JOHN O. ROSKE and MARY ROSKE, his wife, being individually sworn, depose and say:

On the 29th day of October, 1970, at 11:00 a.m., we duly filed for record as Document No 296391, file No 2056, Notice of Completion of Groundwater Appropriation in which our property was described as Block 3, Lot 3, Section 17, Township 12, North, Range 17 West.

We have now been advised that this is an incorrect description, and, therefore, we are requesting that the location of said well be amended to read that it is located in the following-described property, to-wit:

A tract of land located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 17, T 12N, R 17 W, P.M.M, Missoula County, particularly described as follows:

Beginning at a point in the southwesterly boundary of Lot 3, Block 3 of Donovan Acres, according to the official plat thereof, as filed in the Clerk and Recorder's Office, Missoula County, Montana, which said point is South 1575.5 feet and East 2392.1 feet, more or less, from the Northwest corner of said Section 17; thence S 56° 00' E a distance of 175.5 feet to the true point of beginning of this description: thence, continuing S 56° 00' E, a distance of 134.5 feet; thence S 34° 00' W a distance of 100 feet; thence N 56° 00' W a distance of 129 feet; thence N 30° 51' 18" E a distance of 100.14 feet to the point of beginning.

In all other respects, the Notice is correct, to the best of our knowledge and belief.

John O. Roske
John O. Roske
Mary J. Roske
Mary Roske

SUBSCRIBED and sworn to before me this 13 day of July, 1976.

Clarence B. Hewlett
Notary Public for the State of Montana. Residing at Missoula, Montana. My commission expires September 20, 1978.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Donald A. Faussett, of Clinton
(Name of Appropriator) (Address) (Town)
County of Missoula State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Plat L
SE 1/4 Sec. 2, T. 12 R. 17
Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based House hold use for two houses & irrigation lawn, garden, & pasture
3. Date or approximate date of earliest beneficial use; and how continuous the use has been Unknown - (at least 40 years ago for one well & over 20 years for other continuous use as far as known)
4. The amount of groundwater claimed (in miner's inches or gallons per minute) approx. 15 G.P.M. for household pump - approx. 30 G.P.M. for irrigation pump
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof We want to irrigate about 1/2 acre garden & 4 to 5 acres pasture & hay on same tract as marked on plat
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal 3/4 h.p. pump for household well located on grass field irrigation well is located at about 400 ft. South of buildings - Elec. sprinkler system
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Unknown
8. The depth of water table Unknown
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Household well is about 65 feet deep, 5 inch diameter casing, irrigation well dug about 15 ft deep on lowest of two bottom land
10. The estimated amount of groundwater withdrawn each year Between 5 and 6 million gal.
11. The log of formations encountered in the drilling of each well if available Unknown
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record Unknown

Signature of Owner D. A. Faussett
Date 12/28/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Date of Appropriation of Groundwater April 29/71
Owner Bob Montlin Address Clinton, Montana
Contractor (if any) _____
Address of Contractor _____
Date Started _____ Date Completed _____

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring boils out of ground 7 ft from surface and sub irrigates my lower 2 acres.

Spring is by pole in south 1/2 section of 22 south

1/4 Sec. 22 T. 12 N. R. 17 W.
Indicate point of appropriation and place of use, if possible.

This spring runs a pipe of water 6" in diameter more -

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Sub irrigates my lower pasture and could be used to pump from it if I had to.

Signature of Owner Bob Montlin's
Date 4/29/71

This form to be prepared by contractor (if any), otherwise by the owner.

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

I, John Stitt, of Clinton
(Name of Appropriator) (Address) (Town)

County of Missoula State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.....
Domestic (includes irrigation for yard)

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....
1940 continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute).....
not available

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....
None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
Drilled well

NE 1/4 Sec. 22 T. 12 R. 17

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....
1940

8. The depth of water table.....
well depth 56 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....
1 Drilled hole size 5", depth 56'

10. The estimated amount of groundwater withdrawn each year.....
Not known

11. The log of formations encountered in the drilling of each well if available.....
Not available

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

RECEIVED
JAN 8 1964

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

I, Ray Teague, of Clinton,
(Name of Appropriator) (Address) (Town)
County of Missoula, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

- 2. The beneficial use on which the claim is based. Household Milk House and Lawn Irrigation
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been. June 1942, Continuous
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 400 Gal per hour
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pump

N. 1/4 SW 1/4 Sec. 22 T. 12 R. 17

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Started about May 15, completed about June 1st 1942
- 8. The depth of water table. About 18 ft to water
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 20 ft of 3.6" Pipe to water and 10 ft 18" pipe
- 10. The estimated amount of groundwater withdrawn each year. 800,000 Gal
- 11. The log of formations encountered in the drilling of each well if available. 3 ft soil and gravel to bottom
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Ray Teague
Date Dec 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner Orville D. Wilson and Margaret M. Wilson

Address Clinton, Mont.
Box 146

Date well started July 10th 1967
completed July 12th 1967

Type of well drilled
(Dug, driven, bored or drilled)

Equipment used churn drill
(Churn drill, rotary or other)

Water Use: Domestic Municipal Stock Irrigation
Industrial Drainage Other Garden/Lawn

*Describe _____

USE: If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block and Addition). 1 acre more or less

ESTIMATED ANNUAL WITHDRAWAL 2400 gal. in 24 hrs.

Size of Drilled Hole	Size and Weight of Casing	From (Foot)	To (Foot)	PERFORATIONS		
				Kind	From (Foot)	To (Foot)
40 ft.	6 inch	0 ft.	40 ft.	Churn paul		

Static water level 26 ft. ft.*
Pumping water level 15 ft.*
at 50 gallons per minute,
measured 60 minutes after pumping
began.
*Measured from ground level.
Well developed by myself
for 1 hours.
Power electric Pump 1/2 HP
Remarks: (Gravel packing, cementing,
packers, type of shutoff) _____

INDICATE LOCATION OF WELL AND PLACE OF USE, IF POSSIBLE. EACH SMALL SQUARE REPRESENTS 40 ACRES.

Driller's Signature Orville D. Wilson

Driller's Address Clinton, Mont.

LICENSE NO. _____
This water has passed the Board of Health

STATE ENGINEER

1. Louis A. Richards, of Clinton, Montana
(Name of Appropriator) (Address) (Town)

County of Missoula State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Approx. $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 23, T.12, R. 17

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based.....
Domestic and irrigation for cropland

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....
Summer of 1960. Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute).....
Unknown

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....
90 acres, approx. $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 23, T12, R17
Owner as shown above.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
by reservoir fed by 6 or 8 springs and small unnamed stream

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....
Reservoir started in summer of 1960. This and related improvements completed in 1961, with domestic improvement completed in summer of 1963.

8. The depth of water table.....
Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....
Earthen dam, approximately 150 on face and approx. 12 ft. deep.
About 150 ft. long upstream.

10. The estimated amount of groundwater withdrawn each year.....
Unknown

11. The log of formations encountered in the drilling of each well if available.....
Clay and gravel
