Notice of Completion of Groundwater Appropriation by Means of Well Developed After January 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: HENRY H. RUCKMUTH Address: ROCKDALE, MONT.
Driller: JOE KONZ Address: ROCKDALE, MONT.

Date of Notice of appropriation of groundwater: None
Date well started: 6-21-67 Date completed: 6-29-67

Type of well: DUG, Driven, bored or drilled (Churn drill, rotary or other)

Water use: Domestic □ Municipal □ Stock □ Irrigation □
Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
Shut-in Pressure for Flowing Well
Pumping Water Level: 180 feet at 5 gal. per minute.
Discharge in gal. per min. of flowing well

How Tested: BAILER
Length of Test: 1 H.R.
Remarks: (Gravel packing, cementing, packers, type of shutoff) 8 x 8

Show exact depth of bottom.

(Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (I.e.: Lot, Block and Addition).
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Frank V. Oast
of Flatcreek Etc.

Bound up

County of Musselshell
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
Livestock and Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
1915, used continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
18 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
1 acre of trees and garden,

Frank V. Oast

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
Pump and centrifugal pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
1915

8. The depth of water table
3 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
45 ft. by 4 ft. plank box, 10 ft. deep

10. The estimated amount of groundwater withdrawn each year
995000 gallons per inch

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner
Frank V. Oast

Date
12-13-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropirator.

OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater...Early 1900

Frank V. Oost
Owner
Roundup, Montana

Contractor (if any)

Address of Contractor

Date Started...Date Completed 1936

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. **Spring, boxed out with plank
4 ft. by 4 ft. 10 ft. deep with a pipe 15 ft. for
an overflow, the top is fitted with a pump on it.**

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use. **12 gal. per minute
measured by bailing. 359000 gal. used. It is used
all of the year.**

Signature of Owner

(Under Chapter 237, Montana Session Laws, 1961)

1. Frank Y. Oast, of Flatillow Rts., Roundup, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1914, Used continuous since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump with electric driven pumpjack.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1914.

8. The depth of water table: 76.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6 inch galvanized steel casing, 130 feet deep.

10. The estimated amount of groundwater withdrawn each year: 145000 gallons.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Frank Y. Oast

Date: 12-13-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
Developed After January 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Owner: Frank Geist
Address: Roundup, Montana

Date of Notice of appropriation of groundwater: None
Date well started: 9/28/67
Date completed: 10/12/67

Type of well: Drilled
Equipment used: Dug (Dug, Driven, bored or drilled) (Cone drill, rotary or other)

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicates on the diagram the character and thickness of the different strata met in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
37 feet.

Shut-in Pressure for Flowing Well
Pumping Water Level 28 feet at 6 G.P.M. 1 gal. per minute.
Discharge in gal. per min. of flowing well

How Tested: Bailier
Length of Test: 2 Hours
Remarks: (Gravel packing, cementing, packers, type of shutoff) Rubber packer set at 40 ft. Well started saving.
Dark shale at 120 ft. Casing set in hard shale at 125 ft.

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Driller's License Number: 95
Driller's Signature: Joe Zambell

County Clerk and Recorder: Retained by driller.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Lawrence D. Stanley, of Box 516, Roundup,
   County of Muss., State of Mont., have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is stock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1930.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump and cylinder.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1930.

8. The depth of water table: 10 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6 inch casing, 80 feet deep.

10. The estimated amount of groundwater withdrawn each year: 300,000 gal.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Lawrence D. Stanley

Date: Dec. 19, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: [natural flow, date unknown]

Owner: Lawrence D. Stanley
Address: Box 316, Roucheup, Mont.

Contractor (if any): none
Address of Contractor: 

Date Started: 
Date Completed: 

Describe means of obtaining groundwater without a well: "as by sub-irrigation and other natural processes". Include depth to water when applicable: surface flow

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use: 6 gal. per min.

Use for stock water 6 months of the year

Signature of Owner: Lawrence D. Stanley
Date: Dec 14, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

2. The beneficial use on which the claim is based  
   
   stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.  
   
   1946

4. The amount of groundwater claimed (in miner's inches or gallons per minute).  
   
   5 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.  
   
   none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.  
   
   pump and cylinder

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.  
   
   1946

8. The depth of water table.  
   
   24 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.  
   
   6 inch casing  85 feet deep

10. The estimated amount of groundwater withdrawn each year.  
    
    300,000 gal.

11. The log of formations encountered in the drilling of each well if available.  
    
    not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.  
    
    none

   Signature of Owner  
   
   Lawrence D. Stanley
   
   Date  
   Dec. 14, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Regina Dybvik
   (Name of Appropriator)
   (Address)
   (Town)
   County of Musselshell
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water

3. Date or approximate date of earliest beneficial use: 1946

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: water is withdrawn from well by means of pump operated by electric motor.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1946

8. The depth of water table: 13 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: the well is 146 feet deep and there is water in said well up to within 13 feet of the top. Water is withdrawn from said well through 1 1/4 inch pipe with pump.

10. The estimated amount of groundwater withdrawn each year: 150,000 gallons

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
