Statement to be attached to form 8W-4, DECLARATION OF VESTED GROUNDWATER RIGHTS, Sec. 49 T. 9N R. 10E, filed with Park County Clerk and Recorder 12/19/63:

It has come to my attention that an error was made in the legal description of this spring's location. The information on this declaration is correct with this exception, and applies to the only spring development of its type that I owned at this time or any other time.

The incorrect description (SW 1/4 Sec. 18, T. 46N R. 10E.) is a location that is so far from any property of mine (or property in which I had any interest), that it is an obvious error.

The Declaration was intended to appropriate groundwater from the spring located as follows:

SW 1/4 Sec. 24 T. 46N R. 9E.

STATE OF MONTANA
County of: Park

Herschel H. Stein, having first been duly sworn, deposes and says that he is of lawful age and is the appropriator and claimant of the order and water right mentioned in the foregoing declaration of vested groundwater rights and the person whose name is subscribed thereto, as the appropriator and claimant, that he knows the contents of the foregoing statement of error and correction are true.

Subscribed and sworn to before me, this 22 day of May 1969.

Notary Public for the State of Montana
Residing at Livingston, Mont.

My Commission expires 1/7/71.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

We, William F. Markman and Virginia A. Markman, of Wilsall, County of Park, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Secs. 19 and 29, twp. 4 north, range 10 east, M. & M.

2. The beneficial use on which the claim is based: Household use, watering livestock and irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1912, first use; Used continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 160 miner's inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Owners: William F. Markman and Virginia A. Markman. Land on which the springs are used marked by letters and locative slope surfaces indicated by letters and numbers.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water from springs marked "A" and "B" drawn by means of electric pumps into storage tanks; and piped to locations where used. Water in two springs marked "C" and "D" irrigated from springs marked "E" and "F".

The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Water first used in 1912.

8. The depth of water table. Water comes to surface by gravity or underwater pressure, and is pumped from cement tanks. Tanks are 30" x 30" or larger.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Water of springs marked "A" and "B" used to supply water for domestic purposes, watering stock, and to irrigate approximately 70 acres of meadow in SW1/4 and SW1/4 NE1/4, of section 19, twp. 4 north, range 10 east, M. & M., Park County, Montana.

10. The estimated amount of groundwater withdrawn each year in excess of 250,000 gallons.

11. The log of formations encountered in the drilling of each well if available. Not applicable. Springs used only.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

No record.
