Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 24 May 1941
Owner B.W. Clayton Address M²head
Contractor (if any) Vern Dodge
Address of Contractor Big Timber, Mont
Date Started UNKNOWN Date Completed UNKNOWN

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Concrete collection

Box piped to Tank

..... 1/4 Sec. 2 T. 25 R. 12E

Indicate point of appropriation and place of use, if possible.

SW 1/4 NW 1/4 SW 1/4

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use. Estimated

8 gals per minute pipe flow
Used year around for stock water

Signature of Owner B. W. Clayton

Date Dec. 26, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

1. DONALD E. WOOD and ALBERTA M. WOOD, of Springdale
(Name of Appropriator) (Address) (Town)

County of Park State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.....
Sub-irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....
June 1, 1903

4. The amount of groundwater claimed (in miner's inches or gallons per minute).....
Unknown

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....
20 acres - Donald E. Wood and Alberta M. Wood

1/4 Sec. 4, T. 2S R. 12E
Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
Sub-irrigation from Yellowstone River

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....
Not applicable

8. The depth of water table.....
Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....
Not applicable

10. The estimated amount of groundwater withdrawn each year.....
Unknown

11. The log of formations encountered in the drilling of each well if available.....
Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....
None

Signature of Owner Donald E. Wood

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 Sec. 9 T.2S. R. 12E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based.....
irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....
June 1, 1918

4. The amount of groundwater claimed (in miner's inches or gallons per minute).....
60 inches from Peterson Creek

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....
20 acres irrigated from two ditches from Peterson Creek
Donald E. Wood and Alberta M. Wood

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
irrigation ditches from Peterson Creek -
origin from spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....
June 1, 1918

8. The depth of water table.....
Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....
Two ditches - capacity 30 miners each

10. The estimated amount of groundwater withdrawn each year.....
Unknown

11. The log of formations encountered in the drilling of each well if available.....
Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....
None

(Name of Appropriator) (Address) (Town)

County of Park State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 13 T 35 R. 7E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

75' west of Benolken House

1. Spring for stock and household use 2. Series of Springs used for stock water
3. Date or approximate date of earliest beneficial use; and how continuous the use has been Purchased land in 1960 however used years previously - exact date unknown (Both 1 and Series 2)
4. The amount of groundwater claimed (in miner's inches or gallons per minute) BOOK 1. Unknown 2. Series of Springs used for Stock water - amt. unknown,
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Not
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Pipe and natural flow
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Unknown
8. The depth of water table surface at spring - other unknown
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Spring - Piped and gravity flow to house. 2. Is a series of springs arising in E of Sec. 14 T35 R. 7E which form a series of small streams that flow by what is commonly known as the "Old Homestead" in a South Easterly direction across Sec. 13 down into Trail Creek. Exact location unknown but generally described above. Springs are essential to adequate stock water for Owner.
10. The estimated amount of groundwater withdrawn each year Unknown for both
11. The log of formations encountered in the drilling of each well if available None
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Spring is 75 ft. west of what is commonly known as the Benolken House. Springs 2. See Question 9 above.

Declaration of Vested Groundwater Rights 1963

(Under Chapter 237, Montana Session Laws, 1962)

1. Mary E. and Clyde J. Sullivan, of Hoffman Route Livingston
(Name of Appropriator) (Address) (Town)
County of Park State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 Sec 18 T. 3S R. 8E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based. Continuous stock water use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. These springs have been used since 1920 and an undeterminate period of years prior thereto.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Amount of groundwater taken from Springs 1 and 2 is unknown.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Both springs are by natural flow.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Both springs natural flow.

8. The depth of water table. unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Natural flow.

10. The estimated amount of groundwater withdrawn each year. unknown - both springs.

11. The log of formations encountered in the drilling of each well if available. not applicable.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Spring 1 originates in Morrison Gulch and runs southerly across county road. There are a series of springs that lie along the flow of this spring between the road in its point of origin. Spring 2 runs southerly across road shown on plat.
