Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: December 17, 1963

Owner: Holley Anderson  Address: Box 56, Townsend, Mont.

Contractor (if any): Unknown

Address of Contractor: Unknown

Date Started: Unknown  Date Completed: Unknown

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural Springs

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Signature of Owner: Holley Anderson

Date: December 17, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Name of Appropriator: Holliday Land & Livestock Company
Address: Martinsdale
Town: Meagher
County: Meagher
State: Montana

Date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Original well dug prior to the year 1900. Well cleaned and pumps added in June of 1960.

Depth of water table: About 5 feet

So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Dug well about 15 feet deep, cased with 3 foot casing.

Estimated amount of groundwater withdrawn each year: 1 acre foot

Log of formations encountered in the drilling of each well if available: Well situated in gravel formation.

Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

   County of Missoula
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1917
   Then Needed

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Unknown

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 
   Name
   
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 
   Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown

8. The depth of water table: 20 Fts.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6" x 40 Fts. & 6" x 50 Fts.

10. The estimated amount of groundwater withdrawn each year: Unknown

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: 

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA,

STATE ENGINEER

1. Holliday Land & Livestock Company of Martin Dale
   County of Meagher, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House, land and...domestic use for two houses and barns. Also for...watering gardens and lawns.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: This was in use prior to: the year 1900 and has been in continuous use since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Two hundred and fifty gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of the well or other means of withdrawal: Water is withdrawn from the ground by means of electric pumps from a well about twenty feet deep.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Original well was dug prior to the year 1900. Well was cleaned and a pump-house and new pump installed in July 1959.

8. The depth of water table: About six feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: This is a dug well about 20 feet deep. It iscased with steel culvert pipe.

10. The estimated amount of groundwater withdrawn each year: Eight acre feet per year.

11. The log of formations encountered in the drilling of each well if available: Well is situated in a gravel formation.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Holliday Land & Livestock Co.
Date: December 26, 1963

(Under Chapter 237, Montana Session Laws, 1961)

1 Holliday Land & Livestock Company of Martinsdale
(Name of Appropriator) (Address) (Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic use for two houses and garden and lawn watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Well was in use in the year 1940 and has been in continual use since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Two hundred and fifty gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Water is withdrawn from the ground by means of electric pumps from fifty-foot well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Original well was drilled in the year 1940 and pump house was added and new pumps installed in July 1950

8. The depth of water table: Average depth is about nine feet

9. So far as it may be available, the type, size and depth of each well or any other works for the withdrawal of groundwater: This well is approximately fifty feet deep, and water level fairly constant

10. The estimated amount of groundwater withdrawn each year: Two hundred feet per year

11. The log of formations encountered in the drilling of each well if available: This well situated in gravel formation for first twenty feet and thereafter it is in shale formation down to the fifty-foot level

P. O. Box 8

1. SPRINGDALE COLONY, a corporation, of/White Sulphur Springs, Montana
   (Name of Appropriator)
   (Address)
   (Town)

   County of Meagher
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is irrigation of hay and crops and stock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since homesteaded, before about 1920; use has been continuous in production of hay, crops, and grasses, and in production of hay by appropriator since 1958.

4. The amount of groundwater claimed (in minutes inches or gallons per minute) a sufficient amount of groundwater to produce one ton (1 T.) of hay to an acre of ground.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water is withdrawn from the ground by the roots of hay and other grasses, and natural processes.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table varies from being within one (1) foot of the surface to rising to the surface and coterminous therewith available for sub-irrigation.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year sufficient amount to raise one (1) ton of hay to the acre on all sub-irrigated land - about 200 Tons.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

State of Montana

Administrator of Groundwater Code
Montana Water Resources Board

Notice of Completion of Groundwater Appropriation by Means of Well

Developed after January 1, 1962

(Under Chapter 237, Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Address: White Sulphur Springs, Montana
Date well started: June 26, 1973
Well completed: June 28, 1973

Type of well: Drilled

Equipment used: Churn

Water Use: Domestic [ ] Municipal [ ] Stock [ ] Irrigation [ ]

Other: [ ] Garden/Lawn [ ] Indicate usage for irrigation, industrial, drainage or other. Explain. Number of acres and location or other data (i.e. Lot, Block and Addition).

Estimated Annual Withdrawal: 80,000

Top of Ground: 5280

Water Table: 540 ft

Static Water Level: 8 ft

Pumping Water Level: 530 ft

Well developed by: Beall

for: 2 hours

Power: 3/4 HP

Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate Location of Well and Place of Use, if possible. Each Small Square Represents 40 Acres.

Driller's Signature: [Signature]
Driller's Address: [Address]

License No.: 38

County: Meagher

Driller's Log

Indicate the character, color, thickness of strata such as soil, clay, sand, gravel, shale, sandstone, etc. Show depth at which water is found and height to which water rises in well.
August 8, 1973

The Water Resources Board
Helena, Montana

Dear Sir:

This filing was brought into the office before July 1, but was not signed by the driller so was sent back to him to be signed.

Therefore when it was brought back for filing, I excepted it.

Sincerely,

[Signature]

Clerk & Recorder
