Indicate point of appropriation

and place of use, if possible. Each

small square represents 10 acres.

1. Name of Appropriator: A.M.Odum

Address: ____________________________

Town: ____________________________

County: Missoula

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic

House and Barn

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: November 1939 to present time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 7 1/2 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1939

8. The depth of water table: 50 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 20,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: A.M.Odum

Date: December 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

Received Dec 30 1963

W. T. Boone
(Name of Appropriator)
111 Artemes Dr., Missoula
(Place of Appropriation)

State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based:
   household use and stock water

2. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Prior to 1962

3. The amount of groundwater claimed (in miner's inches or gallons per minute):
   10 gallons per minute

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   not applicable

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Drilled well, shallow well pump
   Sec. 31, T 13 N R 20 W

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Prior to 1962

7. The depth of water table (to the nearest foot):
   10 ft. from top of the casing to water level of the well

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Drilled well; forty foot deep; six inch casing

9. The estimated amount of groundwater withdrawn each year:
   1,000,000 gallons

10. The log of formations encountered in the drilling of each well if available:
    Not available

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    Nothing of record

1. Name of Appropriate [Row]
of [Row]
County of [Row] State of [Row]

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based [Row]

3. Date or approximate date of earliest beneficial use; and how continuous the use has been [Row]

4. The amount of groundwater claimed (in miner's inches or gallons per minute) [Row]

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof [Row]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal [Row]

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater [Row]

8. The depth of water table [Row]

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater [Row]

10. The estimated amount of groundwater withdrawn each year [Row]

11. The log of formations encountered in the drilling of each well if available [Row]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record [Row]

Signature of Owner [Row]

Date 1/4/1963 [Row]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Driller's Signature:

44, 981
I received and filed this instrument for
recording on the 1st day of June, 1869,
at 11:40 a.m.; permanent filed
of Monroe County, State of Michigan.
Witness by record

Verona B. Grims, County Recorder

Dorothy J. Reed, Deputy

Fee $2.00 — Paid $2.00
Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Charley Wheeler

Address: 7th St. W.

Driller: Harold N. Pinksa

Address: 5044 9th Ave.

Date of Notice of appropriation of groundwater: ______________________

Date well started: ______________________ Date completed: ______________________

Type of well: Drive (Drag, driven, bored or drilled) (Churn drill, rotary or other)

Equipment used: Cable tool

Water use: Domestic □ Municipal □ Stock □ Irrigating □ Industrial □ Rainwater □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing wells: 6.25 feet.

Shut-in Pressure for flowing wells: 18.0 feet. Pumping Water Level: 18.0 feet. Discharge in gal. per min. of flowing well: 40 gal. per min.

Discharge in gal. per min. of flowing well: 40 gal.

How Tested: ______________

Length of Test: ______________

Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Continuous on reverse side

USE: If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, plus one copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

File No.: 2-3-20-23

County: Helena

State of Montana

Administrator of Ground Water Code

Office of State Engineer
Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: John Work
   Address: 2805 Queen St, Missoula
   Town: Missoula
   County of Missoula
   State of Montana

2. The beneficial use to which water is to be applied is: Domestic and irrigation of dry land (wheat).

3. The rate of use in gallons per minute or miner's inches of groundwater claimed: 200 gallon's inches.

4. The annual period (inclusive dates) of intended use: Jan 1 to Dec 31.

5. The probable or intended date of first beneficial use: Not Known.

6. The probable or intended date of commencement and completion of the well* or wells*: Not Known.

7. The location, type, size and depth of well or wells contemplated: Not Known.

8. The probable or estimated depth of the water table or artesian aquifer: Not Known (Surface).

9. Name, address and license number of the driller engaged: Not engaged.

10. Give such other similar information as may be useful in carrying out the policy of this act: This appropriation is intended for future use. Source is existing slough or pond. Water to be pumped from surface or subsurface.

   Doc. No. 2386
   Filed: 12-21-72
   TRIPlicate

   Location: E 1/4 Sec. 33 T.34 R.24 W.M.
   Locate well or other means of development as accurately as possible on the plat.
   A. M. 7:30
   Location: 5/15
   Date: 12-21-72
   Signature of Appropriator: John Work

   As defined in the Code Sec. 1 (a) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

   Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

   Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1902, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based
   - Domestic use, livestock, irrigating

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   - February 3, 1942

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   - 20 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - 1 acre, used for few head livestock, garden, pasture, lawn

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - Pump (electric)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - Begun 1-25-42 and completed 2-1-42

8. The depth of water table
   - 39 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   - 4" drilled, steel casing, 39 ft. deep with electric pump

10. The estimated amount of groundwater withdrawn each year
    - 479,200 gal.

11. The log of formations encountered in the drilling of each well if available
    - 5 ft. sand, gravel, sand
    - 23 ft. boulders, sand, coarse gravel
    - 8 ft. gravel, sand, clay
    - 3 ft. coarse sand and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: ____________________________
Date: ____________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise this form will be returned.
