Declaration of Vested Groundwater Rights ENGINEER

(Under Chapter 237, Montana Session Laws, 1961)

1. William G. Edwards of Conrad,
(Name of Appropriator) (Address) (Town)

County of Pondera State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 1 T. 28 R. 5W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based 1915 early homestead use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1915 and continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Mainly domestic use, small amount irrigation at buildings.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric pump, 1 1/2 inch pipe, jet pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Drilled wells, 1915 early homestead days; re-worked in later years.

8. The depth of water table 40 to 50 feet from surface.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Drilled well. Cased with steel - 6 inch

10. The estimated amount of groundwater withdrawn each year 1,750,000 gallons

11. The log of formations encountered in the drilling of each well if available No logs available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner William G. Edwards

Date Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

School District No. 31

1. Known as Bronnell School, of Conrad
(Name of Appropriator) (Address) (Town)

County of Pondera State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.....
Domestic use for the school
3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....
December 1953 - used continuously.
4. The amount of groundwater claimed (in miner's inches or gallons per minute).....
5 gallons per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....
Mainly domestic use, small amount irrigation at buildings.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
Electrical submersible pump

NE 1/4 NW 1/4 Sec. 25, T. 28 N. R. 5

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....
December 1953 - completed January 1954.
8. The depth of water table.....
50 Ft.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....
Depth 185 Ft. Drilled 5 in. casing.
10. The estimated amount of groundwater withdrawn each year.....
250,000 gals.
11. The log of formations encountered in the drilling of each well if available.....
No log
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....
Well located on land owned by Henry Meyers and permission was given by him to drill and use well for as long as the school was held in existence.

STATE ENGINEER

I, Henry Meyer, of Conrad,
(Name of Appropriator) (Address) (Town)
County of Pondera State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 27 T. 28N R. 500W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based. Domestic, watering livestock and irrigating lawns
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Approximately July 1st, 1910
4. The amount of groundwater claimed (in miner's inches or gallons per minute). 66 gal. per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Irrigating lawn and shrubbery adjoining dwelling site on SE 1/4 Sec. 27 Twp. 28N. Range 500E
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. 1 HP elec. motor attached to jet pump with 1 1/2" pipe for down pressure, and 1 1/2" pipe that brings the water up. Well located as shown on chart herein.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Started approximately July 1st, 1910 and completed about July 31st, 1910
8. The depth of water table. 100 ft.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well covered herein is 165 ft. deep, enclosed with a 6 inch casing.
10. The estimated amount of groundwater withdrawn each year. 365,000 gallons annually
11. The log of formations encountered in the drilling of each well if available. not available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. no record

(Under Chapter 237, Montana Session Laws, 1961)

1. Macleon Ranch, a partnership
Mary I. Maclean, Margaret J. Maclean of CONRAD
(Name of Appropriator) (Address) (Town)
County of Pondera State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 NE 1/4 Sec. 1, T. 28 N. R. 4 W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based _____
Watering Stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been _____
AUGUST 1924

4. The amount of groundwater claimed (in miner's inches or gallons per minute) _____
6 Gals. per m. by pump
(25 G.P.M. Baling rate)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof _____
No

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal _____
Hand pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater _____
August 1924

8. The depth of water table _____
15'-25' depending upon general moisture conditions.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater _____
1 well to 25'

10. The estimated amount of groundwater withdrawn each year _____
Meas. use in 5 a. not kept. amt. varies with surface water available.

11. The log of formations encountered in the drilling of each well if available _____
Not available

Notations were not made at the time.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record _____

Signature of Owner _____

Date 1/3/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

RECEIVED
JAN 3 1963

Notice of Appropriation of Groundwater

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

- I, Alistair D. Graham, of Box 156 Conrad
(Name of Appropriator) (Address) (Town)
County of Pondera, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.
- The beneficial use to which water is to be applied is domestic and stock water supply
(describe lands to be benefited, if for irrigation)
- The rate of use in gallons per minute or miner's inches of groundwater claimed 4 (four)
gallons per minute
- The annual period (inclusive dates) of intended use continuous
- The probable or intended date of first beneficial use August 20, 1948
- The probable or intended date of commencement and completion of the well* or wells* completed August 20, 1948
- The location, type, size and depth of well or wells contemplated Location of flowing spring shown on plat
- The probable or estimated depth of the water table or artesian aquifer flowing spring
- Name, address and license number of the driller engaged Ray Robinson (deceased)
Great Falls, Montana

- Give such other similar information as may be useful in carrying out the policy of this act. The spring was developed by placing concrete pipe, 4 ft. in diameter and 10 ft. in length, in an excavation at the spring site. Excess water overflows at the site.

SE 1/4 Sec. 4 T28N R 4 W

Locate well or other means of development as accurately as possible on the plat.

Signature of Appropriator Alistair D. Graham

Date Dec. 31, 1963

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn."

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater August 20, 1948

Owner Alistair D. Graham Address Box 156, Conrad, Mont.

Contractor (if any) Ray Robinson (deceased)

Address of Contractor Great Falls, Mont.

Date Started 8/10/48 Date Completed 8/20/48

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. The spring was developed by

placing concrete pipe--4 ft. in diameter and 10 ft.

in length-- in an excavation at the spring site.

Excess water overflows at the site.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use. The spring

flows 4 gallons a minute. Use is continuous.

N.W. 1/4 Sec. 4 T.28N R. 4W

Indicate point of appropriation and place of use, if possible.

Signature of Owner Alistair D. Graham

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Henry Broeder, Victoria Broeder of Rt. 3 Conrad
 (Name of Appropriator) (Address) (Town)
 County of Pondera State of Montana
 have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 of NW 1/4 of Sec. 7, T. 28 N. R. 4

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based. Stock and home use
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Before my time. Has been used at least 45 years
4. The amount of groundwater claimed (in miner's inches or gallons per minute). 1.0 gal per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. There has been no such for irrigation
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. deep well pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. I don't know as well was drilled about 1912

8. The depth of water table. 80 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Depth of well 22.9 ft with 6 inch casing part way down a neat sand stone

10. The estimated amount of groundwater withdrawn each year. 260,000 gal.

11. The log of formations encountered in the drilling of each well if available. Have no idea who drilled this well. It is a drilled well.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. none to my knowledge

Signature of Owner Henry Broeder
Victoria Broeder
 Date Nov 27, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
