STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 28, 1973
George Daniel Field and Mildred Agatha Field
Owner: Address: Gordon, Montana

Contractor (if any): Address of Contractor:

Date Started: A-6-73  Date Completed: 6-26-73

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Estimated flooding approximately 50
Gallons per minute

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

Daily for domestic and irrigation

Signature of Owner: Michael Agatha Field

Date: June 30, 1973

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana
Bureau of Mines and Geology and quadruplicate for the Appropriator.
I received and filed this Instrument for record on the 5 day of June, 1995, at 11:50 o'clock A.M., in the permanent files of Missoula County, State of Montana.

Witness my hand:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

(Name of Appropriator) (Address) (Town)
County of Missoula State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Wells 1 and 2

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Thomas L. Duncan
1. John A. Duncan, of 822 Taylor St., Missoula
   (Name of Appropriator) (Address) (Town)

County of Missoula, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based—Domestic Consumption

3. Date or approximate date of earliest beneficial use; and how continuous the use has been—Completed Aug., 1959
   Used continuously since completion during summer months

4. The amount of groundwater claimed (in miner's inches or gallons per minute)—does not apply

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof—does not apply

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal—Pulley and bucket

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater—7/59 to 8/59, concrete cased

8. The depth of water table—14 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater—concrete cased, 5' in diameter, depth of 30'

10. The estimated amount of groundwater withdrawn each year—5000 gallons

11. The log of formations encountered in the drilling of each well if available—not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record—No other information

Signature of Owner: John A. Duncan
Date: Dec. 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Ronald W. King, of Star Route, Seeley Lake

County of Missoula State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
Address (Town)

2. The beneficial use on which the claim is based: To lay claim to 300 inches of water from Cockeye Creek

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since 1961: April 1, 1961, to present

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 58 inches of Cockeye Creek to be used as owner desires

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Water is pumped from a seepage well

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Water is pumped from a seepage well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Within the sixth month of 1962

8. The depth of water table: Not a continuous amount, appears 20 inches at 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Type: well; size: 14 inches deep and contains 20 feet of water

10. The estimated amount of groundwater withdrawn each year: 58,000 gallons

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Original water rights were filed in Missoula County Courthouse in November 21, 1917. Book of Water Rights, page 369

Signature of Owner: Ronald W. King
Date: 12-23-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.
Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Dear Madam:

Enclosed find four copies of Notice of Completion of Groundwater Appropriation by Means of Well. I filed similar papers in December but found I had made a mistake and had the wrong location. The first papers were filed under number 1664. Please cancel this filing and file the enclosed papers.

I am enclosing a check for $25 as requested when I discovered I had made a mistake.

Please mail my copy to me at Whitfish Motel, Whitfish, Montana.

Yours truly,
Florence Holmes
