Declaration of Vested Groundwater Rights

Darrl Arthur, Len Arthur
Thcibert Arthur, Dors Arthur
Wilcill -

County of

State of

have appropriated groundwater according to the Montana law in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: stockwater and irrigation of pasture and hayfields.

2. Date or approximate date of existing beneficial use and how continuous the use has been since prior to 1960 and continuous since

3. The amount of groundwater claimed, in acre-feet, cubic feet per minute, or gallons per minute, and a minimum of 10 gallons per minute

4. If used for irrigation, give the average and description of the lands to which water has been applied and the areas thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

7. The depth of water table. Surface.

8. The date of measurement the depth of each well or other works for withdrawal of groundwater.

9. The number of springs claimed and locations.

10. The estimated amount of groundwater withdrawn each year. Each of the 64 springs claimed will flow an estimated 250,000 gallons per year or more - year round.

11. The legal description concerned in the drilling at each well if available.

12. Such other information as may be useful.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Interstate Holding Corporation, of Livingston
   (Name of Appropriator) (Address) (Town)

   County of Park State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   NE 1/4 Sec 7 T5N R10E
   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   2. The beneficial use on which the claim is based.
      - pasture-irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
      - January 1, 1920

   4. The amount of groundwater claimed (in miner's inches or gallons per minute).
      - 50 miner's inches

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
      - NEL/4 of Section 17

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
      - natural springs

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
      - natural springs

   8. The depth of water table.
      - natural springs

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
      - natural springs

   10. The estimated amount of groundwater withdrawn each year.
      - 50 miner's inches

   11. The log of formations encountered in the drilling of each well if available.
      - none

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
      - none

   Signature and title of officer:
   Interstate Holding Corporation
   Date December 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
MONTANA WATER RESOURCES BOARD

NOTICE OF APPROPRIATION OF GROUNDWATER
(Under Chapter 237, Montana Session Laws, 1961, as amended)

After filing a notice of appropriation, in order to acquire a right based thereon, the person must, within ninety (90) days, commence actual excavation and diligently prosecute construction of a well and, upon its completion, file a notice of completion with the County Clerk of the county in which the appropriation is located.

Three copies of this notice are to be filed with the County Clerk of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

1. NAME OF APPLICANT: TAYLOR B. R. BANCROFT, INC.
   ADDRESS: White Sulphur Springs

   County of: Meagher
   State of: Montana

   Intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

   The beneficial use to which water is to be applied is: Stock-water and irrigation

   Section 14, Twp. 66
   (or specify lands to be benefited, if for irrigation)

   The estimated amount of groundwater to be used annually:

   The annual period (inclusive dates) of intended use:
   Year round for stockwater

   The probable or intended date of first beneficial use: 3/2/64

   The probable or intended date of commencement and completion of the well or wells: 3/2/64

   The location, type, size and depth of well or wells contemplated:
   35 ft.

   6 ft. (22 lb./ft) casing. North side of 240th Sec. 14, Twp. 66

   The probable or estimated depth of the water-table or artesian equil: 35 ft.

   The name, address, and license number of the driller engaged:
   Albert Buck
   Harlowton, Montana (A&O Well Drilling Service) License #314

10. Give such other similar information as may be useful in carrying out the policy of this act:

   Signature of Appropriate, etc. Date: 3/2/64

   For Administrator's Use:
   File: 391-22933
   June 4, 1963 - 10:10 AM

   Locate well or other means of development as accurately as possible on the plat.

Notice of Appropriation of Groundwater

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

(Under Chapter 237, Montana Session Laws, 1961)

1. Fred L. Buckingham, of White Sulphur Springs, Montana
   (Name of Appropriator)
   (Address)
   (Town)
   County of Meagher, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is irrigation of crop and pasture lands, stock water and other beneficial uses and purposes; irrigation of Sec. 15 and W/SE Sec. 16, T. 9N., R. 6E., Meagher County, Montana.
   (describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is 5610 gallons per minute of time, or five hundred (500) miners inches of water.

4. The annual period (inclusive dates) of intended use is from April 15th to October 15th inclusive, of each year.

5. The probable or intended date of first beneficial use is April 15th, 1962.

6. The probable or intended date of commencement and completion of the well or wells is April 1st, 1962; use of well shall herein be construed to mean an excavation in the ground whereby appropriator or occupier obtains water; this excavation is already nearly completed and is now in existence.

7. The location, type, size and depth of well or wells contemplated is an excavation in the ground which collects and holds groundwater and drains surrounding area, approximately 20 feet deep and covering approximately 24 acres in surface area.

8. The probable or estimated depth of the water table or artesian aquifer averages about 2 feet from the surface of adjoining land, but varies from 2 feet to 14 feet.

9. Name, address and license number of the driller engaged are: S. A. Sullivan, White Sulphur Springs, Montana, County and appropriator himself.

10. Give such other similar information as may be useful

As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Appropriation of Groundwater

STATE ENGINEER

(Under Chapter 237, Montana Session Laws, 1961)

Fred L Buckingham
White Sulphur Springs, Montana

1. I, ____________, of ____________, County of Meagher, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is: Irrigation of crop and pasture lands, stock water and other beneficial uses and purposes; irrigation of Secs. of Secs. 15, and E1/2 NE1/4, and W1/2 Secs. of Sec. 22, Town, Range.

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is

4. The annual period (inclusive dates) of intended use is April 15th to October 15th, inclusive, or each year.

5. The probable or intended date of first beneficial use is April 16th, 1962.

6. The probable or intended date of commencement and completion of the wells or wells, is June 1st, 1962; use of well shall begin to be construed to begin excavation in the ground whereby appropriator intends to obtain water; this excavation is already nearly completed and is now in progress.

7. The location, type, size and depth of well or wells contemplated is an excavation in the ground which collects and holds groundwater and drains surrounding area, approximately 20 feet deep and covering approximately 24 acres in surface area.

8. The probable or estimated depth of the water table or artesian aquifer averages about 50 feet from the surface of adjoining land, but varies from 15 feet to 100 feet.

9. The number of the district, number of the water source, name of appropriator is an excavation on which various dirt contractors worked, including Schuy & Sullivan, White Sulphur Springs, Mont Meagher County and appropriator himself.

10. Give such other similar information as may be useful in carrying out the policy of this act. Appropriator expects to appropriate and use water collected and made available in and by means of the aforesaid excavation, appropriating and putting the same to beneficial use on said adjoining land by means of mechanical pump or pumps, and ditches, or sprinkling system.

As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.
STATE OF MONTANA,
County of Missoula,
