Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Lydia R. Lind, of White Sulphur Springs,
   (Name of Appropriator) (Address) (Town)

County of Meagher, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

   irrigation and to water livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since:

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 miner's inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   a ditch completed in 1932, to carry water from a spring to point of use.

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   a ditch completed in 1932, to carry water to point of use, the ditch being 14' wide by 6' deep, Spring dug out and improved and catch basin constructed.

10. The estimated amount of groundwater withdrawn each year: 15 miners inches continuous.

11. The log of formations encountered in the drilling of each well if available:

   no well drilled - not applicable.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Lydia R. Lind

Date: December 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1962)

Date of Appropriation of Groundwater: Feb. 1961
Owner: Helen E. Coleman
Address: Ex. 322, Wh. 626, Sec. 3
Contractor (if any) not applicable
Address of Contractor
Date Started: Feb. 1961; Date Completed: June 1961
Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable: natural processes, fenced over source to preserve flow.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

Hard year:
- ground for 200 head of cows and their calves and 15 head of hogs, cows & calves
- using 30 gallons per day and hogs 20 gpd
- 2,299,500 gallons per year

Signature of Owner: Helen E. Coleman
Date: March 27, 1961

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

1. Helen E. Coleman, of Box 321, White Sulphur Springs
   (Name of Appropriator) (Address) (Town)
   County of Meagher State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... Stock water, Domestic and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. March, 1955 and used daily since

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 8 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: one acre of garden and yard

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Automatic electric jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Started in March of 1955 and completed same month.

8. The depth of water table 12 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Wells are four feet in diameter and both approximately 25 feet deep.

10. The estimated amount of groundwater withdrawn each year at least 1,362,100 gallons

11. The log of formations encountered in the drilling of each well if available. Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Not applicable

Signature of Owner: Helen E. Coleman
Date: Dec. 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Feb. 1061
Owner: Helen E. Coleman
Address: Box 321, Wils. Sul. Spr.
Contractor (if any): Not applicable
Address of Contractor: n/a
Date Started: 2-2-61 Date Completed: 9-15-61

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Dug into source of water. Encased the supply, piped water out through a 2" plastic pipe, buried approx. 3' with soil.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Waters 175 head of stock cows at 25 gallons per cow per year; round produces 1,551,250 gallons of water each and there are two springs.

Signature of Owner: Helen E. Coleman
Date: Feb. 29, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
STATE OF MONTANA, ss.

Walter E. Buckingham
County of Meagher
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is stockwater and irrigation of haylands and pasture.

3. Data or approximate date of earliest beneficial use, and how continuous the use has been used since before 1900 and continuous since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) each of the 22 springs run year-round, and flow not less than 15 gallons per minute.

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof. Each spring irrigates adjacent pasture or grass lands as indicated on diagram—several acres adjacent; all lands owned by appropriator.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table—surface.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year approx. one million gallons per each spring or more—all are year-round flow.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. It is the intention of appropriator to establish and claim his rights in the above designated springs for stock watering purposes on a year-round basis, and such irrigation as the springs presently provide.

Signature of Owner:
Walter E. Buckingham
Date: December 31st, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Walter Joyce, of White Sulphur Springs, Nez Perce State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      for watering stock.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been before 1900 and continuous since.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute) each of the 3 springs run year-round and flow not less than 5 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      not used for irrigation.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      spring in Sec. 3, T. 11 R. 5.

   8. The depth of water table.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      spring in Sec. 3, T. 11 R. 5.

   10. The estimated amount of groundwater withdrawn each year:
      improved springs - 5 gal. per min.; unimproved spring - approx. 30 gal. per min; not applicable.

   11. The log of formations encountered in the drilling of each well, if available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner...Walter Joyce.

Owner: Whitetail Grazing Association
Address: White Sulphur Springs, Montana

For Administrator's Use
File: 7262: 362
Date: July 1972
GW 1: 1:10 p.m.

Contractor (If any) owner
Address of Contractor

Date Started: July 1972  Date Completed: Aug 1972

1. Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drain, etc.): Developed Spring
collection tank dug in ground, water piped from tank in ground to stock tank on surface

2. Means of withdrawing water (gravity, pump, canal, etc.): gravity

3. Depth of water table: 6 ft

4. Use of the water: stock water

5. Amount of groundwater claimed (in miner's inches or gallons per minute): 3 gpm

6. If used for irrigation, give number of acres and description of land: 50

7. Estimate amount of water used each year: entire flow is piped into tank

8. Months of year spring flows: year around

Signature of Owner: Whitetail Grazing Association
By: Bob Huthail, Manager
Date: July 15, 1972

INDICATE POINT OF APPROPRIATION AND PLACE OF USE, IF POSSIBLE.
Elevation of spring, if known or estimated approx. 5280 ft.
