Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

We, Alden F. Morgan, and Audrey E. Morgan, of Livingston, Beartooth County, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Section 26, Twp. 2 S, Range 9 E,

2. The beneficial use on which the claim is based is for household use and watering livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since 1960, and has been used continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 miner's inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water is drawn from ground by means of electrically driven pump, is pumped into a 3 gal. storage tank, from where it is used as required.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1960.

8. The depth of water table: 36 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well is 42 ft. deep and has a 4" casing. Pump is 3/4 horse power. Well is located and used on the northerly 3 acres of lot 35 in Acreville, in sec. 25, Twp. 2 S, Range 9 E, in Park County, Montana. Well is located near center of section 26, near the spot marked on map with marker thus "xx".

10. The estimated amount of groundwater withdrawn each year: Over 250,000 gals.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Property owned is described in deed, recorded in T.L. 102 of Deeds, at pages 27 and 28, in the office of the County Clerk and Recorder of Park County, Montana.

Signature of Owner

Date Dec'd 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Filed this 27th day of December, A.D. 1967 at 1:30 p.m.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Appropriator] [of] [Address] [in] [Town]
   County of [Park] State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been June, 1951. Continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 gallons per day.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   [Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   [Electric pump with 14 inch pipe, located as shown above.]

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: June, 1951. Drilled well, with electric motor.

8. The depth of water table: 50 feet deep, 22 feet of water in well.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   [Electric pump for withdrawal of water.]

10. The estimated amount of groundwater withdrawn each year: 10,000 gallons each year.

11. The log of formations encountered in the drilling of each well if available:
   [So far available.]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
   [Indicate any other information.]

Signature of Owner: [Signature]
Date: [December 20, 1963]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate to the Appropriator.

2. The beneficial use on which the claim is based: Hardin Lawn and Stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: completed 1953

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3000000 GPD or 70 K

5. If used for irrigation, give the acreage and description of the lands to which water has been applied, and name of the owner thereof: 100 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Jan 2, 1963

8. The depth of water table: 50 feet

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1 well, 200 feet

10. The estimated amount of groundwater withdrawn each year: 6000000 GPD

11. The log of formations encountered in the drilling of each well: 10 feet of sand and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

(Under Chapter 237, Montana Session Laws, 1961)

Alice R. Bahn or

Lester F. Bahn, at 405 S. Fox St., Livingston, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Household, Water Lawn & Irrigate Garden

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1928 - Continuous Use

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 15 Gallons Per Min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. 1 Acre As Stated

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric Pump from one well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. AS STATED IN #3 ABOVE

8. The depth of water table. 30 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled Well - 4" Dia. - 35' Well

10. The estimated amount of groundwater withdrawn each year. 100,000 Gallons

11. The log of formations encountered in the drilling of each well if available. 

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

(Under Chapter 237, Montana Session Laws, 1962)

I, Myrtle All, of Livingston, Montana, have appropriated ground water according to the Montana laws in effect prior to January 1, 1962, as follows:

1. County of Park State of Montana

2. The beneficial use on which the claim is based:
   Household use and lawn

3. Date or approximate date of earliest beneficial use and how continuous the use has been:
   About April 1, 1939
   Used continuously since

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   160 gallons per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:
   1 acre

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Deep well pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   April 1, 1939

8. The depth of water table:
   20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   75 feet deep, 6 inch steel casing

10. The estimated amount of groundwater withdrawn each year:
    365,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    Sand and gravel

### DRILLER'S LOG

Indicate the character, color, thickness of strata such as soil, clay, sand, gravel, shale, sandstone, etc. Show depth at which water is found and height to which water rises in well.

#### NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Description of the Whole Tract.

This means Lots 2, 3, 4 and 5. Lot 1 is a reserve for entrance road and Lot 5 undoubtedly belongs to the tract. This does not exclude waterways between the main land and the islands. These waterways take up some where around 5 acres.

Starting at Corner 1 of Lot 2, which is S 69° 42.8' E, 4353.9 feet from the NW section corner of Section 35, T25, R9E, M.P.M., Corner A, point of beginning, run N 88° 23.7' E, 96.4 feet to Corner B on the river bank; thence N 16° 44.2' E, 288.2 feet along river bank to Corner C; thence N 28° 02.6' E, 204.2 feet along the river bank to Corner D; thence N 70° 19.6' E, 402.5 feet over two channels to Corner E on the point of an island; thence N 39° 01.6' E, 710.9 feet along the NE shore of this island to Corner F; thence N 30° 19.2' E, 187.9 feet across another channel to Corner G on another island; thence N 46° 56' E, 280.3 feet along the river bank to Corner H; thence N 89° 45' W, 1233.3 feet along the old Montana Power Canal; thence S 33° 30.2' W, 276.2 feet along the canal bank to Corner J; thence S 24° 50.9' W, 284.3 feet along the canal bank to Corner K; thence S 4° 46.5' W, 137.9 feet to Corner L along the canal bank; thence S 8° 35.1' E, 260.3 feet along the canal bank to Corner M; thence S 8° 35.1' E, 142.1 feet to Corner N; thence S 4° 46.5' E, 32.3 feet to Corner O; thence S 12° 11.4' E, 510.5 feet to Corner P; thence South 30 feet to Corner A, point of beginning, containing 23.286 acres, more or less.

About 200 feet North of Corner 2.

The well is located in Lot 2. The description of Lot 2 is as follows:

From Corner 5 of the road or Lot 1 (Corner No. 5 being the same as Corner A in the above referred to description), which point is S 69° 42.8' E, 4353.9 feet from the NW corner of Section 35, T25, R9E, M.P.M., Corner 1 of Lot 2, point of beginning, run N 88° 23.7' E, 96.4 feet to Corner 2 on the river bank; thence N 16° 44.2' E, 288.2 feet along the river bank to Corner 3; thence N 28° 02.6' E, 204.2 feet to Corner 4; thence N 34° 26' W, 214.0 feet along a new washed channel to Corner 5; thence along the bank N 30° 35.1' W, 142.1 feet to Corner 6; thence along the bank N 38° 44.5' E, 628.2 feet to Corner 7; thence North to the County Clerk and Recorder; disagree to the County Clerk and Recorder, and Quadruplicate for the Appropriate.

Mines and Geology and Quadruplicate for the Appropriate.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

P. E. Conway

of 1649 Teton Rd., Livingston

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Household, livestock, and drinking purposes.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Both wells have had continuous use since between 1925 and 1926.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute). 2.5 well 1, 1.5 inches; 2.5 well 2, 3 inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not used.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. 2 wells, both driven inside of utility house. Pump a force driven pump. 2 wells are in front of residential cabin with diesel pump driven pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Between 1925 and 1926 for both wells.

8. The depth of water table. Summer is about 6 feet below surface in both wells.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 2 wells are 10” steel cased wells 80’ deep. 2 wells are 10” steel cased well 50’ deep.

10. The estimated amount of groundwater withdrawn each year. 2 wells 4,000, 6,000 gal. 53.8 Ngal.

11. The log of formations encountered in the drilling of each well if available. Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Not available.

(Under Chapter 237, Montana Session Laws, 1961)

1. Penney Davis, also known as Clara Smith, of Box 95, Livingston, Montana.
   (Name of Appropriator) (Address) (Town)

County of Park
State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based, household use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been, about 1945, continuous use for household purposes.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 500 Gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing each water from the ground and the location of each well or other means of withdrawal.

   Electric pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   about 1945.

8. The depth of water table.

   Approximately thirty (30) feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

   Six-inch casing, approximately sixty feet deep.

10. The estimated amount of groundwater withdrawn each year.

    200,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available.

    unknown.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. J. L. Lavelle
   (Name of Appropriator)
   of Box 637
   Livingston
   (Address)
   (Town)

   County of Park
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Water for livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Continuous since Sept., 1950

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   5 inches water

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   3 springs

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Sept., 1950 springs developed for stock watering

8. The depth of water table:
   Not applicable

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Three springs developed and water run into troughs for livestock

10. The estimated amount of groundwater withdrawn each year:
    5 inches, continuous, year round

11. The log of formations encountered in the drilling of each well if available:
    Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    Not applicable

Signature of Owner: ____________________________
Date: 1-7-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Walter Anderson, of Livingston, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic and irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: June, 1951 and used continuously since.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 200 gallons per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 2 acres, 1/2 mile of Wet of Section 7, T2S, R1W.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Jan 1, 1951.

8. The depth of water table: 60 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4 inch casing for 60 feet, and rock and gravel for 60 feet.

10. The estimated amount of groundwater withdrawn each year: 75,000.00 gallons.

11. The log of formations encountered in the drilling of each well if available: no log.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:...

Signature of Owner: [Signature]
Date: 12-19-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; Quadruplicate for the Appropiatee.
State of Montana

Administrator of Groundwater Code
Office of State Engineer

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

City County Joint
Owner: Andrew Boyd
Address: Livingston, MT

Driller: Nelson Howwood
Address: Clyde Park, MT

Date of Notice of Appropriation of Groundwater: June 5, 1962
Date completed: July 14, 1962

Type of well: Drilled
Equipment Used: Churn
(dug, driven, bored or drilled)

Water Use: Domestic ☑ Municipal ☐ Stock ☐ Irrigation ☐ Industrial ☐ Drainage ☐ Other ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Size and From To in (Feet) (Feet)

Kind of Water in Hole

Static Water Level for non-flowing Well...

Shut-in Pressure for Flowing Well...

Pumping Water Level...

Discharge in gal. per min. of flowing well...

How Tested...

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom, 9 ft. from top of ground to bottom of hole.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

County Clerk and Recorder.
Fie 2.00 Deputy.
**Notice of Completion of Groundwater Appropriation by Means of Well**

DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

**Owner:** GEORGE MYERS  
**Address:** LIVINGSTON, MONTANA

**Driller:** VAN DYKEN DRILLING CO  
**Address:** ROZETIAN, MONTANA

**Date of Notice of appropriation of groundwater:** None

**Date well started:** 7/6/69  
**Date completed:** 7/11/69

**Type of well:** Drilled  
**Equipment used:** Cable tools

**Water use:** Domestic □ Municipal □ Stock □ Irrigation □  
Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

**Static Water Level for non-flowing well:** 22 feet

**Shut-in Pressure for flowing well:** none

**Pumping Water Level:** 42 feet

**Discharge in gal. per min. of flowing well:** none

**How Tested:** Bailers

**Length of Test:** 2 hrs.

**Remarks:** (Gravel packing, cementing, packers, type of shutoff). Clay settings - shales, outside of casing from 0' to 24'.

**USE:** If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, times copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
