I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household, Irrigation, Livestock.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1930 has been used continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Lawn, Trees, etc. Owner: John Or Emma Gasvoda.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Completed in the 1930's.

8. The depth of water table: 30 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Open well with cement casing 36 inches in diameter, 45 ft. deep.

10. The estimated amount of groundwater withdrawn each year: 250,000 Gallons per Year.

11. The log of formations encountered in the drilling of each well if available: Not Available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: This well is located at NE 1/4 Sec 30 T13N R13W Montana Dinsmore.
