ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Early homestead days - 1912
Owner: William G. Edwards
Address: Lima, Montana
Contractor (if any): None
Address of Contractor:
Date Started: Springs des - Date Completed: Worked as needed.

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes. Include depth to water when applicable. Sub-irrigation and other natural processes. Developed springs with natural points, gravity feed. Percolating water to surface through shale - 25 ft.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Flow difficult to estimate - intermittent - Probably 15 gals. per minute.

Signature of Owner: William G. Edwards
Date: December 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

1. William G. Edwards
   (Name of Appropriator)
   of Conrad
   (Address)
   (Town)

County of Fergus

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. 1915 early homestead use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1915 and continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Mainly domestic use, small amount irrigation at buildings.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pump, 1 inch pipe, jet pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Drilled wells, 1915 early homestead days re-worked in later years.

8. The depth of water table. 40 to 50 feet from surface.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled well, Cased with steel = 6 inch

10. The estimated amount of groundwater withdrawn each year. 1,750,000 gallons

11. The log of formations encountered in the drilling of each well if available. No logs available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

RECEIVED

STATE ENGINEER
Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1982 Homestead Days
Owner: John E. Allen
Address: Valley, Montana
Contractor (if any): 
Address of Contractor: 
Date Started: 1982
Date Completed: 1982
Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring surfacing and catch basin and piped to tank.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Constant use — unable to estimate quantity — use all that surfaces.

Signature of Owner: John E. Allen
Date: December 27, 1983

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1974
Owner: Philip Broesder Address: Conrad, Montana
Contractor (if any): None
Address of Contractor:
Date Started: Early homestead days
Date Completed: Work done as needed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. **Water percolates naturally through sandstone to surface, collected at surface in artificial collection point.**

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. **Approximately 1,900 gallons per day. Flow varies — more in spring of year used continuously during the year.**

Signature of Owner: Philip Broesder
Date: December 31, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1964
Owner: Henry Broader  Address: Conrad, Montana
Contractor (if any): None
Address of Contractor:

Date Started: 1964  Date Completed: Work done as needed.

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes": Include depth to water when applicable. Water percolates naturally through ground, collected in artificial collection point.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: 8,000 gallons per day - used continuously during year.

Signature of Owner:
Date: December 31, 1964

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Carl Fisher & Sons, a Partnership, of Conrad

(Name of Appropriator) (Address) (Town)

County of Baker State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: springs, wells, and natural flow used for stock watering and irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Earliest well drilled in 1911. Springs and natural flow used prior and continuously for stock and irrigation.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 700 gals. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. 200 acres - 1/4 of Sec. 23, 1/4 of Sec. 13, all in Township 28 North, Range 5 West.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: centrifugal pumps placed in reservoirs, at wells and springs.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Irrigation ditches, dams and wells as early as 1911 to homestead days, also used in other dry seasons in later years.

8. The depth of water table: Varies in limestone strata produced from springs and underground flows, wells varied from 5 feet, well depth may be as much as 11 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 3 wells all drilled, no casing necessary. Sandstone formations: depths to 45 ft. to 45 ft. reservoirs and holding tanks with irrigation ditches.

10. The estimated amount of groundwater withdrawn each year: 40,000,000 gals.

11. The log of formations encountered in the drilling of each well: if available: sandstone formations.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Date: 11-19-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

**Owner:** Carl Fisher & Sons, a Partnership
**Address:** Conrad, Montana

**Driller:** Robert Anderson
**Address:** Cut Bank, Montana

**Date of Notice of Appropriation of Groundwater:**
**Date Well Started:** Aug. 12, 1962
**Date Completed:** Aug. 15, 1962

**Type of Well:** Rotary (dug, driven, bored or drilled)

**Water Use:**
- Domestic
- Municipal
- Stock
- Irrigation
- Industrial
- Drainage
- Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock, or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata, and height to which the water rises in the well.

<table>

<td>surface</td>
<td>42 ft.</td>
<td></td>
</tr>
</tbody>
</table>

**Static Water Level for non-flowing Well:** 25 feet

**Shut-in Pressure for Flowing Well:**

**Pumping Water Level:** 30 feet at 8 gal. per minute.

**Discharge in gal, per min., of flowing well:**

**How Tested:** rotary

**Length of Test:** approx. 1 hour

**Remarks:**
- Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation. Used by jet pump, complete reservoir, watering tanks, and irrigation use.

**Indicate location of well and place of use, if possible. Each small square represents 10 acres.**

**Show exact depth of bottom.**

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater... Oct. 1st, 1959

Owner... Henry Meyer... Address... Conrad, Mont.

Contractor (If any)... Self... Address of Contractor... Conrad, Mont.

Date Started... Oct. 1st, 1959... Date Completed... Oct. 10th, 1959

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. "Gravity flow from spring, 6 ft. depth"

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use... "Used all year around. Well Spring flows 400 gal. tank full in 30 min."

Signature of Owner... Henry Meyer... Date... Dec. 30th, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Henry Meyer
   (Name of Appropriator)
   of
   (Address)
   (Town)

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   Domestic, watering livestock and irrigating lawns

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Approximately July 1st, 1910

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 46 gal. per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof. Irrigating lawn and shrubbery adjoining dwelling site on SE1/2 Sec. 37, T12N, R26W, Range 36E.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. 1. 6-in. cased well attached to 6-in. pipe for deep pressure, and 1-in. pipe that brings the water up. Well located as shown on map hereto.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Started approximately July 1st, 1910 and completed about July 31st, 1910.

8. The depth of water table. 100 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well covered herein is 150 ft. deep, enclosed with a 6-inch casing.

10. The estimated amount of groundwater withdrawn each year. 365,000 gallons annually

11. The log of formations encountered in the drilling of each well if available. Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No record

Signature of Owner: Henry Meyer

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

Maclean Ranch & Irrigation Co.,

file No. 393

Date of Notice of Appropriation of Groundwater: March 6, 1963
Date well started: Feb. 8, 1965
Date Completed: Feb. 18, 1965

Owner: Margaret Maclean
Address: Conrad, Montana

Driller: Akins Drilling Company, Address: Shelby, Montana

Type of well: Drilled

Equipment Used: Model B Spudder (Churn, drill, rotary or other)

Water Use: Domestic □ Municipal □ Other □ Irrigation □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 25 feet from surface

Shut-in Pressure for Flowing Well

Pumping Water Level: 64 feet at 12 gal. per minute.

Discharge in gal. per min. of flowing well

How Tested: Bailed and Pumped

Length of Test: 52

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Driller's License Number: 99

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

Notice of Appropriation of Groundwater

1. My name is Alistair D. Graham, of Box 156 Conrad,
   County of Pondera, State of Montana, intend to appropriate groundwater in accordance
   with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is domestic and stock water supply.

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is 4 (four).

4. The annual period (inclusive dates) of intended use is continuous.

5. The probable or intended date of first beneficial use is August 20, 1962.

6. The probable or intended date of commencement and completion of the well or wells is completed August 20, 1962.

7. The location, type, size and depth of well or wells contemplated is Location of flowing spring shown on plat.

8. The probable or estimated depth of the water table or artesian aquifer is flowing spring.

9. Name, address and license number of the driller engaged is Ray Robinson (deceased), Great Falls, Montana.

10. Give such other similar information as may be useful in carrying out the policy of this act. The spring was developed by placing concrete pipe 4 ft. in diameter and 10 ft. in length, in an excavation at the spring site. Excess water overflows at the site.

Signature of Appropriator: Alistair D. Graham
Date: Dec. 31, 1962

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater. August 20, 1966

Owner. Alistair D. Graham Address. Box 186, Conrad, Mont

Contractor (if any). Ray Robinson (deceased)

Address of Contractor. Great Falls, Mont.

Date Started. 8/10/66 Date Completed. 8/20/66

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes." Include depth to water when applicable. The spring was developed by placing concrete pipe - 4 ft. in diameter and 10 ft. in length - in an excavation at the spring site.

Excess water overflows at the site.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. The spring flows 4 gallons a minute. Use is continuous.

Indicate point of appropriation and place of use, if possible.

Signature of Owner. Alistair D. Graham

Date. Dec. 31, 1966

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
OFFICE OF

COUNTY CLERK AND RECORDER

I hereby certify that the within instrument was filed for record in this office on the 31 day of Dec. A.D. 1963 at 3:05 P.M.

Laurie Rasmussen
County Clerk and Recorder

Deputy

Feb 8, 200
Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater...Early homestead days-1912
Owner...William O. Edwards Address...Conrad, Montana
Contractor (if any)...None
Address of Contractor...
Date Started...Springs developed early homestead days-worked
Date Completed...as needed.

Describe means of obtaining groundwater without a well “as by
sub-irrigation and other natural processes”, include depth to
water when applicable. Sub-irrigation and other natural
processes. Developed springs with natural points,
gravity fed. Percolating water to surface through
shale - 25 ft.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use. Flow difficult to estimate - intermittent -
Probably 5 gals. per minute.

Signature of Owner...William O. Edwards
Date...December 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.

COUNTY CLERK AND RECORDER
COUNTY OF PONDERA, MONTANA

I hereby certify that the within instrument was filed for record in this office, on the 31st day of Dec.
A.D. 1966 at 2:15 P.M.

County Clerk and Recorder

Deputy

Jan. 2, 66
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Henry Broeder
Box 3, Conrad
County of Powell
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Stock and home use

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Henry Broeder
Date: 12 Jul 27, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1925
and V. Jeanpole, as joint tenants
Owner: Cecil W. Galleon
Address: Conrad, Montana

Contractor (if any): none
Address of Contractor:

Date Started: 1925
Date Completed: 1925

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use

250 gallons per day, measured by reference to
rate of filling 250-gallon stock watering tank. Used
the year around.

Indicate point of appropriation
and place of use, if possible.

Signature of Owner: Cecil W. Galleon
Date: March 12, 1963
