Declaration of Vested Groundwater Rights

Mary Stiles, Charles (Under Chapter 227, Montana Session Laws, 1961)

Bovey and Sue F. Bovey,

Ernest Dixon and Elizabeth Dixon, Norman Waterman and Loula May

1. Waterman and Frank E. Blair. (Cont.)

(Name of Appropnator)

County of........ Madison

State of........ Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is by appropriation for irrigation, stockwater, and domestic use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been...April 1, 1904; continuously since during spring, summer and fall of each and every year.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). The total amount the 5 inch pipe well carries presently in use.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

Bovey's Elling lots 3 acres in blocks 202, 229

and street between Stiles. Blocks 271, 272 and 240, of Virginia City. Ernest and Elizabeth Dixon lot 7 and 8

Block 231; Norman H. Waterman and Loula Mae Waterman ...

6. The means of withdrawing each water from the ground and the location of each well or other means of withdrawal is by means of 5 inch pipe tapping drainage formed by Madison and other springs in a cluster southeasterly from Virginia City, situated in approximately sections 25 and 26, Township six South, Range 3 West, Montana Principal Meridian.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater commenced in 1903 completed by April 1, 1904.

8. The depth of water table...variable...estimated at 30 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...5 inch pipe transports water described above; spring-house diverts above Virginia City.

10. The estimated amount of groundwater withdrawn each year. The total a 5 inch pipe carries as presently installed.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record The places of use are in the Townsite of Virginia City, Montana.

Signature of Owner

Date December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropnator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. L. W. Hansen, of Virginia City, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Stockwater and Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since:
   
4. The amount of groundwater claimed (in miner's inches or gallons per minute). 50 miner's inches, statutory measurement per second of time

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1863

8. The depth of water table. About 15 feet. Variable

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   
10. The estimated amount of groundwater withdrawn each year. The total flow:

11. The log of formations encountered in the drilling of each well if available:
   
12. Other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

1971
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

L. W. Hansen, of Virginia City
(Owner, Address, Town)
County of Madison, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based:
   Stock water only

2. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   1870 and continuously since

3. The amount of groundwater claimed (in miner's inches or gallons per minute) is the total flow in excess of 40 inches, statutory measurement, per second of time

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Gravity and stream

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   1870

7. The depth of water table:
   30-40 feet

8. The type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

9. The estimated amount of groundwater withdrawn each year:
   Total flow

10. The log of formations encountered in the drilling of each well if available:

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
   This is a spring located in Sec. 36, T. 6 S., R. 3 W., M.P.M., and accumulates in a stream on said section for stock water use

Signature of Owner:

Date: December 23, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. L. W. Hansen, of Virginia City, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is stock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1865

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 500 gallons per minute of time

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal by accumulating water from all springs, seepage and percolating waters, in Indian or Prospect Mine Hollow in T. 6 S., R. 3 W., M. P. M., in a stream in said hollow or gulch

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commenced and completed 1865

8. The depth of water table: Variable

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. The stream bed referred to in paragraph 6 above is small but adequate to carry and provide stock water for L. W. Hansen, the owner of large grazing areas in said township and range, and to accumulate the said water from springs, seepage, percolation and underground sources in and at the head of Indian or Prospect Mine Hollow, said township and range

10. The estimated amount of groundwater withdrawn each year is Total flow

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record This appropriation is for stock water for use on Sections 27, 28 and part of 21, part of 34 and part of 33, Township 6 South, Range 3 West, M. P. M.

Signature of Owner: [Signature]
Date: December 23, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 1, 1967
Owner: P.J. Hacker
Address: Ennis, Mont
Contractor (if any)
Address of Contractor
Date Started: May 1, 1967
Date Completed: May 1, 1967
Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable

Spring development

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

One hundred fifty gallons per hour measured into tank used for stock water

Signature of Owner: P.J. Hacker
Date: May 16, 1967

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
Decloration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Lowem L. Gilman, of Alden,
   (Name of Appropriator) (Address) (Town)

   County of Madison, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: livestock

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1907

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 25 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Aug 1, 1962

   8. The depth of water table: spring on surface

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 

   10. The estimated amount of groundwater withdrawn each year: not applicable

   11. The log of formations encountered in the drilling of each well if available: 

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

   Signature of Owner: Lowem L. Gilman
   Date: Dec 30, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is household use -- irrigation -- stock water.

3. Date or approximate date of earliest beneficial use and how continuous the use has been: 1900 continuously ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 30 miner's inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 10 acres garden and grass near house -- Ward Thompson.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Natural flow spring.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Piped in 1911.

8. The depth of water table: Don't know.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: spring.

10. The estimated amount of groundwater withdrawn each year: 30 miner's inches year around.

11. The log of formations encountered in the drilling of each well if available: None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Ward Thompson
Date: December 31, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
