Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: E.L. Heteal
Address: 21st, Helena, Montana

Driller: Carl F. Halenstahner
Address: Dillon, Montana

Date of Notice of appropriation of groundwater: Sept. 21, 1968
Date well started: Sept. 27, 1968
Date well completed: Sept. 26, 1968

Type of well: Drilled
Equipment used: Churn Drill
(Churn, driven, burred or drilled)

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
Shut-in Pressure for Flowing Well
Pumping Water Level
Discharge in gal. per min. of flowing well
How Tested: Drill Test
Length of Test: hr
Remarks: (Gravel packing, cementing, packers, type of shut-off)

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, with a copy to be retained by driller.

Driller’s License Number
Driller's Signature

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Duplicate—State Publishing Co., Helena, Montana—4862

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

David C. & Gladys A. Mortensen, of Alder, Montana
(Name of Appropriator) (Address) (Town)

County of Madison, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Date unknown. The well hasn't been in use for about 2 years, but is expected to be used.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 20 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. "Will be irrigation only."

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pump will be installed. Well located in center of lot approximately.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Date unknown.

8. The depth of water table 7 or 8 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 1 1/2 inch suction.

10. The estimated amount of groundwater withdrawn each year. 20,000 gallons.

11. The log of formations encountered in the drilling of each well if available. Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any court record. Unknown.

Signature of Owner

December 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Public building use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   July 2, 1949; Continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   20 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Business building use only

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Electric pump, well located on lot No. 2.

7. The date of commencement and completion of the construction of the well or other works for withdrawal of groundwater
   June 1949; Exact dates of construction unknown

8. The depth of water table
   7 to 8 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Depth 45 ft. 1 1/2 inch casing

10. The estimated amount of groundwater withdrawn each year
    50,000 gallons

11. The log of formations encountered in the drilling of each well if available
    Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    Unknown

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Household use and lawn irrigation.

3. Date or approximate date of earliest beneficial use and how continuous the use has been:
   Continuous since May 1965.

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   20 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Electric pump, cage of two.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Exact dates unknown.

8. The depth of water table:
   7 to 8 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Depth 49 ft., 1 inch suction.

10. The estimated amount of groundwater withdrawn each year:
    50,000 gallons.

11. The log of formations encountered in the drilling of each well if available:
    Unknown.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    Unknown.

Signature of Owner:

Date:

December 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well Developed After January 1, 1962

(Under Chapter 237, Montana Session Laws, 1961)

Owner: EIPUS MINING CO. c/o E. R. HANSEN, MONTANA

Driller: VAN DYKEN DRILLING CO. Address: BOZEMAN, MONTANA

Date of Notice of appropriation of groundwater: Date well started: 8/25/69 Date completed: 9/12/69

Type of well Drilled: Equipment used: Cable tools: (Dug, Driven, bored or drilled) (Chisel drill, rotary or other)

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Discharge in gal. per min. of flowing well: Test number of acres and location or other data (i.e.: Lot, Block and Addition)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I, N. D. Conklin, of Alder, Madison County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: water used for household and livestock.

2. The date or approximate date of earliest beneficial use: probably sometime between 1873 and 1875, continuous use since.

3. The amount of groundwater claimed: 80 gallons per minute, as needed.

4. The point of appropriation: S.E. 34th Sec. 10, T. 65 N. W.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: hand and electric pump on well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: unknown. Other water rights for this ranch are dated in 1873. Well probably the same.

8. The depth of water table: 25 feet from surface.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: dug well, 5 feet in diameter, not deep, approximately 30 feet of water, well is lined.

10. The estimated amount of groundwater withdrawn each year: 1000 gallons.

11. The log of formations encountered in the drilling of each well if available: none available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.

Signature of Owner: N. D. Conklin

Declaration of Vested Groundwater Rights
(Under Chapter 137, Montana Session Laws, 1961)

1. Charles A. Bovey, of Virginia City
   (Name of Appropriator) (Address) (Town)
   County of Madison State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based...on appropriation for irrigation and domestic use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been...springs...in Sec. 16, Township 6 S, Range 3 W, M.P.M., such as of date 1865.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). The total flow of each spring and well.

5. If used for irrigation, give the acreage...description of the lands to which water has been applied and...of the owner thereof...20 acres irrigated from said springs in the...Sec. 16, 6S5, 3W5, M.P.M. Charles A. Bovey is the owner.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...accumulation in streams and vats and taps are employed to irrigate.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...1865, June. Continuously since...

8. The depth of water table...estimated at 20 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...Wells are 20 feet, dug and rocked, pipes lowered attached to hand pumps.

10. The estimated amount of groundwater withdrawn each year...the total flow...

11. The log of formations encountered in the drilling of each well if available...

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...

Signature of Owner Charles A. Bovey
Date December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
