Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Lowell L. Gilman, of Alder
   (Name of Appropriator) (Address) (Town)

   County of Madison State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Lowell L. Gilman

Date: Dec 30, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. J. W. Hansen of Virginia City
   (Name of Appropriator) (Address) (Town)
   County of Madison State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Stock water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been since.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 miner's inches, statutory measurement, per second of time the year around.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Accumulates in "Water Gulch"-stream supplied by 2 springs in Sec. 32 T. 5 S., R. 3 W., and one spring in Sec. 6, T. 6 S., R. 3 W., all M. P. M., gravity.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   8. The depth of water table: variable

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

   10. The estimated amount of groundwater withdrawn each year: The total flow each year.

   11. The log of formations encountered in the drilling of each well if available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: This appropriation is for use in watering livestock on Secs. 4 and parts of Secs. 7 and 8, T. 6 S., R. 3 W., and Section 32, T. 5 S., R. 3 W., M. P. M.

   Signature of Owner: [Signature]
   Date: December 23, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Tony Foster, of Sheridan (Name of Appropriator) (Address) (Town)
   County of Madison State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Use for stock-water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. June 1919. Continuous since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). The total flow of three springs.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water accumulates in a single stream from which livestock drink.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. June 1919.

8. The depth of water table. Variable.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. See paragraph 6.

10. The estimated amount of groundwater withdrawn each year. The total flow.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: ____________________________

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Estate of Paul W. Westbrook, of Virginia City
   (Name of Appropriator)
   (Address)
   (Town)

   County of Madison
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: on use, stockwater and for irrigation.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Springs in section 15, 58, R. 5W, M.R.N. in 1914; and all springs in sec. 20, 21, 22, 27, 28, 29, T. 58, R. 5W, M.R.N. in 1914.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):

      (See attached exhibit A.)

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

      Acreage irrigated in W4 of Sec. 15, T. 58, R. 5W, M.R.N. amounted to about 75 acres with the waters from the springs in said W4 of section 15, T. 58, Range 5 West, M.R.N.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal were and are:

      (land herein- ditches tapping the streams formed by the springs in the W4 of after des- said section 15, T. 58, R. 3W, M.R.N., all other water gather in little streams and are available for stock water on said Westbrook land

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

      1913

   8. The depth of water table: variable

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

      —O—

   10. The estimated amount of groundwater withdrawn each year: The total flow of said springs

   11. The log of formations encountered in the drilling of each well if available: —O—

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

      The lands owned by Paul W. Westbrook at the time of his death and now under control of the undersigned executor of his last will and testament are all situated in the County of Madison, State of Montana, and are more (cont. on attached sheet, Exhibit A)

      Signature of Owner

      Executor of Last Will and Testament
      Date: December 24, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

14970
No. 4:
The two cluster of springs in west half of said section 15 flow 40 miners inches each or more, s.m. per second of time; continually; cluster of springs in velocipede gulch flow 25 miners inches or more, s.m. per second of time; spring in SW^SE^4 of section 22, T. 3S., R. 3W., M.P.M. flows about 20 miners inches, s.m./per second of time; and all other springs on the Westbrook land in sections 15, 20, 21, 22, 27, 28 and 29 in Township 5 South, Range 3 West, M.P.M. are dated as for commencement of use in 1914, and flow about 100 miners inches s.m. in the aggregate per second of time and appropriated as of 1914.

No. 12 continued:
particularly described as follows:

The West half of section 15; the southeast of the Northeast quarter, the Northeast quarter of the Southwest, and the Southeast quarter of section 20, all of section 21, the West half of the West half of section 22, the Northwest quarter of the Southwest quarter of Section 27, the Northwest quarter of the Northeast quarter, and the Northwest quarter of Section 28, and the North half of the Northeast quarter and Southeast quarter of the Northeast quarter of section 29 all in Township Five South, Range Three West, Montana Principal Meridian.

**County of Madison**

**State of Montana**

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **Location and Description of Appropriation**
   - **County:** Madison
   - **State:** Montana

2. The beneficial use on which the claim is based: Both for Stockwater.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Both 1896 - continuous ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 
   - #1 - 7 Miners' inches
   - #2 - 3 Miners' inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Both natural-flow springs.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1896.

8. The depth of water table: Don't know.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: None.

10. The estimated amount of groundwater withdrawn each year: 
    - #1 - 42 Miners' inches
    - #2 - 18 Miners' inches

11. The log of formations encountered in the drilling of each well if available: None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

**Signature of Owner:**

**Date:** December 26, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1930
Owner: Larry Deschmehl
Address: Chinook, Mont.
Contractor (if any) __________________________
Address of Contractor __________________________
Date Started __________________________ Date Completed __________________________

Describe means of obtaining groundwater without a well "as by sub-irrigation and other
natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent,
estimate approximate lengths of periods of use __________________________

Signature of Owner: __________________________
Date: __________________________

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana
Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Date of Notice of Appropriation of Groundwater

Date well started

Date Completed

Type of well

Equipment Used

Water Use:

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well

Shut-in Pressure for Flowing Well

Pumping Water Level

Discharge in gal. per min. of flowing well

How Tested

Remarks:

No. Packer is placed outside of casing

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Paul W. Tillinger, Jr.
of Box 25
Ennis

Added
County of Madison
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is irrigation, recreation, livestock and domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 6-27-73 continuous to date

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 950 gallons per minute (see Affidavit attached)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 5-1-71 to 6-27-73

8. The depth of water table...about 10 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 2 developed irrigation water wells about 30 feet in diameter and 18 feet deep

10. The estimated amount of groundwater withdrawn each year 950 gallons per minute for 30 days irrigation and lesser amounts for other use

11. The log of formations encountered in the drilling of each well if available...not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including references to book and page of any county record...see Affidavit of Irrigation well

Signature of Owner: Paul W. Tillinger
Date: 6-29-1973

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
June 27, 1973

To Whom it May Concern:

This is to verify that I, Lance T. Starkey, of Rathdrum, Idaho, representing West State Irrigation Company of Pasco, Washington dug a well eighteen feet six inches deep on the property of Paul Tilling, Jr., of Ennis, Montana, and pumped said well at the rate of nine hundred fifty (950) gallons of water per minute continuously for ten hours.

Lance T. Starkey

Sworn before me this 28th day of June, 1973.

2. The beneficial use on which the claim is based: Stockwater, domestic use and irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Well No. 1, 1920; Well No. 2 & Well No. 3, 1944. Continuous ever since said years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Well No. 1, 25 miner's inches each well, s.m. per second of time.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commenced and completed in years stated in paragraph 3 above.

8. The depth of water table is variable from 3 feet to 20 feet deep.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well No. 1, 45 feet deep; 8 inch casing, and 2 inch pipe for withdrawal. Well No. 2, 72 feet deep; 4 inch casing; 2 inch pipe for withdrawal. Well No. 3, 60 feet deep; 4 inch casing and 2 inch withdrawal pipe.

10. The estimated amount of groundwater withdrawn each year: The total capacity when ever needed.

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Paul W. Tullinger
Date: December 23, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Gallatin

County

State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based. Irrigation of lands as shown on attached exhibits Nos. 1 and 2.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been. See "Date" and other dates as shown on attached exhibit No. 1.

3. The amount of groundwater claimed (in miner's inches or gallons per minute). As shown on attached exhibits Nos. 1 and 2.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof as shown on attached exhibits Nos. 1 and 2.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. As shown on attached exhibits Nos. 1 and 2.

6. The depth of water table as shown on attached exhibits Nos. 1 and 2.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. As shown on attached exhibits Nos. 1 and 2.

8. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. As shown on attached exhibits Nos. 1 and 2.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. As shown on attached exhibits Nos. 1 and 2.

10. The log of formations encountered in the drilling of each well if available. As shown on attached exhibits Nos. 1 and 2.

11. Average total flow 325 cubic feet per minute. As shown on attached exhibits Nos. 1 and 2.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act including reference to book and page of any county record. See attached exhibits Nos. 1 and 2.

Signature of Owner: 

Date: November 13, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
No. 1 - Drain ditch (Located in Section 6, T-4-3, R-1-4)
Developed in September 1950 and in continuous since. Average flow of water, 50 miner inches. Depth of ditch on grade from nothing to 3 feet deep; surface width about 10 feet; bottom width about 3 feet. This ditch developed for control of surface water in sub-irrigated native hay land of approximately 175 acres. When water is not being checked in this ditch for its permanent use, it is then used for irrigating approximately 30 acres of additional land in Section 6, T-5-3. See exhibit No. 2 (Photo).

No. 2 - Drain ditch (Located in Section 6, T-5-3, R-1-4)
Developed in May 1951 and in continuous since. Average flow of water, 60 miner inches. Depth of ditch about 2 feet; surface width about 5 feet; bottom width about 2 feet. Developed for control of surface water in sub-irrigated native hay land of approximately 175 acres. When water is not being checked in this ditch for its permanent use, it is then used for irrigating approximately 75 acres of additional land in Section 5, T-4-4. See exhibit No. 2 (Photo).

No. 3 - Drain ditch (Located in Section 5, T-6-3, R-1-4)
Developed in June 1951 and in continuous since. Average flow of water, 70 miner inches. Depth of ditch about 2 feet; surface width about 5 feet; bottom width about 2 feet. Developed for collecting of surface water in sub-irrigated pasture land and used for irrigating approximately 60 acres of additional land in Section 5, T-5-4. See exhibit No. 2 (Photo).

No. 4 - Drain ditch (Located in Sections 31, 32, T-4-6 and Section 5, T-6-3, R-1-4)
Developed in May 1952 and in continuous since. Average flow of water, 60 miner inches. Depth of ditch about 2 feet; surface width about 5 feet; bottom width about 2 feet. Developed for control of surface water in sub-irrigated pasture land of approximately 230 acres. When water is not being checked in this ditch for its permanent use, it is then used for irrigating approximately 50 acres of additional land in Section 5, T-5-4. See exhibit No. 2 (Photo).

No. 5 - Drain ditch (Located in Section 6, T-5-3, R-1-4)
Developed in May 1953 and in continuous since. Average flow of water, 50 miner inches. Depth of ditch about 2 feet; surface width about 5 feet; bottom width about 2 feet. Developed for control of surface water in sub-irrigated native hay land of approximately 175 acres. When water is not being checked in this ditch for its permanent use, it is then used for irrigating approximately 30 acres of additional land in Section 5, T-4-4. See exhibit No. 2 (Photo).

No. 4 - Natural drain (Located in Section 5, T-5-6, R-1-4)
Average flow of water at end of sub-irrigated pasture land is 33 miner inches. This water, when travelling through dry land disappears before getting to our line fence.

No. 5 - Natural drain (Located in Section 5, T-6-3, R-1-4)
Average flow of water at end of sub-irrigated pasture land is 25 miner inches. This water, when travelling through dry land disappears before getting to our line fence.
7. The date of commencing the withdrawal of ground water.

8. The depth of water table.

9. So far as it may be possible to do, any works for the withdrawal of water.

A similar nature as may be useful in carrying out the policy of this act, including a copy of any county record.

Signature of Owner: [Signature]
Date: January 13, 1927

This form is to be filled out and submitted by the owner with the County Clerk and Recorder of the county in which the well is located. If not applicable, so state; otherwise the form will be returned.

County Clerk and Recorder: duplicate to the State Engineer; triplicate to the Montana Bureau of Geology, and quadruplicate for the Appropriator.
**Declaration of Vested Groundwater Rights**

(Under Chapter 237, Montana Session Laws, 1961)

---

**Robertson**

No. James B. Robertson and Margie R., of 421 South Main, Bozeman.

(Name of Appropriator) (Address) (Town)

County of Gallatin State of Montana

have appropriated groundwater according to Montana laws in effect prior to January 1, 1962, as follows:

For use on our land held in joint tenancy in Wilson County, Montana, and located in Section 8, T-6-S, R-1-W.

2. The beneficial use on which the claim is based No. 1 Well for household and yard irrigation and No. 2 Well for livestock water.

3. Date or approximate date of earliest beneficial use and how continuous the use has been No. 1 and 2 Well existed prior to September 1962 the date of purchase of land and have been in continuous use since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) No. 1 Well -- 100 gallons per minute. No. 2 Well -- 200 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal No. 1 Well: Electric pump. No. 2 Well: Windmill and/or electric operated pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Completed prior to September 1962 date of purchase of land in each instance.

8. The depth of water table. No. 1 Well, 50 feet from surface. No. 2 Well, 6 feet from surface.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. No. 1 Well was originally dug well by about 20 feet deep and at some later date a 4" casing was installed and this well back-filled. No. 2 Well is a dug well about 6' sq. and about 10' deep.

10. The estimated amount of groundwater withdrawn each year. No. 1 Well: about 250,000 gallons. No. 2 Well: about 500,000 gallons.

11. The log of formations encountered in the drilling of each well if available. Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No other information available.

Signature of Owner

---

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
**Notice of Completion of Groundwater Appropriation by Means of Well**

(Under Chapter 237, Montana Session Laws, 1961)

**Owner:** Reuben H. Black  
**Address:** 240 Bridge Drive, Bowman, Montana

**Driller:** M. E. Jones  
**Address:** Bowman, Montana

**Date of Notice of Appropriation of Groundwater:** November 4, 1963  
**Date Well Started:** November 6, 1963  
**Date Completed:** November 6, 1963

**Type of Well:** Drilled  
**Equipment Used:** Churn Drill  
(dug, driven, bored or drilled)

**Water Use:** Domestic [ ]  
Municipal [ ]  
Other [ ]  
Irrigation [ ]  
Industrial [ ]  
Drainage [ ]

- **Static Water Level for non-flowing Well:** 20 feet.
- **Shut-in Pressure for Flowing Well:** Not Applicable
- **Pumping Water Level:** 41 feet at 35 gal. per minute.
- **Discharge in gal. per min. of flowing well:** Not Applicable
- **How Tested:** Pump  
**Length of Test:** 24 hrs.

**Remarks:** (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation.)

---

**Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.**

![Diagram](image)

**Indicate location of well and place of use, if possible. Each small square represents 10 acres.**

**Show exact depth of bottom.**

---

**Please answer all questions. If not applicable, so state, otherwise the form will be returned.**

**This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.**
