 81-86 Sand - seepage
 86-100 Coal
 100-110 Sand - seepage
 110-114 Coal & Blk. Shale
 114-134 Shale
 134-138 Coal
 138-162 Shale
 162-163 1/2 Rock
 163 1/2 - 200 Shale
 200-210 Gray Sandstone
 210-218 Blu Shale

Owner: Paul Evertz Address: Mildred, Mont.

Driller: Joe Johnson Address: Terry, Mont

Date of Notice of Appropriation of Groundwater: _____

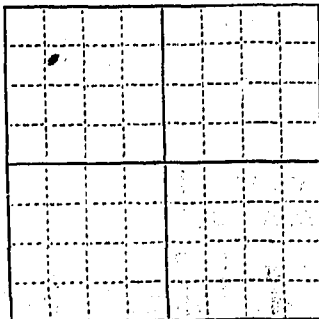

Date well started: 10/23/66 Date Completed: 10/12/66

Type of well: Drilled Equipment Used: Spudler
 (dug, driven, bored or drilled) (Churn, drill, rotary or other)

Water Use: Domestic Municipal Other Irrigation
 Industrial Drainage Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

| Size of Drilled Hole | Size and Weight of Casing | From (Feet) | To (Feet) | PERFORATIONS | | |
|----------------------|---------------------------|-------------|-----------|---------------|-------------|-----------|
| | | | | Kind Size | From (Feet) | To (Feet) |
| 8" | 4" ID 10 #1/8 | 12' | 216' | slots 1/4" | 196' | 216' |

N 1/4 Sec. 4, T. 10 R. 53
 Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

218'

Static Water Level for non-flowing Well: 54 feet.

Shut-in Pressure for Flowing Well: _____

Pumping Water Level: 200 feet at 10 gal. per minute.

Discharge in gal. per min. of flowing well: _____

How Tested: Bailer Length of Test: 2 hrs.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Gravel Packed Top to bottom.
Replaces old well.

1. Arthur Like (Name of Appropriator) Terry (Town)
County of Prairie State of Montana (Address)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 6 T10 R53E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based. Stock watering
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been. May 20 - 1946 - Continuous
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 3 1/2 gallons minute
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. None
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Commenced May 1 - 1946 - completed May 20 - 1946.

8. The depth of water table. 215 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled - 6 inch casing - 215 ft deep

10. The estimated amount of groundwater withdrawn each year. 144,000 gallons

11. The log of formations encountered in the drilling of each well if available. Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None

Signature of Owner Arthur Like
Date Dec. 26 - 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

I, Fred A. Like, of Texas,
(Name of Appropriator) (Address) (Town)
County of Pine State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 17 T. 10 R. 53

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based.

Stock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

1931 - Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

2 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

Art flowing spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

no construction except dynamite & cleaning over period of years

8. The depth of water table.

not known - spring

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

not known - spring

10. The estimated amount of groundwater withdrawn each year.

1,051,200 gallons

11. The log of formations encountered in the drilling of each well if available.

not known

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

none
