STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Interstate Holding Corporation of Livingston, Montana (Town)
County of Park State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Interstate Holding Corporation

2. The beneficial use on which the claim is based: pasture irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: January 1, 1920 continuous

4. The amount of groundwater claimed (in minor inches or gallons per minute): 50 minor inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: natural springs

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: natural springs

8. The depth of water table: unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: unknown—natural springs

10. The estimated amount of groundwater withdrawn each year: 50 minor inches

11. The log of formations encountered in the drilling of each well if available: natural springs

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 20

Interstate Holding Corporation

Signature
Date: 1-30-63

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

Stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. These springs have been used continuously since 1873.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Five Miners Inches each

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. No artificial devices are used to bring the water to the surface however minor excavation has been made at the place each spring arises. The above is dammed into a stock tank.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Not applicable

8. The depth of water table. Not applicable

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Not applicable

10. The estimated amount of groundwater withdrawn each year. Not applicable

11. The log of formations encountered in the drilling of each well if available. Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Not applicable

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1916
James A. Pinkerton  
Owner: Address: Willsall, Montana

Contractor (if any) None

Address of Contractor

Date Started: 1916 Date Completed: 1916

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Free flowing spring piped
about 75 yards into metal trough for stock
watering.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use

Amount unknown, but sufficient to water
100 head of cattle. Used all year.

Indicate point of appropriation and place of use, if possible.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I, (Name of Appropriator), of (Address) in (Town), County of (Name of County) State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: ____________________________

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: ____________________________

4. The amount of groundwater claimed (in miner's inches or gallons per minute): ____________________________

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: ____________________________

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: ____________________________

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: ____________________________

8. The depth of water table: ____________________________

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: ____________________________

10. The estimated amount of groundwater withdrawn each year: ____________________________

11. The log of formations encountered in the drilling of each well if available: ____________________________

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: ____________________________

Signature of Owner: ____________________________

Date: ____________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Henry F. Wilson of Wilsall
   (Name of Appropriator) (Address) (Town)
   County of Park State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

   2. The beneficial use on which the claim is based
      Stock water and sub irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been. This spring has been used continuously since 1875

   4. The amount of groundwater claimed (in miner's inches or gallons per minute). Five Miner's Inches

   5. If used for irrigation, give the service and description of the lands to which water has been applied and name of the owner thereof. It sub irrigates approximately Thirty acres, and immediate area of the spring which land is owned by appropriator.

   6. The modes of withdrawing such water from the ground and the location of each well or other means of withdrawal. The water rises to the surface without any artificial device and is then piped into a cement well from there into a trough.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Not applicable

   8. The depth of water table. Not applicable

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Not applicable

   10. The estimated amount of groundwater withdrawn each year. Not applicable

   11. The log of formations encountered in the drilling of each well if available. Not applicable

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Not applicable

2. The beneficial use on which the claim is based

   - _Stock watering_

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. **Well (x) was drilled and finished in September 1962, Springs (o) used since at least 1898.**

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

   - Unknown, but at least sufficient for 100 head of cattle. **Well pumps about 15 gal. per minute.**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing each water from the ground and the location of each well or other means of withdrawal.

   - **Drilled well with artesian flow.**
   - **Free flowing springs.**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. **Commenced in September of 1962.**

8. The depth of water table.

   - 6 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

   - **6 inch casing 100 feet deep.** Cemented in.

10. The estimated amount of groundwater withdrawn each year. **Unknown - see #4.**

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. **None.**

**Signature of Owner:**

**Date:** December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

fec. 2, 1963
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODES
OFFICE OF THE STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Roger and Nora A. Bohlein of Wilsall, Montana
   (Name of Appropriator) (Address) (Town)

   County of Park, State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   NE NE 1/4 NW Sec. 10, T. 4N R. 9E

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   2. The beneficial use on which the claim is based:
      household use
      garden well
      stockwater & irrigation
      spring

   3. Date or approximate date of earliest beneficial use: 1940

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):
      1 - 30 gallons per minute
      2 - 5 miners inches

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
      2 - 6 acres, located in SE 1/4 NE 1/4 NW, Sec. 10, T. 4N R. 9E

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      1 - Electric submersible pump
      2 - Gravity flow spring

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      1 - 1900
      2 - Surface well

   8. The depth of water table:
      1 - 30 ft
      2 - Surface water

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      1 - 30 ft deep well, electric pump, and piping into house
      2 - Bored in spring and piped outlet

   10. The estimated amount of groundwater withdrawn each year:
       1 - 50,000 gallons
       2 - 10 miners
       In, Annual average flow, Not available

   11. The log of formations encountered in the drilling of each well if available:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: Nora A. Bohlein
   Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Donnell Jones, of Wilsall, Montana
County of Park, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: through f stock water, g domestic use and irrigation of garden.

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: a through f 1886 continuously, g continuously since June, 1942.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): a through f five miner's inches each, g 500 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: The well shown in g is used to irrigate the garden area immediately adjacent to the well which comprises approximately one acre and is owned by appropriator.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: a This spring rises to the surface without any artificial device and is then piped into a trough, b thru f no artificial devices except minor excavation at source.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: The well shown in g was commenced and completed in June of 1942.

8. The depth of water table: Twenty-six feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: The well is 30 foot deep and has an eight-inch casing.

10. The estimated amount of groundwater withdrawn each year: 200,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: I do not know if any log of formations are available; however, the well was drilled by Frannie Hooper, who is now deceased.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not applicable.
