Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1943)

We, Robert M. Eggert and Joyce L. Eggert, of Winsall, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation and watering stock, also for household use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since 1903. Used continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) Approximately 20 miner's inches from the spring shown, and 25 miner's inches from well.

5. If used for irrigation, give the acreage and description of the land (garden and orchard) and how water has been applied to the land. Water from well shown is withdrawn by pump and piped by pipe line to garden and orchard.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water from spring flows to place of use by gravity.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Well drilled about 1903, and used since, continuously.

8. The depth of water table. About 45 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Water is pumped from well, and flows from spring without pumping. Well about 45 feet deep, and flows about.

10. The estimated amount of groundwater withdrawn each year. Total estimated amount. 

11. The log of formations encountered in the drilling of each well if available. None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Owners: Robert M. Eggert and Joyce L. Eggert.
