STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1870
Owner: Garrison Ranches, Inc., Glen
Contractor (if any): 
Address of Contractor: 
Date Started: 1870, Date Completed: 1878

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. by means of catch basin
at head of spring raising to surface,
piped to house and corrals plus irrigating

garden.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

3 gallons per minute as comes from pipe

Indicate point of appropriation and place of use, if possible.

Signature of Owner:

This form to be prepared by contractor (if any), otherwise by the owner.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: December 30, 1963
Owner: Thomas D. Holt
Address: Twin Bridges, Montana
Contractor (if any): None
Address of Contractor:

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural process:

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Open stock watering during winter months.

Signature of Owner: Thomas D. Holt
Date: December 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961) Spring and 2 wells

1. Narancich Bros. of Twin Bridges
   (Name of Appropnator) (Address) (Town)

County of Madison State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   #1 - stock water; #2 - household use; #3 household use and irrigation.

3. Date of approximate date of earliest beneficial use; and how continuous the use has been
   #1 - Spring 1870; #2 - well 1900; #3 - well 1943.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): #1 - 3 gallons per minute; #2 and #3 - 15 gallons per minute each.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   #3 - acre lawn and garden near the house - owned Nick Narancich.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   #1 - natural flow spring; #2 and #3 - electric pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   #1 spring new 1953; #2 well 1900; new pump 1952; #3 well 1943.

8. The depth of water table:
   #1 - don't know; #2 - 35 feet; #3 - 35 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   #1 - none; #2 - drilled well, 6-inch casing, 10 feet deep, 1-1/2 pipe to electric pump; #3 - drilled well, 6-inch casing, 40 feet deep, 1-1/2 pipe to electric pump.

10. The estimated amount of groundwater withdrawn each year:
    #1 - 3 gallons per minute for year around; #2 - 180,000 gallons; #3 - 500,000 gallons.

11. The log of formations encountered in the drilling of each well if available:
    none available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner
   Nick Narancich
   Date December 31, 1963.

Three copies to be filed by the Counties with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Guy Bird
   (Name of Appropriator)
   of Twin Bridges
   (Address)
   (Town)
   County of Madison
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   domestic and lawn irrigation

3. Date or approximate date of earliest beneficial use; and how continued:
   driven well June 1932

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   30 gal per minute

5. If used for irrigation, give the acresage and description of the lands to which water has been applied and name of the owner thereof:
   1/10 acre owned by appropriator

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   electric pump & horsepower motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   June 1932
   12 feet

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   driven well 10 feet in depth, 1 1/2 inch pipe

10. The estimated amount of groundwater withdrawn each year:
    50,000 gal per yr

11. The log of formations encountered in the drilling of each well if available:
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: ____________________________
Date: Dec 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

Edward P. Elford and Ethelyn Vivian Elford

(Name of Appropriator) (Address) (Town)

County of Madison State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based is subirrigation of lands hereinafter described.

2. The date or approximate date of earliest beneficial use, and how continuous the use has been since.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) and total subirrigation which has obtained since original appropriation.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

7. The depth of water table - about two foot high level - 3 foot low level.

8. The estimated amount of groundwater withdrawn each year - the total is necessary.

9. The log of formations encountered in the drilling of each well if available.

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Edward P. Elford

Date: December 23, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Clarence D. Talcott, of Win Bridges (Town)
   County of Madison, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   1 and 2 wells house hold use and garden; 3 and 4 stock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   All four rights 1886 and continuously ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   1 and 2 ten gallons per minute 3 and 4 ten gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   1 and 2 1 acre each lawn and garden near house - owned by Clarence D. Talcott.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   1 and 2 are wells - hand pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   1886

8. The depth of water table
   1 and 2 = 13 feet; 3 and 4 = Don't know

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   1 and 2 = wells 18 feet deep each both dug wells and rocked up; hand pumps on both.

10. The estimated amount of groundwater withdrawn each year.
    1 = 180,000 gallons; 2 = 180,000 gallons; 3 = 25,560,000 gallons; 4 = 25,560,000 gallons.

11. The log of operations encountered in the lining of said wells is as follows
    Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    

Signature of Owner: Clarence D. Talcott
Date: December 31, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Helen W. Kelsey, 3741 Twy, Bridges, Mont. (Name of Appropriator)
   County of Madison State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household use and Stock watering.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Continuous use since 1923.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3/4 well, (household) 480 g.p.m.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Well, Lawns, Irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Bore Electric Pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1923.

8. The depth of water table: Approx. 10 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 8 inch casing (Driven) #1 Well 60 feet.

10. The estimated amount of groundwater withdrawn each year: Not Available.

11. The log of formations encountered in the drilling of each well if available: Not Available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner:  

   Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Nick Novich  Address: Twin Bridges, Mont.
Driller: Carl Holstenstein  Address: Dillon, Mont.

Date of Notice of Appropriation of Groundwater: Nov. 5, 1962
Date Well Started: Nov. 5, 1962  Date Completed: Nov. 6, 1962

Type of Well: Drilled  Equipment Used: Churn Drill
(dug, driven, bored or drilled)

Water Use: Domestic  Municipal  Other  Irrigation
Industrial  Drainage  Stock

- Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

Clear Ground owned by Ralph or Clara Redfield

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Aquifer, jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1880

8. The depth of water table

Pumping Water Level 14 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

50 ft from the surface of the ground

21 casing (date)

10. The estimated amount of groundwater withdrawn each year: 600,000 gals

11. The log of formations encountered in the drilling of each well if available:

Ralph or Clara Redfield

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner

Date 12/31/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

2 Wells

1. Clarence D. Talcott, of Twin Bridges
   (Name of Appropriator)
   (Address)
   (Town)
   County of Madison
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - Household: 1
   - Garden: 1

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Both wells continuously since

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - #1: 10 gallons per minute
   - #2: 10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - #1: lawn and garden - 1 acre near house
   - #2: none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - #1: electric pump
   - #2: electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Both in 1866

8. The depth of water table:
   - #1: 13 feet
   - #2: 13 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - #1: Drilled well, 18 feet deep, 2 inch pipe, electric pump into pressure tank
   - #2: Dug well, galvanized pipe, 12 inch 18 feet deep, 2 inch pipe to electric pump

10. The estimated amount of groundwater withdrawn each year:
    - #1: 180,000 gallons
    - #2: 250,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    Both wells are gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owen Maynard Nyhart, Address: Twin Bridges, Mont.
Driller: Carl P. Holenstein, Address: Dillon, Mont.

Date of Notice of Appropriation: Apr. 6, 1963
Date of Completion: Apr. 12, 1963

Type of Well: Drilled
Equipment Used: Churn Drill (dug, driven, bored or drilled)

Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Mary Louise and Frank Balkovetz
   (Name of Appropnator) of Twin Bridges
   (Address) in town(s)
   County of Madison

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is on domestic use, water for livestock irrigation and sub-irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. The two dug wells and one driven well date back to summer of 1875. The other driven well dates back to April 25, 1911. The spring used since summer of 1875 for watering livestock.

4. The amount of groundwater claimed (in inches or gallons per minute) each well flows 750 gallons per minute. The spring flows 100 inches, statutory measurement, per second of time.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   140 irrigated acres in the South 32 acres of Sec. 23, T. 4S., R. 7W., M. P. M. - and 80 of Section 23, T. 4S., Range 7 West, M. P. M.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   Use centrifugal pumps at each well attached to pipe in said wells. Pipe is about 14 inches in diameter.

7. The date of commencement and completion of the construction of the well, wells or other works for withdrawal of groundwater. Dates of appropriation above set forth are dates of completion. Dates commenced, probably 1 month before completion.

8. The depth of water table. About 4 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Ditches adequate to irrigate.

   One dug well 20 ft. deep.
   One driven well 15 ft. deep.
   One driven well 31 ft. deep.

10. The estimated amount of groundwater withdrawn each year. Total of walls. Total of subirrigated areas. Total of Spring when necessary.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Signature of Owner
   Date December 19, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropnator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. M. J. Pokran
   (Name of Appropriator)
   of
   (Address)
   Town
   County of Madison
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water on all 4 springs.

3. Date or approximate date of earliest beneficial use; and how continuously the use has been: 1875 on all 4 springs and continuously ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 70 miners inches for 3 springs in SE NE: 20 miners inches for North spring.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: natural flow springs.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: All in 1875.

8. The depth of water table: Don't know.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Springs.

10. The estimated amount of groundwater withdrawn each year: See #4 above - year around.

11. The log of formations encountered in the drilling of each well if available: None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: M. J. Pokran

Date: December 31, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
## Notice of Completion of Groundwater Appropriation by Means of Well Developed After January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

**Top of Ground**

(Elev. above sea level: ____________)

0-22 sand & gravel

5 = static level

10 pumping level @ 30 g.p.m. Date well started: Nov. 24, 1969 Date completed: Nov. 25, 1969

### Type of Well
- **Drilled** (Drum, bored or drilled)
- **Equipment used:** (Churn drill, rotary or other)

### Water use:
- Domestic
- Municipal
- Stock
- Irrigation
- Industrial
- Drainage
- Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1. Claud A. Butte, of Twin Bridges
   (Name of Appropriator) (Address) (Town)

   County of Madison State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Stock water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1935 and continuously ever since.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: none

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Natural flow spring.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1935.

   8. The depth of water table: none

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: none

   10. The estimated amount of groundwater withdrawn each year: 50,000 gallons

   11. The log of formations encountered in the drilling of each well if available: none available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none

   Signature of Owner: Claud A. Butte

   Date: December 31, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

**Claud A. Butte**, of Twin Bridges (Address) (Town)

County of Madison, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

## 1. Name of Appropnator

Claud A. Butte

## 2. The beneficial use on which the claim is based

- Household use and stock water.

## 3. Date or approximate date of earliest beneficial use; and how continuous the use has been

- 

## 4. The amount of groundwater claimed (in miner's inches or gallons per minute)

- 12 gallons per minute from each well.

## 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

- None.

## 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

- All three are driven wells, two-inch casing, and electric pumps on all three wells.

## 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

- #1 - 1929; #2 - 1938; #3 - 1945.

## 8. The depth of water table

- 5 feet in each well.

## 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

- All three are driven wells, two-inch casing, and electric pumps.

## 10. The estimated amount of groundwater withdrawn each year

- 

## 11. The log of formations encountered in the drilling of each well if available

- None available.

## 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

- None.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

HARRY R. & ALTA R. NYE
at Twin Bridges
(Town)
(Address)

County of
State of

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based
   - Domestic & Stock Use
3. Date or approximate date of earliest beneficial use and how continuous the use has been
   - House Well 1894
   - Stock Well 1905
   - Continuous
4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   - 25 gpm
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - No irrigation was applied
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - Electric pumps
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - House well was drilled as 1894
   - Stock well was dug & drilled in 1899
8. The depth of water table
   - 3 feet in summer, 100 feet in winter
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
10. The estimated amount of groundwater withdrawn each year
11. The log of formations encountered in the drilling of each well if available
