2. The beneficial use on which the claim is based:
   a. Domestic use. b. and c. Stock water and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. a. and b. Used continuously since 1949. c. Used continuously since 1890

4. The amount of groundwater claimed (in miner's inches or gallons per minute): a. and b. 250 gals per minute. c. Ten Miners inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not applicable. c. Irrigates 16 acres in NE4 of above property

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. a. and b. Electric pumps. c. No artificial devices.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Both wells were commenced and completed in 1949

8. The depth of water table. Both of these wells are 15-foot deep and have 5 foot of water.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Both wells, shown in a and b. are 15 foot deep and have a 4 foot culvert. c. No artificial devices are used to bring the water to the surface.

10. The estimated amount of groundwater withdrawn each year. a. and b. Would each run 200,000 gallons per year

11. The log of formations encountered in the drilling of each well if available. Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Not applicable
