, Montana
Contractor (if any): None
Address of Contractor: 
Date Started: 
Date Completed: 

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural process: 

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. This spring has been used for stock watering for the past 14 years by Thomas D. Holt and by W. E. Gustafson a number of years before. This is used as open water during cold weather.

Signature of Owner: Thomas D. Holt
Date: Dec. 31, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropiator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: Thomas D. Rohe
   (Address): Twin Bridges

   County of: Madison
   State of: Montana

   I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock watering.

3. Date or approximate date of earliest beneficial use: All about 1935

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 2.0524 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   Acreage: 100
   Description: Farm land
   Name of Owner: Thomas D. Rohe

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Hand pumps
   One at open shed, one in barn, and one at corral

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Completed about 1935 for all three wells.

8. The depth of water table: 35-45 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   The two at the sheds are 2½ inch drive wells
   and the one at the corral is a dug well about 3 feet in diameter.

10. The estimated amount of groundwater withdrawn each year: About 20,000 gallons from the two at the sheds and about 15,000 gallons from the other.

11. The dig or information, description of the drilling of each well if available: All these wells are about 20 feet deep in sand and gravelly ground.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Additional information:

Signature of Owner: Thomas D. Rohe
Date: December 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Marie L. Carlson of Twin Bridges
   (Name of Appropriate) (Address)
   County of Madison State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Watering livestock and domestic use

   3. Date or approximate date of earliest beneficial use; and how continuously the use has been: 1946
      Used continuously since.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Watering 1/4 acre lawn, garden and orchard.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well drilled in 1946

   8. The depth of water table: 20 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well with 6 inch casing, 50 feet deep

   10. The estimated amount of groundwater withdrawn each year: 350,000 gallons

   11. The log of formations encountered in the drilling of each well if available: Not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Marie L. Carlson
Date: Feb 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Log of Well
Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Joe Hatally
Address: Twin Bridges

Driller: O'Keefe Drilling Co.
Address: Butte, Montana

Date of Notice of appropriation of groundwater: Nov. 18, 1969
Date well started: Nov. 15, 1969
Date completed: Nov. 14, 1969

Type of well drilled: Churn drill
Equipment used: Churn drill (Churn drill, rotary or other)

Water use:
Domestic [ ]
Municipal [ ]
Stock [ ]
Irrigation [ ]
Industrial [ ]
Drainage [ ]
Other [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soft, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Size of Drilled Hole

The County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Sidney Smith
of
Twin Bridges, Montana
County of Madison
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Domestic use and lawn irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1912

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   25 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   1 acre located as appears in x on diagram

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   1 horse pump on the Iinch draw pipe inside six inch casing (electric pump)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1912

8. The depth of water table
   eight feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   see description of means of extraction above. Well is 45 feet deep, depth of water in casing varies but never below eight feet

10. The estimated amount of groundwater withdrawn each year
    50,000 gallons per yr.

11. The log of formations encountered in the drilling of each well if available
    none available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Dec 26, 1963

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriatee.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237, Montana Session Laws, 1961)

Date of Appropriation of Groundwater: January 1963
Owner: Sidney Smith
Address: Twin Bridges
Contractor (if any): none
Address of Contractor: 
Date Started: Jan. 1963
Date Completed: April 1963

Indicate point of appropriation and place of use, if possible.

Signature of Owner: 
Date: Dec. 26, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriate.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

1. Declaration of Vested Groundwater Rights
   (Under Chapter 237, Montana Session Laws, 1961)

2. The beneficial use on which the claim is based:
   **DOMESTIC AND STOCK WATER**

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   **1872 - CONTINUOUS USE SINCE**

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   **1 GALLON PER MINUTE**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   **3 HIGH PIECE ELECTRIC PUMP**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   **1872**

8. The depth of water table:
   **20 FT**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:
    **1,000,000 GALS**

11. The log of formations encountered in the drilling of each well if available:
    **NOT KNOWN**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   signature of owner: Mary and Christine Holt
   date: Sept. 28, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Tripliante to the Montana Bureau of Mines and Geology, and Quadruplicate for the Approporator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. NICK PEPPERCORN, of TWIN BRIDGES
   (Name of Appropriator) (Address) (Town)

   County of MADISON, State of MONTANA

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: WATER FOR LIVESTOCK

   3. Date or approximate date of earliest beneficial use: 1910; continuous use at least six months per year, daily, since that year.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 60 miner's inches

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not applicable

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pump; located in SE 1/4 NW 1/4, Sec. 18, Township 5 South, Range 6 West, M.N.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: completed in 1890.

   8. The depth of water table: four feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 20 feet in depth with four-inch casing

   10. The estimated amount of groundwater withdrawn each year: 250,000 gallons

   11. The log of formations encountered in the drilling of each well if available: not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: not available

   Signature of Owner

   Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Laura E. Jones, of Twin Bridges, Madison County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based:
   Stock water.

2. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1958

3. The amount of groundwater claimed (in miner's inches or gallons per minute):
   Two wells, 10 gal. per minute each.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not applicable.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Hand pumps.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1958

7. The depth of water table: 5 feet

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Driven well with sand point, 15 in. in diameter in each well. They are just a few yards apart; the first well is 35 feet deep and the second well is 25 feet deep.

9. The estimated amount of groundwater withdrawn each year: Each well is capable of producing approximately 5,000,000 gal. per yr. if used constantly.

10. The log of formations encountered in the drilling of each well if available: All gravel.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not applicable.

### Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Logan Smith**, of **Twin Bridges**
   
   **County of:** Madison  
   **State of:** Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation and stockwater.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: July, 1963.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1500 gallons per hour.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   10 acres in SE1/4 of Section 22, T. 43 N., R. 66 W., M.P.M.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pipe in ground-electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: July 1963, commenced and finished.

8. The depth of water table: 60 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1½-inch pipe. Electric power pump.

10. The estimated amount of groundwater withdrawn each year: The total capacity during the season April 15, to Nov. 1 in each year. The year around for stock-water.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of the act, including reference to page of any county record.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Calvin A. Meatley, of Twin Bridges, Montana
   (Name of Appropriator) (Address) (Town)
   County of Madison, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: houses and stock

3. Date or approximate date of earliest beneficial use; and if continuous the use has been before 1943

4. The amount of groundwater claimed (in miner's inch or gallons per minute): 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Irrigate lawn 1/8 acre owned by appropriator

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: before 1963

8. The depth of water table: 23 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   4 inch casing, jet pump, well is 160 feet deep

10. The estimated amount of groundwater withdrawn each year: 250,000 gal per yr

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
