STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Intermountain Lumber Co. of Boy, 1347
Missoula

(Owner of Appropriator)
(Address)
(Town)

County of Missoula
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Industrial

3. Date or approximate date of earliest beneficial use; and, how continuous the use has been: 1950 has been continuous

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 3000 GPM

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground; and the location of each well or other means of withdrawal:

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table: approx. 20 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 700 - 500 MM.gal

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:  

Date: 1/2/1/62

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
I received and filed said instrument for
record on the 11th day of October 1963
at 3:31 o'clock P.M. pursuant to Title
of Missoula County, State of Montana
Witnesse my hand.

MARTIN E. BRUENER, County Recorder
By: MARTIN E. BRUENER, Deputy
2-2-1963
STATE OF MONTANA

Lots Nine (9) and Ten (10)

In Block Forty-three (43) of W. & M. McCulloch's Addition to Missoula, a partnership doing business
under the firm name and
style of "MADSEN PARTNERSHIP",

of 420 Nora Street Missoula, Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: (Name of Appropriaot)

2. Address: (Address)

3. Town: (Town)

4. County of: Missoula

5. State of: Montana

6. To furnish a complete water supply to the Community Creamery for the purpose of cooling, pasteurization, processing and manufacture of cottage cheese, butter, ice cream and other related products.

7. Date of appropriation was January 1, 1962.

8. The amount of groundwater claimed (in miner's inches, yd gallons per minute) An estimated 200 miner's inches or 187.4 gallons per second.

9. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not used for irrigation.

10. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal A sealed well under the building of Community Creamery at 420 Nora Street.

11. The water is pumped by an electric motor, stainless impeller type, through stainless steel pipe into a 5,000 gallon storage tank.

12. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

About 1930.

13. The depth of water table About 70 feet.

14. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. The well is 120 feet deep, with a casing. The water table being about 70 feet deep with no lowering of the water table by continuous flow for 16 hours a day.

15. The estimated amount of groundwater withdrawn each year Continuous flow of about 200 for 16 hours a day, with no lowering of the water table.

16. The log of formations encountered in the drilling of each well if available.

Matt Ulrich, who dug the well years ago, dug several years ago. There are no records of the formations encountered.

17. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record from the storage tank, the water is distributed by pressure throughout the plant of Community Creamery and is not contaminated or mixed with any other water.

Signature of Owner: __________________________

Date: March 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

2. The beneficial use on which the claim is based: Domestic Use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: March 1, 1955

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1961

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Missoula Furniture Mattresses, Missoula, Montana
Driller: Liberty Drilling Co., Address: Missoula, Montana
Date of Notice of appropriation of groundwater: Home filed
Date well started: 9/20/68
Date completed: 9/27/68
Type of well: Drilled
Equipment used: Cable tools
(Deg, Driven, bored or drilled)
Water use: Domestic [ ] Municipal [ ] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Formation Log:
6 - 6 Boulder, cobblestones & gravel
6 - 23 Sand, gravel & cobblestones
23 - 36 Sand & gravel mixed in some clay
36 - 47 Sand, gravel & cobblestones mixed in clay
47 - 59 Sand & gravel
59 - 69 Clean coarse sand & gravel
69 - 78 Clay sand & gravel

Water rises in the well 50 feet from surface.

Static Water Level for non-flowing well

Shut-In Pressure for flowing well

Pumping Water Level

Discharge in gal. per min. of flowing well

How Tested: Air—Lift Pump

Length of Test: Seven hours

Remarks: (Gravel packing, cementing, packers, type of shutoff, well is filled, with cement grout from 75 ft. back to 75 feet. All water entering or leaving the well will go through perforations in six inch casing.

(Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (I.e.: Lot, Block and Addition).

Water Return Well: Block 56, Knowles Addition
Missoula County, Montana

This form to be prepared by driller, and three copies to be filed by the owner with the
County Clerk and Recorder in the county in which the well is located, these copies to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Melvin A. Rice, 1319 River Road, Missoula

County of Missoula, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   General household use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   Sept. 1951

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   Unknown

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   1/2 ACRE - Melvin A. Rice

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Adjacent to house on South side

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Started - June 1951, Finished - June 1951

8. The depth of water table
   18 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Drilled - 4" - 12 feet in depth

10. The estimated amount of groundwater withdrawn each year
    200,000 gallons

11. The log of formations encountered in the drilling of each well if available
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    None

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Gordon F. Swanson, 1925 River Road, Missoula
(Name of Appropriator) (Address) (Town)

County of Missoula State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based - Domestic & Irrigation
3. Date or approximate date of earliest beneficial use; and how continuous the use has been - March 1, 1933
4. The amount of groundwater claimed (in miner’s inches or gallons per minute) - 50 gal. per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof - 18 Acres - Garden - Pasture
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal - Jet Pump - North East Corner
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater - March 1, 1933
8. The depth of water table - 36 feet
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater - 100’ casing - 120’ feet deep - 12 feet of water encasing, Well was drilled by A. Russell Mowbray - License # 152
10. The estimated amount of groundwater withdrawn each year - 479,200 gal. per year
11. The log of formations encountered in the drilling of each well if available - Unknown
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Date - Dec. 30, 1963

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Bert Thresher
Address: Missoula, Mont.
Driller: Glenn Camp
Address: Missoula, Mont.

Date of Notice of Appropriation of Groundwater

Date well started: Dec. 22, 1961
Date completed: Dec. 23, 1961

Type of well: Drilled
Equipment used: Churn Drill
(dug, driven, bored or drilled)

Water Use: Domestic ☐ Municipal ☐ Stock ☐ Irrigation ☐
Industrial ☐ Drainage ☐ Other ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

<table>
<thead>

</tbody>
</table>

Static Water Level for non-flowing Well: 3½' from G.L....feet.
Shut-in Pressure for Flowing Well
Pumping Water Level: 40 feet at 30 gal. per minute.
Discharge in gal. per min. of flowing well

How Tested: Compressor Length of Test: hour

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Driller's License Number
Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines; and quadruplicate for the Appropriator.
I received and filed this instrument for
record on the 22nd day of Nov. 1992
at 10:35 o'clock A.M. pursuant to the
laws of Missoula County, State of Montana

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1951)

1. Bart E. Thrasher, of 1208 Montana St, Missoula, Montana
   (Name of Appropriator) (Address) (Town)

   County of Missoula, State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

   2. The beneficial use on which the claim is based: Irrigation
      Household use

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1946 Continuously

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Bart E. and Beasa Thrasher Garden and greenhouse one and a quarter acres

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump, electric, 1208 Montana St

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1946

   8. The depth of water table: Ground level 90 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well four and a half feet deep

   10. The estimated amount of groundwater withdrawn each year: Approximately 200,000 gallons per year

   11. The log of formations encountered in the drilling of each well if available
      Mi. gravel, sand, & Mi. roof rock, -soulsers

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: As recorded at Missoula County

   Signature of Owner

Date: 12-26-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

1. Bert L. Thershe
(Name of Appropriator)

County of MISSOURI
(Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: April 1, 1947. It has been used consistently since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) An undiminished supply of at least 50 gallons per minute for how long this well may exist.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal withdrawn by means of a Jacobsi pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater December 3, 1947.

8. The depth of water table 22

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: This is a drilled well with a "F" casing going down 22 through alluvial soil, the last 10 which is below bedrock. A Jacobsi pump V/4 in size is used to withdraw the underground water.

10. The estimated amount of groundwater withdrawn each year 1,200,000 gallons

11. The log of formations encountered in the drilling of each well if available 30' of alluvial soil, 14' bedrock & 8' sand gravel per total

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

35/97
Notice of Appropriation of Groundwater

(Under Chapter 237, Montana Session Laws, 1961)

The Western Montana Clinic Etc., Corp.
D. W. Chase, M.D., President

1. I, ______________________________ , Director of the Clinic (Town or Appropriate Official), County of ______________________________, State of Montana, do hereby intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is: Water supply for Medical Clinic.

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is: Needs to conduct medical clinic business.

4. The annual period (inclusive dates) of intended use is: December 1965.

5. The probable or intended date of first beneficial use is: April 1, 1965.

6. The probable or intended date of commencement and completion of the well or wells is: one well, 8" casing.

7. The location, type, size and depth of well or wells contemplated is: not known.

8. The probable or estimated depth of the water table or artesian aquifer is: not known.

9. Name, address and license number of the driller engaged is: not known.

10. Give such other similar information as may be useful in carrying out the policy of this act is: This installation is being planned and supervised by architects Visher & Price.

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
I received and filed the instrument hereunto annexed on the 21st day of May, A.D. 1889, at 9 o'clock A.M., permanentнятий of Missoula County, State of Montana. Witness my hand.

   (Name of Appropriator) (Address) (Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   Domestic Use + Irrigation

3. Date or approximate date of earliest beneficial use, and how continuous the use has been.
   1936

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   400 gpm

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof.
   Household Business Town

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   1956

8. The depth of water table.
   10 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   8" casing, 80' deep Drilled

10. The estimated amount of groundwater withdrawn each year.
    10,000,000gpm/year

11. The log of formations encountered in the drilling of each well if available.
    Augusta, 41, Gravel, Rock

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner:  

Date: 31 Jan 1968

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well Developed After January 1, 1962

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Earl W. Martell
Address: 1800 Monroe
Driller: KEN WILLIAMS
Address: 1250 5th Ave.

Date of Notice of appropriation of groundwater: JULY 24, 1967
Date well started: JULY 24, 67
Type of well: drilled
Equipment used: (Dug, driven, bored or drilled)

Water use: Domestic □ Municipal □ Stock □ Irrigation □
Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, gravel, rock or sand, etc. Store depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well: 9 feet.
Shut-in Pressure for Flowing Well: 17 feet.
Pumping Water Level: 17 feet at 35 gal. per minute.
Discharge in gal. per min. of flowing well: 20 gal.

How Tested: ball & test pump
Length of Test: 2 hours
Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, three copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Driller's License Number: 18-230
Driller's Signature: KENNETH WILLIAMS

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

Hughes Bros

(Name of Apprriator) of Box 406, Missoula

(Address) (Town)

County of Missoula State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

Drinking Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1940 until present

4. The amount of groundwater claimed (in gallons per minute): Not Known

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

Second Creek

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

Hand Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

1940

8. The depth of water table:

20 ft

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

Boring 25 ft Deep

10. The estimated amount of groundwater withdrawn each year:

Not Known

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:

Date: 12-26-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
