STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

JOSEPH W. DWINISKI and TOYLLA DWINISKI of 619 1st Ave., S.W., Great Falls, State of Montana
(Name of Appropriator) (Address) (Town)

County of Pondera

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1910; used continuously to 1960 and intermittently thereafter

4. The amount of groundwater claimed (in miner's inches or gallons per minute) one-half gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. By well, located upon Lot 4, Sec. 19, T28N, R3W West

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Construction of said well was commenced and completed in 1910

8. The depth of water table 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. One rock lined well, three and one-half (3½) feet in diameter and 25 feet deep

10. The estimated amount of groundwater withdrawn each year 180,000 gallons

11. The log of formations encountered in the drilling of each well if available None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date October 19, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
I hereby certify that the within instrument was filed for record in this office on the 19th day of October, A.D. 1902.

Jas. Tingey
County Clerk and Recorder

Deputy
Notice of Completion of Groundwater Appropria on Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 8, 1965
Owner: Ray DeBruynke
Address: Dupuyer, Montana
Contractor (if any)
Address of Contractor

Date Started: July 8, 1965
Date Completed: July 8, 1965
Continuous development

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable. Spring - dug out and piped to tank.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Use all year for stock water and sub-irrigation
Close two inch pipe.

Signature of Owner: Ray DeBruynke
Date: July 13, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

3^293
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 8, 1965

Owner: Ray Dalrymple
Address: Dupuyer, Montana

Contractor (if any): Jim Mendenhall
Address of Contractor: Shelby, Montana

Date Started: July 1, 1965  Date Completed: July 14, 1965

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable.

Developed, piped to tank and also a separate 12 foot spring on the unnamed coulee to hold and catch runoff from snow melt.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use to be used.

Entire year for stock water and for sub-irrigation.

Spring flows a full two inch pipe and the dam should hold 4500 cubic feet of water.

Signature of Owner: Ray Dalrymple
Date: July 15, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Office of the County Clerk and Recorder
County of Pondera, Montana

I hereby certify that the within instrument
was filed for record in this office, on the
13th day of July, 19

Jr. A. McAndrew
Deputy

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

JACK HAYNE
of
DUPUYER
County of PONDERA
State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based is

IRRIGATION

3. Date or approximate date of earliest beneficial use and how continuously the use has been used since then.

YEAR 1913, USED CONTINUOUSLY SINCE

4. The amount of groundwater claimed (in miner's dashes or gallons per minute).

20 GALS. PER MINUTE

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

10 ACRES - IN NW 1/4 SEC 9 TWP 21 N RANGE 7 W

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

PUMP

7. The date of commencement and completion of the construction of the wells, or other works, by withdrawal of groundwater.

1905

8. The depth of water table.

14 FEET

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

DUGWELL 4 FEET IN DIAMETER

10. The estimated amount of groundwater withdrawn each year.

500,000 GALS. ANNUALLY

11. The log of formations encountered in the drilling of each well if available.

NONE AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

NONE

Signature of Owner

Date 31 Dec 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriaator.

Albert P. Trafelet, Sr., and Zella Trafelet, of Dunyer,

County of Fonda, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>N</th>
<th>W</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

2. The beneficial use on which the claim is based: Domestic use and garden and lawn irrigation.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1898 year of earliest beneficial use; use has been continuous since 1898.

4. The amount of groundwater claimed (in miner's inches or gallons per minute while being used): 100 gallons per minute while being used.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: [description of lands and owner's name].

NWSW Sec. 10 T. 28N. R. 7W., P.L., being the east half of that certain tract in the NW 1/4 of Sec. 10, T. 28 N., R. 7 W., M. & M., beginning at a point on said the south line of said NW 1/4, thence west 100', thence south 268', thence east 100', thence north 268' to the point of beginning; owned by Albert P. Trafelet and Zella Trafelet.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1898, date of commencement and completion of well.

7. The depth of water table: 11 feet.

8. The depth of water table: 11 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well is twelve feet deep. Well is four feet in diameter and is rock lined for top ten feet of depth. Bottom two feet of well is two feet in diameter.

10. The estimated amount of groundwater withdrawn each year: one-half acre-foot.

11. The log of formations encountered in the drilling of each well if available: not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: The location of the house and land where the well is located is the same as the above-described land, and the said land is described in the deeds located in Book 15 of Deeds at Page 295 in the Office of the County Clerk and Recorder of Fonda County, and in subsequent deeds.

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. John A. Matchett, of
   (Name of Appropriator) (Address) (Town)
   County of Montana, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is livestock.
   (describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner's inches of groundwater claimed 30 gallons per minute.

4. The annual period (inclusive dates) of intended use year round use.

5. The probable or intended date of first beneficial use 1961.

6. The probable or intended date of commencement and completion of the well* or wells* 1961.

7. The location, type, size and depth of well or wells contemplated.

8. The probable or estimated depth of the water table or artesian aquifer 7 feet.

9. Name, address and license number of the driller engaged.
   None.

10. Give such other similar information as may be useful in carrying out the policy of this act. This is a spring which I improved in 1961 in cooperation with the SCS by excavating to a depth of 7 feet, lining the excavation with rock and 36 inch culvert. In addition I placed a 4½ inch pipe in the excavation and ran said pipe about 200 feet to a storage tank. "As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn."

   Locate well or other means of development as accurately as possible on the plat.

   Signature of Appropriator: John A. Matchett
   Date: December 26, 1961.

   Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

   Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Date: Oct. 11, 1972
Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. I, Alex Graham, of Valier, County of Pondera, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is supply water to cattle.

3. The rate of use in gallons per minute is one gallon per minute.

4. The annual period (inclusive dates) of intended use is year around use.

5. The probable or intended date of first beneficial use is Jan. 31, 1963.

6. The probable or intended date of commencement and completion of the well* or wells* is January 2, 1963.

7. The location, type, size and depth of well o. wells contemplated is:

8. The probable or estimated depth of the water table or artesian aquifer is no indication of depth of formation from whence water comes.

9. Name, address and license number of the driller engaged is:

10. Give such other similar information as may be useful in carrying out the policy of this act.

Four small springs are involved in this application—two in SE1/4 of section 3 and two in SW1/4 of section 2, in Twp. 28N., R. 6W., M.P.K., as shown.

Locate well or other means of development as accurately as possible on the plat.

Signature of Appropriate: Alex Graham

Date: Jan. 2, 1963

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Type of Well: Drilled Equipment Used: Drilled
(dug, driven, bored or drilled)

Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, silt, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA
County of Pondera

Fred Bills having first been duly sworn, deposes and says that he of lawful age and is the appropriator and claimant of the order and water right mentioned in the foregoing notice of completion of groundwater appropriation by means of well and the person whose name subscribed thereto, as the appropriator and claimant that he know the contents of said foregoing notice and that the matters and things therein stated are true.

[Signature]

Subscribed and sworn to before me, this 10th day of November, 1971.

Sarah M. Rowe
Notary Public for the State of Montana.
Residing at Chico, Montana

My Commission expires October 2, 1974.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Fred Bills  Address: Dupuyer
Driller: Ray Anderson  Address: Choteau

Date of Notice of Appropriation of Groundwater: 10/27/71
Date Well Started: 10/27/71  Date Completed: 10/27/71

Type of well: Drilled  Equipment Used: Drill
(dig, driven, bored or other)

Water Use: Domestic  Municipal  Other  Irrigation
Industrial  Drainage  Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 10 feet
Shut-in Pressure for Flowing Well: N.A.
Pumping Water Level: 15 feet at 10 gal. per minute.
Discharge in gal. per min. of flowing well: N.A.
How Tested: Air  Length of Test: 1 hour
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation.)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
